## Offering precision quality and cost effective road freight services between the UK and Europe

**Brunei European supplies road freight to and from the continent. Utilising a combined wealth of over 40 years' experience in the European market.**

We provide a door to door service to all major destinations (inclusive of customs clearance) via a carefully chosen network of independent approved suppliers and overseas partners.

We pride ourselves on our approach to our customers which, combined with our commitment to client satisfaction, allows us to deal with all sorts of people from the smallest of independent companies with overseas trade to major blue chip companies with the same personal touch.

### Express Trailer Shipments

With a large database of reliable haulage contractors, Brunei European has the flexibility to respond to requirements for express trailer shipments to and from Europe with many trucks equipped with two driver operation to get critical shipments delivered fast.

Brunei specialises in the automotive and chemical industries and other freight that requires to be delivered on a "just in time" basis. We provide a fast service to and from any point in Europe and can collect anywhere in Europe and deliver back to the UK.

### Our Road Freight Solutions

- Door to Door Transportation Services throughout the EU
- Same day UK distribution
- Express / Dedicated UK and European vehicles
- Import & Export Customs Clearance at origin and destination - Full Declarations made
- Full load trailers
- Groupage services East/West Europe/ Scandinavia
- Reliable "just-in-time" service
- 24 and 48 hour guaranteed road freight delivery
- Real-time communications & satellite

## Express Delivery Service

## European Temperature Controlled Transport

### Providing a wide range of express delivery services by road freight and rail freight modes of transport.

**When time is critical we understand the importance of being able to tap into an express European transport delivery service and network, which is why we offer a dedicated express service.**

If you need an extra urgent delivery within country or from a European destination back to the UK then we can organise transport to be placed at any European pick up point within 2 hours of calling. We can also offer a timed delivery service and express services between 24-48 hours across mainland Europe.

#### The advantages of express delivery

- Time definite express delivery services
- Bespoke on demand collections
- Full in house tracking and tracing of consignments
- Fast dispatch of freight, parcels and documents worldwide
- On demand collections
- Flexible payment solutions with thirty (30) days credit

#### Additional services

- Completion of all customs formalities and documentation
- Scheduled collection times for daily, weekly and monthly shipments
- Provision of groupage for cost-effective delivery and shipment
- Daily express delivery services throughout Europe
- No restrictions on load type or size, including dangerous goodstracking

#### Wide range of transport options

We have a wide range of transport options from small sprinter vans to 40ft trailers. We use these to provide a door to door service utilising both road and rail. On any of our delivery routes we provide you with the capability to track and trace your shipment at any point.

### Your Trusted Partner for Temperature Controlled Road Transport Across Europe

**Do you require trusted and efficient temperature controlled transport solutions for your goods across Europe?**

With years of industry expertise and an award winning reputation, Brunel European provide a range of dedicated temperature controlled road freight services, all inclusive of Customs Clearance from our in-house team. Whether it's Frozen, Chilled, or Ambient goods, we have you covered from pickup to delivery.

#### Industries We Serve:

- Food and Beverage
- Pharmaceuticals and Healthcare
- Biotechnology
- Cosmetics and Personal Care
- Perishables

#### What We Provide:

- Competitive rates for dedicated Temperature Controlled services to/ from any European destinations (Full Load)
- A wide range of truck sizes to meet your specific requirements
- All temperature ranges offered... including Frozen / Chilled / Ambient
- Door to Door Transportation Services throughout the EU
- Import & Export Customs Clearance at origin and destination - Full Declarations made

#### Customs Clearance

We understand that navigating customs clearance can be a complex and time-consuming process. That's why our experienced in-house team takes care of all the customs formalities. From documentation to compliance, we handle it all, making sure your goods cross borders smoothly without any unnecessary delays or complications.
