 **BOTTLE CRUSHERS**

**Our patented range of Glass Bottle Crushers reduce glass volume to a cullet, saving space and streamlining the recycling process.**

Glass is infinitely recyclable. The pieces of glass produced in our jaws machines can be recycled back into bottles again and again.

## **Baby Jaws BB01**

Dimensions: H:830mm x W:560mm x D:569mm  
Power: single phase.

- Compact in Size
- Holds up to 90 Bottles per tote box
- Bin Full indicator
- No more moving and sorting large bins of glass
- Under Bar counter
- Low Noise

## Mega Jaws BB04 & BB06

### Volume Fed

Dimensions:

BB04: H:1914 x W:867 x D:1074mm

BB06: H:1914 x W:1074 x D:1066mm

Power: single phase, 3 phase optional

- Holds up to 680 Bottles per 140ltr Wheelie Bin
- BB06 features Dust Extractor
- Continuous feed

## Mighty Jaws BB09

Dimensions: H:1700mm x W:600mm x D:600mm

Power: single phase.

- 600 Bottles per 120 ltr Wheelie Bin
- Compatible with standard Wheelie Bin
- In-Bar location ideal for busy floor staff
- Low Noise

# Daddy Jaws BB22

## High Capacity Crusher

Dimensions: H:1874mm x W:1150mm x D:1300mm

Power: 3 phase.

- 4000 Bottles Per Hour •Crushes Waste into a concealed Pallet Box
- Ideal for Breweries and Industry Waste
- Customisation available

"The PEL bottle crusher has reduced the frequency of glass waste removal which has reduced our overall costs.

It is extremely easy to use and ensures staff safety at all times. We were previously using glass bins which would often result in waste being stored in an inefficient manner. The PEL service was prompt and delivery of our crusher was efficient. I would recommend it to any industry that has bottle waste as the space saving and speed at which the waste can be handled, frees time and space."

*Damien Kenrick - Rye River Brewing*

## PARTNERING WITH CLIENTS FOR SMARTER WASTE SOLUTIONS

PEL products manufactured to  
ISO 9001 standards  
and ISO14001  
environmental standards.
