SMARTER WASTE SOLUTIONS

▶ Balers ▶ Bin Compactors ▶ Bottle Crushers ▶ BriteBin™

“PARTNERING WITH CLIENTS FOR SMARTER WASTE SOLUTIONS”

PEL is the leading manufacturer of innovative waste solutions. Elevate your waste management with PEL’s sustainable options.

PEL’s mission is to deliver exceptional waste handling solutions to clients, surpassing expectations in quality, cost, and delivery.

This commitment is achieved through ongoing research, development and dedication to excellence.

Smart Bins

The award winning BriteBin™ is a street waste solution, with integrated technology, working from cloud-based software, to provide solutions to environmental issues.

BriteBin™ solar compacting and non-compacting smart litter bins empower Councils, Local Authorities and private customers to not only effectively reduce their costs on waste collection services, but also to enhance their environment and improve the well-being of people living in their local communities.

The PEL BriteBin™ software data management platform, allows the client to monitor fill

levels and data on their fleet of bins – saving on time and costs, while also reducing carbon emissions.

**“Stay
Connected”**

Baler Range

PEL range of plastic and cardboard balers minimise waste and eliminate the need for waste bins or skips, reducing disposal costs and creating space.

Bin Compactors

PEL Bin Compactors provide the ideal solution for clients that want to save space and manage their waste. By compressing your wheelie bin waste you will reduce waste volume and costs by up to 66%.

Saving you time,
space and money.

Bottle Crushers

Our patented range of glass bottle crushers reduce glass volume to a recyclable size cullet, saving space and streamlining the recycling process.

At PEL, we prioritise environmental consciousness, offering innovative technologies that not only enhance efficiency, but also contribute to a greener future. With our commitment to sustainability, you can trust that every investment you make aligns with eco-friendly practices, paving the way for a cleaner and healthier planet for generations to come.
