Welcome to Eastland Ingredients Group Where Quality Meets Commitment  
We are a dynamic group of companies united by a passion for exceptional spices, seasonings, herbs, and coconut products. From origin to delivery, our integrated network ensures traceability, superior quality, and innovative solutions for the food industry.

At the heart of our group is Eastland Ingredients Ltd – our UK-based core company and your premier destination for the finest spices, ready-to-eat products, and food additives. With years of expertise and an unwavering commitment to quality, we serve customers worldwide with nothing but the best.  
Explore our world where tradition marries innovation to bring you tastes that elevate culinary experiences.

### **Farm to Factory Initiative**

From farm to factory: Redefining turmeric sourcing with true backward integration. We're proud to share our latest initiative – a Backward Integration Program for IPM-grown turmeric in Gundlupet, Karnataka, India. Partnering with Way2Grow and dedicated local farming communities, we're building quality.

## Our Group Companies

- **Eastland Ingredients Ltd (UK)** The cornerstone of the group, headquartered in the UK. We specialize in sourcing, stocking, and distributing premium spices and food ingredients. With strategically located facilities across the UK and Europe, we deliver efficiently at optimal cost while upholding the highest standards of quality and customer satisfaction.
- **Spice & Seasoning (Haverhill, UK)** Our specialized manufacturing arm focused on seasonings, blends, and bespoke recipes. Backed by a highly capable New Product Development (NPD) team, we craft custom solutions that turn your ideas into market-winning products.
- **Gourmy Foods (Dublin, Ireland)** Our Irish specialist in coconut products, alongside a wide range of herbs and spices. We bring tropical excellence and natural flavors to global markets with a focus on quality and innovation.
- **Eastland Ingredients India (Palakkad, Kerala, India)** Our processing powerhouse in the spice heartland of Kerala. We are deeply engaged in the cleaning, processing, and value addition of spices directly at source, ensuring authenticity and freshness from farm to factory.

# Our commitment to Excellence

We stock a wide range of spices and related food items, processed in world-class facilities in growing countries. Our products adhere to globally recognized standards, including:

- Integrated Pest Management (IPM)
- Good Agricultural Practices (GAP)
- Good Manufacturing Practices (GMP)

Through full backward integration and our own dedicated farms, we control every step for unmatched quality, traceability, and freshness:

Our cultivation happens across India's prime spice regions on lands we long-lease and manage with expert teams:

Turmeric – From our own farms in Karnataka and Tamil Nadu

Chilli – Grown on our fields in Andhra Pradesh

Seed spices (Cumin, Coriander, Fennel) – Cultivated in the world-famous Unjha-Rajkot areas of Gujarat

Ginger – Nurtured in the lush, ideal conditions of Kerala

From careful farming to harvest, then directly at source: expert cleaning, precision processing, value addition – all in-house at our Indian processing powerhouse.

Every product undergoes in-house steam sterilization to maintain strict microbial standards, ensuring safety without compromising flavor or potency.

# Our commitment to Excellence

Pure. Potent. Fully traceable. From our farms in India straight to your UK/European formulations.

Trust Eastland Ingredients Ltd UK for consistent, high-quality spices backed by vertical control and authentic Indian origins.

Every product undergoes rigorous testing in globally accredited laboratories such as Eurofins and GBA, ensuring full compliance with EU and UK regulations on pesticides, allergens, and other critical parameters.

Our extensive industry knowledge and transparent sourcing network in origin countries enable us to provide fully traceable spices at competitive prices – delivering consistency and reliability with every shipment.

At the Eastland Ingredients Group, we provide more than just products – we offer trusted solutions backed by a legacy of quality, reliability, and service. Our focus on meticulous sourcing, rigorous testing, and streamlined distribution ensures complete confidence in every purchase.
