

ABOUT US

Since 1999, Bach Snacks has been one of the leaders in the production of semi-finished dry pellets with an extensive assortment of high-quality products made from potatoes, corn, cereals and lentils.

Today, Bach Snacks is positioned as a major supplier of snack pellets, covering the Middle East, North & South Africa, Europe and Asia.

Bach Snacks differentiates itself in the market by the close partnership it creates with customers, in order to provide the best services with the highest quality of products.

With a diversified portfolio of pellets, Bach Snacks continually enhances its production lines, thru the integration of the latest technologies and innovative techniques. By utilizing high-quality raw materials, developing various textures, flavors and shapes, Bach Snacks empowers leading brands, manufacturers and retailers to innovate in the world of snacks.

OUR MISSION

We are committed to the continuous improvement in the production process of semi-finished dry pellets, thru the integration of the latest technologies, coupled with the use of high-quality raw materials.

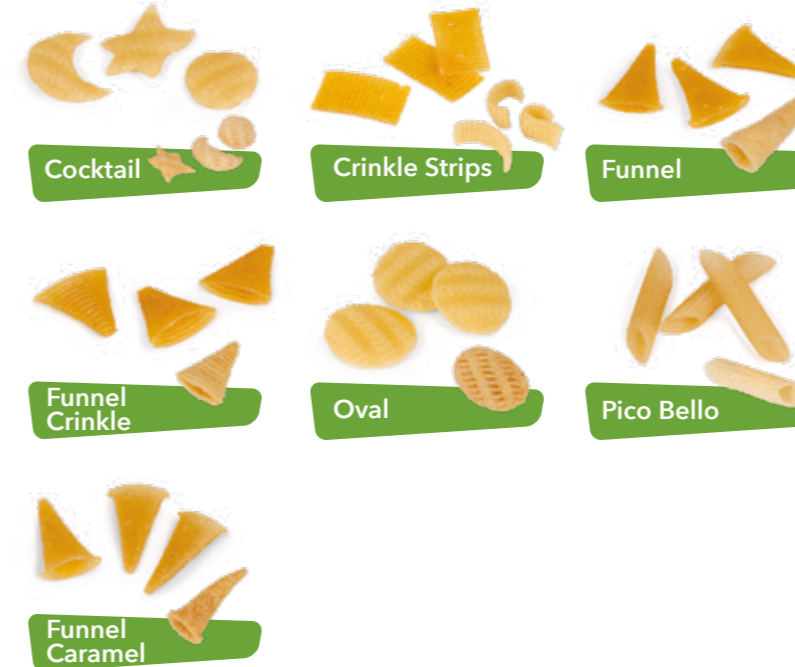

Being customer-centric and deemed the partner of choice amongst all of our stakeholders, we are dedicated to ensure that our portfolio continues to expand to cater to the growing needs of global brands, manufacturers and retailers in the snack industry.
