

Who We Are

We, El Mohandess Print House, are a leading carton boxes manufacturer in Egypt that has been in business since 1984. Since the beginning, we have a strong belief that carton boxes manufacturing is a unique combination of art and science. We are constantly conducting research and development to provide the highest quality in the most artistic and efficient manner.

Our History

Why To Choose Us?

What makes us the perfect choice for our partners is our commitment to providing worry free solutions for all of them. We prioritize your needs and are dedicated to making your desired outcomes a reality with the highest possible quality and in record timings. Choosing us means choosing a reliable, customer focused, and quality-driven partner who will go the extra mile to exceed your expectations. Elements such as premium quality, competitive pricing, and a comprehensive awareness of logistics regulations are the reason why our products have entered and established a strong presence in various countries.

Our Steps To Protect The Planet

Our products are designed to incorporate sustainable practices throughout their lifecycle. We aim to be a part of the solution in addressing environmental challenges. Through innovation, responsible use of materials and energy, and providing sustainable solutions, we actively contribute to the development of a low-carbon society and the preservation of our natural resources. The use of recycled materials in production processes offers major environmental sustainability benefits, such as :

1. Conservation of non-renewable resources
2. Waste reduction

Our "People First" Approach

We create a diverse and safe environment for our employees while making a positive impact on the communities where we operate. Our goal is to promote equity and provide opportunities for everyone. Since inception, our company has consistently prioritized the empowerment of people. Our "people first" approach focuses on creating a positive social impact by empowering individuals and ensuring their success. At our company, we hold the belief that all injuries can be avoided. We prioritize increasing risk awareness and adhering to safety standards, ensuring a safe and healthy work environment for our employees.

Our "Long term growth" aim

We believe that we cannot achieve long term growth if it exhausts natural or human resources. It's about the long game rather than short-term wins. We are working on embracing circular economy principles including product recycling, resource recovery, and waste reduction, to minimize waste generation and maximize resource efficiency.
