

تمور البركة AL BARAKAH DATES™

ARABIAN DATES • DATE INGREDIENTS • ORGANIC DATE INGREDIENTS

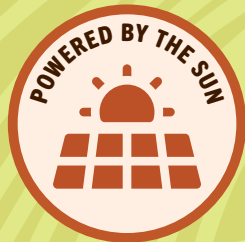

Pure. Sweet. Health.

Al Barakah Dates Factory offers a wide range of ingredients to more than 97 countries, internationally.

Our quality management system ensures we maintain high quality standard of dates and ingredients that we market. All our date ingredients are in compliance with international food regulations.

**OUT WITH SUGAR,
IN WITH DATES!**

Spearheading Food Innovation

Our Mission

Our mission is to elevate the quality and diversity of food products globally through sustainable and innovative practices. By leveraging our expertise in date products, we aim to provide exceptional value to our customers, support our communities, and contribute positively to the economy. We are dedicated to excellence in every facet of our operations, ensuring that our endeavors are synonymous with quality and reliability.

Our Vision

Our vision is to be a global leader in the food industry, recognized for our commitment to sustainability, innovation, and excellence. We aspire to set benchmarks in the processing and trading of date products. Through strategic investments and innovative collaborations, we aim to put UAE on the map as pioneers in the food industry, making significant contributions to the global economy and community well-being.

Our Values

Our core values define who we are and guide every aspect of our business. These values reflect our commitment to excellence, integrity, and positive impact on our customers, communities, and the environment.

Our Story

Al Barakah Dates™ began in 1982 as a foodstuff trading business. Today we are a market leader for packaging and processing dates and date ingredients. Our world-class facility is located in Dubai Industrial City, and is the definition of technological advancement and automation.

Formed Candor Dates Private Limited, India

Factory expansion at Dubai Industrial City to now cover an area of 600,000 sqft

Factory at Dubai Industrial City Phase 1

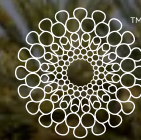

First dates factory to begin to run on solar power

Foodstuff trading business initiated by the Founder, Saleem Mohamed

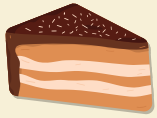

Factory at Dubai Investments Park

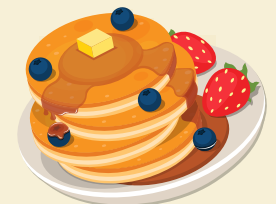

First dates factory to get BRC certified with a Grade A

Became an official licensee for the Expo 2020 in Dubai, UAE

Date products are highly versatile and adaptable across industries. From cosmetics to baking, sauces to desserts, health snack to Protein Bars, smoothies to dairy products – our products form a nutritious base ingredient.

UAE Dates

Our dates are carefully selected in order to ensure quality products and guarantee freshness. The following dates are the usual varieties we carry in range. With each season, we add more varieties from the UAE.

Dark Date Syrup

All Natural Date Syrup/ Molasses is a natural and highly nutritious ingredient for numerous food and beverage industries. Our fully-automated date syrup/molasses production line guarantees a very high quality product. Date syrup has a rich, caramel-like flavor with a deep sweetness that is similar to molasses or honey.

Golden Date Syrup

Our Golden Date Syrup is a healthy and all-natural sweetener. It is an ideal choice compared to refined sugar, honey, maple syrup, or agave. Golden Date Syrup is typically made by simmering golden or blonde dates with water, extracting their juices, and reducing the liquid to a syrupy consistency. The resulting syrup has a lighter color and a milder, slightly fruity flavor compared to dark date syrup.

Clear Date Sweetener

Our Clear Date Sweetener is a healthy and all-natural sweetener. It can be used as a mixer to naturally sweeten drinks, without changing the color, while possessing the goodness of dates. It is an ideal choice compared to refined sugar, honey, maple syrup, or agave. It has a milder, lighter flavor profile, making it suitable for those who prefer a more subtle sweetness. Its clear appearance also makes it visually appealing for certain dishes and presentations.

Date Powder

Date Powder by Al Barakah Dates™ is a perfect replacement for refined white, brown sugar and coconut sugar. Dates are a good source of fiber, vitamins, and minerals, including potassium, magnesium, and iron. As it is milled into powder, date powder retains many of these nutrients, making it a healthier alternative to sugar. It outweighs coconut sugar and other heavily processed natural sweeteners too in many ways.

CHOPPED DATES / DICED DATES

95% Dates and 5% Rice Flour

No Additives, Preservatives or GMO's

No Added Sugar

Uses

- **Baking:** Chopped dates can be added to baked goods such as cookies, cakes, muffins, and bread. They add natural sweetness, moisture, and a chewy texture to the final product. You can mix them directly into the batter or dough or sprinkle them on top as a garnish.
- **Granola and Trail Mix:** Add chopped dates to your homemade granola or trail mix for a naturally sweet and nutritious boost. They pair well with nuts, seeds, dried fruits, and oats.
- **Salad Toppings:** Chopped dates can be a delightful addition to salads. They provide a sweet contrast to the savory flavors and add a chewy texture. Sprinkle them over green salads, grain salads, or fruit salads for a touch of natural sweetness.
- **Stuffings:** Chopped dates work well as a stuffing ingredient, particularly for poultry like chicken or turkey. Combine them with other ingredients like nuts, herbs, breadcrumbs, and spices to create a flavorful and aromatic stuffing mixture.
- **Energy Balls and Bars:** When blended with other ingredients such as nuts, seeds, oats, and sweeteners like honey or nut butter, chopped dates can form the base for energy balls or bars. These are convenient, healthy snacks that are perfect for a quick energy boost on the go.
- **Sauces and Chutneys:** Dates can be used to make delicious sweet and savory sauces or chutneys. They can be cooked down with other ingredients like vinegar, spices, and herbs to create a thick and flavorful condiment. These sauces or chutneys can be served with meats, cheese, or as a dipping sauce.

Packaging

- 10kg Bulk Chopped Dates Carton with inner LDFE
- 250g x 12 Stand Up Pouch

Raw Material

100% Natural Dates
Shelf Life: 18 months

Storage & Preservation

Shipping Temperature: 20 to 25 degree Celsius

Storage Temperature: 0 to 10 degree Celsius

Humidity Requirement: <50% Rh

Product Specification

FOR PHYSICAL

Colour: Brown with a powdered Coating

Flavor/Odor: Typical of dates, free from off or objectionable flavors. Sweet Candy, free of any fermented or sour smell.

Moisture: 12% - 15%

Texture: Free Flowing, Soft & Chewy

Date Seeds and Fiber

Date Fiber is a core component of the date fruit that contains many nutrients. After extracting the fiber, we thoroughly dry dates to minimise moisture content to a bare minimum. Date Fiber is also used to produce biodegradable building materials.

Date Seeds are a by-product that can be used for multiple purposes. We dry the seeds completely and either pack them as they are, or crush them into fine powder.

Date Seed Fiber makes a healthy and non-caffeinated substitute for coffee and tea

Sustainability & Society

◀ MAIN SPONSOR FOR THE Tafa JUNIOR FOOTBALL TEAM PLAYING IN THE OFFICIAL MANCHESTER CITY JUNIOR LEAGUE

The young players played intriguing matches throughout the day at the Zayed Sports City. Tafa is a Sri-Lanka based football coaching academy that aims to promote sport and fitness as a way of life for people, young and old.
