

Hospitality industry

Why partner with us

Today's travelers expect to stay connected wherever their journey takes them—whether they're working on the go, banking online, or streaming their favorite content. By offering a more secure experience, you'll help meet these expectations while encouraging deeper engagement with your services. Plus, this helps you unlock new revenue streams and increase customer satisfaction and retention, as well as time spent with your brand.

Key benefits of partnering with us

Unlock new revenue and premium guest services

Enhance your hospitality offering with value-added digital services that can help generate incremental revenue and delight guests. Our all-in-one solution with bank-grade encrypted connectivity can help them access their favorite online content, subscription services, websites, and apps more privately and securely while traveling.

Enhance trust, satisfaction, and loyalty

Demonstrating your commitment to guests' digital well-being helps build long-term trust and improve satisfaction. Our top-performing VPN allows guests to browse more securely without slowdowns, feel comfortable whether traveling for business or leisure, and may lead to repeat trips, increased customer loyalty, and positive reviews.

Differentiate your brand

Set your brand apart with a modern Cyber Safety and online privacy experience. Offering more secure, privacy-focused digital tools helps position your brand as an innovator in hospitality, especially among travelers using public Wi-Fi, interacting with digital concierge services, or seeking digital peace of mind.

Elevate the guest experience

Deliver a seamless, high-performance digital experience by giving guests one-click access to a more secure digital experience. Our VPN is designed for simplicity and speed, which may help improve key guest metrics like Net Promoter Score (NPS) and overall satisfaction.

Flexible, seamless integration

Our solution is easy to implement using QR codes placed on keycard sleeves, lobby signage, in-room TV and materials, or Wi-Fi splash pages. You can also align with your visual identity through custom branding options and integrate effortlessly into your digital guest journey through turnkey activation.

No long-term commitment required

Our partner program is built for flexibility, offering no minimum term contracts and allowing you to earn revenue on subscription renewals¹. This enables you to scale at your own pace while benefiting from a low-risk, high-reward partnership model.

Deliver next-generation guest experiences

Partnering with us empowers you to offer **market-leading Cyber Safety solutions that give your guests more privacy and peace of mind** — helping enhance your competitive edge, boost revenue, and foster long-term guest satisfaction and loyalty.
