## TERMS AND CONDITIONS

GUY-RAYMOND ENGINEERING COMPANY LIMITED  
TERMS AND CONDITIONS OF SALE

- 1. THE CONTRACT**  
These conditions shall form part of every contract of sale entered into by Guy-Raymond Engineering Company Limited (the Company) and any purchaser, retailer or customer (the Buyer) entered into in the course of the trade or otherwise, whether or not the Buyer is acting in writing by an authorized representative of the Company.
- 2. ORDER AND SPECIFICATIONS**  
2.1 All order whether or not based upon a quotation shall not be binding on the Company unless accepted in writing by an authorized representative of the Company and other goods are specified upon the Company's invoice to the Buyer.
- 3. TITLE**  
Title to the goods shall remain with the Company until such time as title to the goods is to pass to the Buyer and payment is received under the terms of the said agreement.
- 7.2** The responsibility between the Company and the Buyer shall be governed by the terms and conditions of sale, the goods delivered to the Buyer in the event that the goods are delivered to the Buyer in the event of a sale under clause 7.2. The Buyer's responsibility for the Company's products (GPR) shall be limited to the proceeds thereof and without prejudice to the above, the Buyer shall hold the said proceeds of sale for the Company in a separate bank account opened for the purpose to make or complete payment for the goods.

## ADVANTAGES

- Unique design enhances product appeal
- 2 year guarantee
- Quality product ISO 9001
- Complies to EU standards EN 12528 / 12529 / 12530
- Total lock option on GRX75, GRX100 and GRX125
- High quality materials - PA for strength and durability, polyurethane tyres for long life
- Tested in Germany at the LGA Test Institute
- Short lead times - rapid assembly and despatch

## VORTEILE

- Einzigartiges Design – ergänzt Ihre Produkte
- 2 Jahres Garantie
- Konsistente Qualität durch ISO 9001
- Entspricht EU Standard EN 12528 / 12529 / 12530
- GRX75, GRX100 und GRX125 mit Totalfeststeller erhältlich
- Hochwertige Materialien – PA für Stärke und Stabilität, Polyurethan Lauffläche für langes Leben.
- In Deutschland geprüft – von dem LGA Prüfinstitut
- Kurze Lieferzeiten durch schnelle Montage und Versand

## AVANTAGES

- Design unique rend vos produits plus attrayants
- Garantie de 2 ans
- Produit de qualité - ISO 9001
- Conforme aux normes européennes EN 12528 / 12529 / 12530
- Blocage total disponible pour la GRX75, GRX100 et GRX125
- Matières de haute qualité PA pour durabilité, Bandes souples en polyuréthane pour longévité
- Roulettes testées en Allemagne aux laboratoires du LGA
- Délais courts - production et expédition rapide

## VENTAJAS

- Diseño unico realzar sus productos
- Garantia de 2 años
- Producto de calidad - ISO 9001
- Conforme a las normas europeas EN 12528 / 12529 / 12530
- Traba total disponible para los modelos GRX75, GRX100 y GRX125
- Materiales de alta calidad PA (nilón) para resistencia y durabilidad, Rodadura blanda de poliuretano para longevidad
- Probado en Alemania en el laboratorio del LGA
- Plazos de entrega breves - Producción y envío rápido

REGISTERED DESIGN

REGISTRIERTER ENTWURF

DESIGN DEPOSE

DISEÑO REGISTRADO

## FEATURES

- Cutting edge design
- Patented dust/grease shield
- Polyamide structure
- Rivetted axle on GRX75, GRX100 & GRX125
- Twin retaining groove axles on GRX50 and GRX65 ranges
- Choice of colours
- Dual action brake pedal
- Low friction bearings fitted as standard to the GRX100B, GRX100BTL and GRX125 castors
- U.K. Patent Nr.2171897 and 2229912. Other patents pending.

## EIGENSCHAFTEN:

- Anspruchsvolles Design
- Patentierter Achsenschutz
- Polyamid Struktur
- Vernietete Achse bei Rollen GRX75, GRX100 und GRX125
- Verdoppelte Haftungsgrillen an der Achse der Rollen GRX50 und GRX65
- Farbauswahl
- Rad und Schwenkung-Feststeller
- GRX100B, GRX100BTL und GRX125 sind standardmäßig mit Kugellager erhältlich
- U.K. Patent Nr.2171897 und 2229912. Weitere Patente angemeldet.

## CARACTERISTIQUES

- Design moderne
- Capot de protection de l'axe contre la poussière - breveté
- Capot en polyamide
- Roues rivetées sur l'axe (GRX75, GRX100 et GRX125)
- Double rainure pour une fixation solide des roues (gammas GRX50 et GRX65)
- Un choix de couleurs
- Pédale de frein à double action
- Les roulettes GRX100B, GRX100BTL et GRX125 sont équipées en série de roulements à billes pour réduire la friction
- U.K. Patent Nr.2171897 et 2229912. Demande d'autres brevets déposées.

## ELEMENTOS

- Diseño moderno
- Protector del eje contra el polvo (patentado)
- Producto de nilón
- Ruedas remachadas en el eje (GRX75, GRX100 y GRX125)
- Ranura doble en el eje para tener las ruedas (gamas GRX50 y GRX65)
- Surtido de colores
- Pedal de freno de doble uso
- Las ruedas GRX100B, GRX100BTL y GRX125 son equipadas con cojinetes de bolas para reducir la fricción
- U.K. Patent Nr.2171897 y 2229912. Otras patentes en trámite.

## APPLICATIONS

- Medical equipment
- Diagnostic equipment
- Office furniture
- Mobile workstations
- Mobile storage units
- Domestic furniture
- Home office
- Shop and display
- Visual display
- Leisure equipment
- Kitchen storage

## EIGENSCHAFTEN:

- Medizinische Geräte
- Untersuchungsapparate
- Büromöbel
- Mobile Arbeitsplätze
- Mobile Schränke
- Home Office
- Ladenbau
- Displaytechnik
- Freizeit und Fitness Geräte
- Küchenmöbel

## APPLICATIONS

- Equipement médical
- Equipement diagnostique
- Meuble de bureau
- Postes de travail mobiles
- Meubles de rangement mobiles
- Meubles domestiques
- Bureaux domestiques
- Aménagement de magasin
- Equipement d'affichage
- Equipement de loisirs
- Meubles de rangement pour la cuisine

## USOS

- Equipo médico
- Equipo diagnóstico
- Mueble de oficina
- Estaciones de trabajo móviles
- Muebles de almacenamiento móviles
- Muebles domesticos
- Oficina de casa
- Equipo de tiendas
- Equipo de exposición
- Equipo de deportes
- Muebles de almacenamiento

## INTRODUCTION

The GRX50 Range has a nominal wheel diameter of 50mm, and a load capacity of 40 kgs per castor. The castor is a freewheel swivel castor as standard and is available either with hard wheels or soft tyres. Hard wheels are recommended for soft floorings and soft tyres are recommended for hard floors. Further guidance is given in EN 12528 and EN12529. The range also is available with wheel brake.

## EINFÜHRUNG

Die GRX50 Rollen haben einen Raddurchmesser von 50mm und eine Lastfähigkeit von 40kg pro Rolle. Standardmäßig ist diese Rolle freilaufend mit harter oder weicher Lauffläche erhältlich. Für weiche Böden eignet sich die harte Lauffläche, für harte Böden empfehlen wir die weiche, mehr Infos dazu in den Normen EN 12528 und EN 12529. GRX50 ist auch mit Feststeller erhältlich.

## INTRODUCTION

Les roulettes de la gamme GRX50 ont des roues de diamètre 50mm, et supportent une charge de 40kg par roulette. Le modèle standard est une roulette non freinée, disponible avec roues dures ou bandes souples. Les roues dures sont recommandées pour sols souples et les bandes souples sont recommandées pour sols durs. Des conseils supplémentaires font partie des normes EN 12528 et EN12529. Ces roulettes sont disponibles aussi avec frein à pied.

## PRESENTACION

Las ruedas de la gama GRX50 tienen ruedas de diámetro 50mm, y una capacidad de carga de 40 kgs por rueda. El modelo estándar es una rueda sin freno, con rodadura dura o con rodadura blanda. La rodadura dura es recomendada para suelos blandos y la rodadura blanda es recomendada para suelos duros. Referirse a las normas EN 12528 y EN12529. Estas ruedas están disponibles también con freno a pie.

## FEATURES

- GRX Design
- Outer edge wheel radius of 6mm to reduce carpet wear
- Patented dust/grease shield
- Large fixing range
- Twin retaining groove axle
- Polyamide structure
- Polyamide soft tyre hub
- Polyurethane soft tyre

## EIGENSCHAFTEN:

- GRX Design
- 6mm Radkantenradius für Teppichschonung
- Patentierter Achsenschutz
- Viele Befestigungsmöglichkeiten
- Verdoppelte Haftungsringe an der Achse
- Polyamid Struktur
- Polyamid Rad
- Polyurethan weiche Lauffläche

## CARACTERISTIQUES

- Design GRX
- Roues arrondies avec un rayon de 6mm pour réduire les effets d'usure du sol
- Capot de protection de l'axe contre la poussière -breveté
- Gamme large de fixations
- Double rainure sur l'axe pour une fixation solide des roues
- Capot en polyamide
- Roues en polyamide
- Bandes souples en polyuréthane

## ELEMENTOS

- Diseño GRX
- Ruedas redondeadas con un radio de 6mm para reducir el desgaste del suelo
- Protector del eje contra el polvo (patentado)
- Gran gama de fijaciones
- Ranura doble en el eje para tener las ruedas
- Producto de PA (Nilón)
- Ruedas de PA (Nilón)
- Rodadura blanda de poliuretano

## APPLICATIONS

- Office furniture
- Office chairs (freewheel castor only)
- Domestic furniture
- TV / video / audio stands
- Shop and display
- Point of Sale stands
- Printer stands
- Home care furniture

## ANWENDUNGEN:

- Büromöbel
- Bürostühle (nur freilaufende Rollen)
- Wohnmöbel
- TV/Video/Hi-Fi Schränke
- Ladenbau
- POS Ständer
- Druckerständer
- Pflegemöbiliar

## APPLICATIONS

- Meuble de bureau
- Chaises de bureau (roulette non freinée)
- Meubles domestiques
- Meubles de TV / video / hi-fi
- Aménagement de magasins
- Etalages pour PDV
- Supports pour imprimants
- Mobilier HAD-MAD

## USOS

- Mueble de oficina
- Sillas de oficina (rueda sin freno)
- Muebles domesticos
- Muebles para TV / video / equipo de alta fidelidad
- Equipo de tiendas
- Estantes para punto de venta
- Estantes para impresoras
- Mobiliario para asistencia domestica

## FITTINGS

Guy-Raymond manufactures a wide range of standard fittings, these are shown on the opposite page. In addition Guy-Raymond can design and develop special fittings to customers requirements. Castors can be supplied assembled with certain popular stems and these are shown on pages 10 and 11.

## BEFESTIGUNGEN:

Guy-Raymond bietet viele verschiedene Befestigungsmöglichkeiten, welche Sie auf der nächsten Seite finden. Zusätzlich haben wir die Möglichkeit mit Ihnen eine Sonderbefestigung zu entwickeln. Die Rollen können in montiertem Zustand geliefert werden mit den populären Stiften auf Seiten 10 und 11.

## FIXATIONS

Guy-Raymond fabrique une gamme étendue de fixations standard – celles-ci sont présentées sur la page en face. De plus Guy-Raymond peut dessiner et développer des fixations spéciales pour correspondre aux besoins des clients. Les fixations courantes peuvent être fournies montées dans les roulettes et ces possibilités sont présentées sur les pages 10 et 11.

## FIJACIONES

Guy-Raymond fabrica una gran gama de fijaciones estándar – estas son presentadas en la página enfrente. Además Guy-Raymond puede diseñar y desarrollar fijaciones especiales según las necesidades de los clientes. Ruedas pueden ser suministradas montadas con las fijaciones más populares y estas posibilidades son presentadas en las páginas 10 y 11.

## INTRODUCTION

The GRX65 range of castors has a nominal wheel diameter of 65mm, and a load capacity of 50 kgs per castor. The GRX65 is available as Castor Types:- A) freewheel swivel or B) brake unloaded conforming to EN12529 section 4.2.4 Type U.

The GRX6518 and GRX6528 are available with wheel brake and are called GRX6518FB and GRX6528FB. All castors are offered with either hard wheels or soft tyres. Hard wheels are recommended for soft floorings and soft tyres are recommended for hard floors, further guidance is given in EN 12528 and EN12529.

## EINFÜHRUNG

Die GRX65 Rollen haben einen Raddurchmesser von 65mm und eine Lastfähigkeit von 50kg pro Rolle. Standardmäßig ist diese Rolle entweder A) freilaufend und B) unbelastet gebremst nach Normen 12529 4.2.4 Typ U erhältlich. Rolle GRX6518 und GRX6528 sind auch mit Feststeller oder als GRX6518FB und GRX6528FB zu haben. Wir bieten diese Rollen mit harter oder weicher Lauffläche. Für weiche Böden eignet sich die harte Lauffläche, für harte Böden empfehlen wir die weiche, mehr Infos dazu in den Normen EN 12528 und EN 12529.

## INTRODUCTION

Les roulettes de la gamme GRX65 ont des roues de diamètre 65mm, et supportent une charge de 50 kgs par roulette. La GRX65 est disponible en modèle:- A) non freiné ou B) autofreiné conforme à la norme EN12529 section 4.2.4 Type U. La GRX6518 et la GRX6528 sont disponibles avec frein à pied – ces modèles s'appellent GRX6518FB et GRX6528FB.

Toutes les roulettes sont disponibles avec roues dures ou bandes souples. Les roues dures sont recommandées pour sols souples et les bandes souples sont recommandées pour sols durs. Se référer aux normes EN 12528 et EN12529.

## INTRODUCCION

Las ruedas de la gama GRX65 tienen ruedas de diámetro 65mm, y una capacidad de carga de 50 kgs por rueda. La GRX65 está disponible como modelo:- A) sin freno o B) con freno automática conforme a la norma EN12529 sección 4.2.4 tipo U. La GRX6518 y la GRX6528 están disponibles con freno a pie – estos modelos se llaman GRX6518FB y GRX6528FB.

Todas ruedas están disponibles con rodadura blanda o con rodadura dura. La rodadura dura es recomendada para suelos blandos y la rodadura blanda es recomendada para suelos duros. Referirse a las normas EN 12528 y EN12529.

## FEATURES

- GRX Design
- Interchangeable stems with GR50 range (except GRX65HT & GRX65HTBU)
- Patented dust shield
- Twin retaining groove axle
- Polyamide structure
- Polyamide soft tyre hub
- Polyurethane soft tyre

## EIGENSCHAFTEN:

- GRX Design
- Viele Befestigungsmöglichkeiten (außer Rollen GRX65HT & GRX65HTBU)
- Patentierter Achsschutz
- Verdoppelte Haftungsringe an der Achse
- Polyamid Struktur
- Polyamid Rad
- Polyurethan weiche Lauffläche

## CARACTERISTIQUES

- Design GRX
- Les fixations pour les gammes GRX65 et GRX50 sont interchangeables (sauf celles des modèles GRX65HT & GRX65HTBU)
- Capot de protection de l'axe contre la poussière - breveté
- Double rainure sur l'axe pour une fixation solide des roues
- Capot en polyamide
- Roues en polyamide
- Bandes souples en polyuréthane

## ELEMENTOS

- Diseño GRX
- Las fijaciones son intercambiables con ellas de la gama GRX50 (excepto ellas de las ruedas GRX65HT & GRX65HTBU)
- Protector del eje contra el polvo (patentado)
- Ranura doble en el eje para tener las ruedas
- Producto de PA (Nilón)
- Ruedas de PA (Nilón)
- Rodadura blanda de poliuretano

## APPLICATIONS

- Office furniture
- Office chairs
- Domestic furniture
- TV / video / audio stands
- Shop and display
- Point of Sale stands
- Printer stands
- Home care furniture

## ANWENDUNGEN:

- Büromöbel
- Bürostühle
- Wohnmöbel
- TV/Video/Hi-Fi Schränke
- Ladenbau
- Displayständer
- Druckerständer
- Pflegemöbel

## APPLICATIONS

- Meubles de bureau
- Chaises de bureau
- Meubles domestiques
- Meubles de TV / video / hi-fi
- Aménagement de magasins
- Etalages pour PDV
- Supports pour imprimants
- Mobilier HAD-MAD

## USOS

- Mueble de oficina
- Sillas de oficina
- Muebles domesticos
- Muebles para TV / video / equipo de alta fidelidad
- Equipo de tiendas
- Estantes para punto de venta
- Estantes para impresoras
- Mobiliario para asistencia domestica

## FITTINGS

Guy-Raymond manufactures a wide range of standard fittings these are shown on the opposite page. In addition Guy-Raymond can design and develop special fittings to customer requirements. Castors can be supplied assembled with certain popular stems and these are shown on pages 20 to 43.

## BEFESTIGUNGEN:

Guy-Raymond bietet viele verschiedene Befestigungsmöglichkeiten, welche Sie auf der nächsten Seite finden. Zusätzlich haben wir die Möglichkeit mit Ihnen eine Sonderbefestigung zu entwickeln. Die Rollen können in montiertem Zustand geliefert werden mit den populären Stiften auf Seiten 20 bis 43.

## FIXATIONS

Guy-Raymond fabrique une gamme étendue de fixations standard - celles-ci sont présentées sur la page en face. De plus Guy-Raymond peut dessiner et développer des fixations spéciales pour correspondre aux besoins des clients. Les fixations courantes peuvent être fournies montées dans les roulettes et ces possibilités sont présentées sur les pages 20 à 43.

## FIJACIONES

Guy-Raymond fabrica una gran gama de fijaciones – estas son presentadas en la página enfrente. Además Guy-Raymond puede diseñar y desarrollar fijaciones especiales según las necesidades de los clientes. Ruedas pueden ser suministradas montadas con las fijaciones más populares y estas posibilidades son presentadas en las páginas 20 a 43.

## SPECIFICATION

### MATERIALS

Steel BZP

## TECHNISCHE DATEN

### MATERIAL

Stahl Verzinkt

## SPECIFICATION

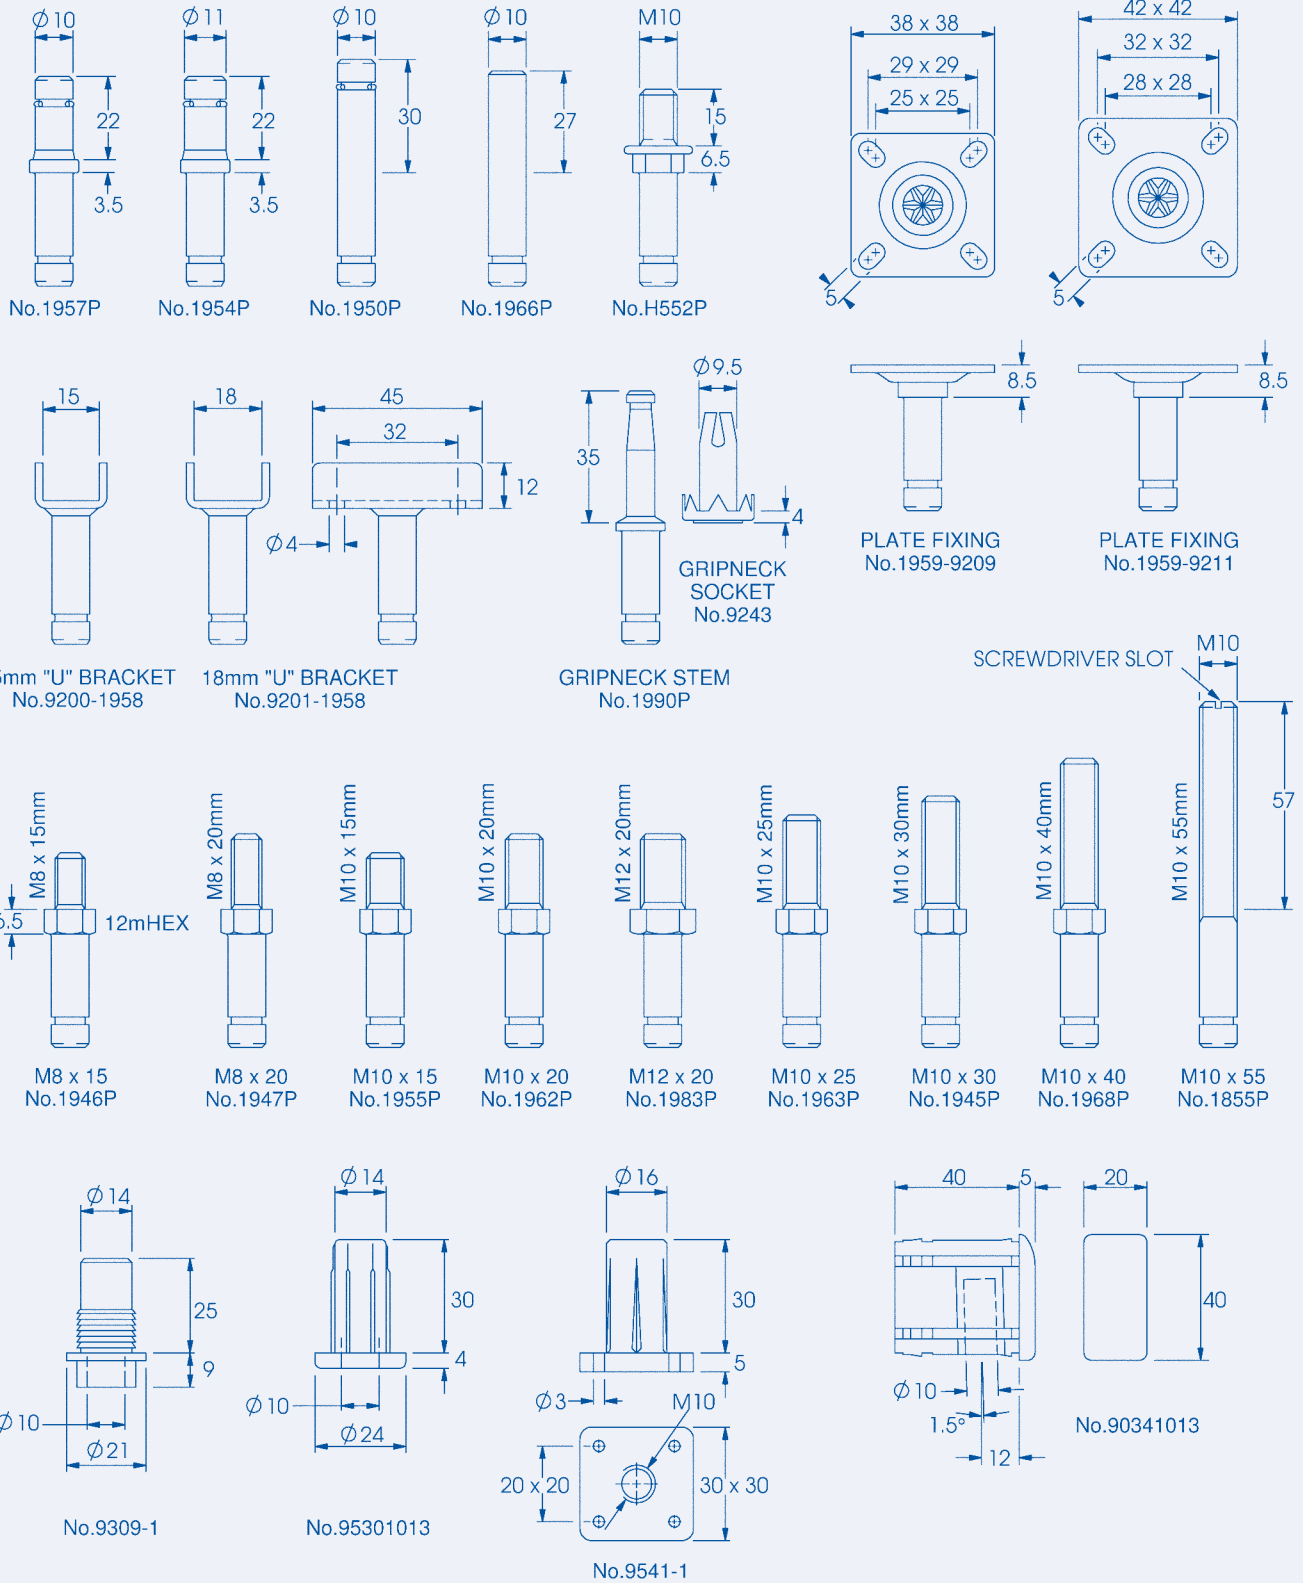

### MATIERES

Acier, plaqué de zinc

## ESPECIFICACION

### MATERIALES

Acero chapado de zinc

Note: longer stems required for GRX65HT and GRX65HTBU

Hinweis: GRX65HT und GRX65HTBU benötigen längere Stifte

Note: des tiges plus longues sont nécessaires pour les modèles GRX65HT et GRX65HTBU

Nota: Los modelos GRX65HT y GRX65HTBU requieren fijaciones más largas

## INTRODUCTION

The GRX75 range of castors has a nominal wheel diameter of 75mm, and a load capacity of 75 kgs per castor. The GRX75 is available as either a freewheel swivel castor or a total lock (simultaneously the swivel and wheels are locked) castor.

Total lock dramatically reduces the problem of unexpected swivel movement associated with simple wheel brake castors. Total lock castors give a far more rigid feel to the locked unit.

All castors are offered with a long life polyurethane tyre as standard.

## EINFÜHRUNG

Die GRX75 Rollen haben einen Raddurchmesser von 75mm und eine Lastfähigkeit von 75kg pro Rolle. Sie ist entweder freilaufend oder mit einem Totalfeststeller erhältlich welcher das Drehen der Räder und die Schwenkung des Stiftes bremsst.

Der Totalfeststeller verhindert unerwartete Bewegungen die bei einfachen rad-gebremsten Rollen auftreten können. Dies bedeutet, mehr Stabilität für Ihre Produkte. Die GRX75 Rolle besitzt standardmäßig eine hochwertige und langlebige Polyurethan Lauffläche.

## INTRODUCTION

Les roulettes de la gamme GRX75 ont des roues de diamètre 75mm, et supportent une charge de 75 kgs par roulette. La GRX75 est disponible en modèle non freiné ou blocage total (blocage des roues et de la fixation).

Le blocage total réduit considérablement le problème associé aux roulettes avec un simple frein à pied, qui continuent à pivoter après l'engagement du frein. L'avantage du blocage total est l'assurance d'une meilleure stabilité du meuble sur lequel la roulette est montée.

Toutes les roulettes sont équipées de bandes souples en polyuréthane garantissant une grande longévité.

## INTRODUCCION

Las ruedas de la gama GRX75 tienen ruedas de diámetro 75mm, y una capacidad de carga de 75 kgs por rueda. La GRX75 está disponible como modelo sin freno o traba total (traba las ruedas y la fijación).

La traba total reduce considerablemente el problema de ruedas que continúan girando cuando el freno es embragada. La ventaja de la traba total es la mejora solidez del producto para lo cual la rueda es utilizada.

Todas estas ruedas tienen una rodadura blanda en poliuretano durable como estándar.

## FEATURES

- GRX Design
- Patented dust/grease shield
- Polyamide housing
- Polyamide mechanism
- Solid riveted axle zinc plated
- Polyamide soft tyre hub
- Polyurethane soft tyre

## EIGENSCHAFTEN:

- GRX Design
- Patentierter Achsenschutz
- Polyamid Gehäuse
- Polyamid Mechanik
- Stabile vernietete und verzinkte Achse
- Polyamid Rad
- Polyurethan Lauffläche

## CARACTERISTIQUES

- Design GRX
- Capot de protection de l'axe contre la poussière - breveté
- Capot en polyamide
- Mécanisme en polyamide
- Roues rivetées sur l'axe zinguée
- Roues en polyamide
- Bandes souples en polyuréthane

## ELEMENTOS

- Diseño GRX
- Protector del eje contra el polvo (patentado)
- Producto de PA (Nilón)
- Mecanismo de PA (Nilón)
- Ruedas remachadas en el eje chapado de zinc
- Ruedas de PA (Nilón)
- Rodadura blanda de poliuretano

## APPLICATIONS

- Medical equipment
- Home care furniture
- Office furniture
- Industrial chairs
- Domestic furniture
- Beds
- TV / video / audio stands
- Shop and display
- Equipment

## ANWENDUNGEN:

- Medizinische Geräte
- Pflegemöbiliar
- Mobile Büromöbel
- Industrie Stühle
- Im Wohnbereich
- Betten
- TV/Video/Hi-Fi Schänke
- Ladenbau
- Mobile Geräte

## APPLICATIONS

- Equipement médical
- Mobilier HAD-MAD
- Meubles de bureau
- Sièges de travail
- Meubles domestiques
- Lits
- Meubles de TV / video / hi-fi
- Aménagement de magasins
- Autre équipement

## USOS

- Equipo médico
- Mobiliario para asistencia domestica
- Mueble de oficina
- Sillas de trabajo
- Muebles domesticos
- Camas
- Muebles para TV / video / equipo de alta fidelidad
- Equipo de tiendas
- Otro equipo

## FITTINGS

Guy-Raymond manufactures a wide range of standard fittings, these are shown on the opposite page. In addition Guy-Raymond can design and develop a special fitting. Unless otherwise agreed stems/fittings will be supplied assembled into the castors as it is important that the stem is fitted correctly particularly on the total lock models. The stems are different on the freewheel swivel and the total lock models.

## BEFESTIGUNGEN:

Guy-Raymond bietet viele verschiedene Befestigungsmöglichkeiten, welche Sie auf der nächsten Seite finden. Zusätzlich haben wir die Möglichkeit mit Ihnen eine Sonderfixierung zu entwickeln. Standardmäßig werden die Rollen mit der Befestigung montiert geliefert um korrekte Montage für den Totalfeststeller zu versichern.

## FIXATIONS

Guy-Raymond fabrique une gamme étendue de fixations standard – celles-ci sont présentées sur la page en face. De plus Guy-Raymond peut dessiner et développer des fixations spéciales. Sauf accord contraire, les fixations et les roulettes seront fournies montées parce qu'un montage correct de la tige est essentiel, surtout pour le modèle à blocage total. Les fixations du modèle à blocage total sont différentes de celles du modèle non freiné.

## FIJACIONES

Guy-Raymond fabrica una gran gama de fijaciones estándar – estas son presentadas en la página enfrente. Además Guy-Raymond puede diseñar y desarrollar fijaciones especiales. A menos que convenga al contrario, las fijaciones y las ruedas serán suministradas montadas por que el montaje correcto de la fijación es imprescindible, sobre todo para el modelo traba total. Las fijaciones del modelo traba total son diferentes que las del modelo sin freno.

## INTRODUCTION

The GRX100 range of castors has a nominal wheel diameter of 100mm, and a load capacity of 100 kgs per castor. The GRX100 range is available as either a freewheel swivel castor or a total lock (simultaneously the swivel and wheels are braked) castor.

Total lock dramatically reduces the problem of unexpected swivel movement associated with simple wheel braking castors. The overall effect is the unit to which the castors are fitted feels far more rigid when total lock castors are used.

Additionally the GRX 100 range of castors are available with optional ball bearing races fitted to both the swivel pin and the axle. This reduces the swivel and rolling friction thereby improving mobility, bearing variants are coded GRX100B and GRX100BTL respectively.

All castors are offered with a long life polyurethane tyre as standard.

Die GRX100 Rollen haben einen Raddurchmesser von 100mm und eine Lastfähigkeit von 100kg pro Rolle. Sie ist entweder freilaufend oder mit einem Totalfeststeller erhältlich welcher das Drehen der Räder und die Schwenkung des Stiftes bremst. Der Totalfeststeller verhindert unerwartete Bewegungen die bei einfachen rad-gebremsten Rollen auftreten können. Dies bedeutet, mehr Stabilität für Ihre Produkte. Die GRX100 Rollen sind auch mit einem Kugellager an der Achse und der Befestigung erhältlich. Dies verbessert die Schwenk- und Rolleigenschaften und dadurch auch die Mobilität. Diese sind als GRX100B und GRX100BTL gekennzeichnet. Die GRX100 Rolle besitzt standardmäßig eine hochwertige und langlebige Polyurethan Lauffläche.

## INTRODUCTION

Les roulettes de la gamme GRX100 ont des roues de diamètre 100mm, et supportent une charge de 100 kgs par roulette. La GRX100 est disponible en modèle non freiné ou blocage total (blocage des roues et de la fixation). Le blocage total réduit considérablement le problème associé aux roulettes avec un simple frein à pied, qui continuent à pivoter après l'engagement du frein. L'avantage du blocage total est l'assurance d'une meilleure stabilité du meuble sur lequel la roulette est montée. De plus, les roulettes de la gamme GRX100 sont disponibles avec des roulements à billes optionnels, qui sont montés sur la fixation pivotante et aussi sur l'axe. Ceci réduit la friction du pivotement et de la rotation et améliore ainsi la mobilité. Les versions avec roulements à billes s'appellent GRX100B et GRX100BTL. Toutes les roulettes sont équipées de bandes souples en polyuréthane garantissant une grande longévité.

## INTRODUCCION

Las ruedas de la gama GRX100 tienen ruedas de diámetro 100mm, y una capacidad de carga de 100 kgs por rueda. La GRX100 está disponible como modelo sin freno o traba total (traba las ruedas y la fijación). La traba total reduce considerablemente el problema de ruedas que continúan girando cuando el freno es embragado. La ventaja de la traba total es la mejora solidez del producto para lo cual la rueda es utilizada. Además, las ruedas de la gama GRX100 están disponibles con cojinetes de bolas opcionales, que son montadas en la fijación giratoria y en el eje. Esto reduce la fricción de girar y de rodar y de ese modo mejora la movilidad. Los modelos con cojinetes de bolas se llaman GRX100B y GRX100BTL. Todas estas ruedas tienen una rodadura blanda en poliuretano durable como estandar.

## EINFÜHRUNG

### FEATURES

- GRX Design
- Optional swivel and axle bearing races
- Patented dust/grease shield
- Polyamide housing
- Polyamide mechanism
- Solid riveted axle zinc plated
- Polyamide soft tyre hub
- Polyurethane soft tyre

### EIGENSCHAFTEN:

- GRX Design
- Option mit oder ohne Kugellager an Achse und Befestigung
- Patentierter Achschenschutz
- Polyamid Gehäuse
- Polyamid Mechanik
- Stabile vernietete und verzinkte Achse
- Polyamid Rad
- Polyurethan Lauffläche

### CARACTERISTIQUES

- Design GRX
- Des roulements à billes pour le pivotement et l'axe (optionnels)
- Capot de protection de l'axe contre la poussière - breveté
- Capot en polyamide
- Mécanisme en polyamide
- Roues rivetées sur l'axe zinguée
- Roues en polyamide
- Bandes souples en polyuréthane

### ELEMENTOS

- Diseño GRX
- Cojinetes de bolas opcionales en la fijación giratoria y en el eje
- Protector del eje contra el polvo (patentado)
- Producto de PA (Nilón)
- Mecanismo de PA (Nilón)
- Ruedas remachadas en el eje chapado de zinc
- Ruedas de PA (Nilón)
- Rodadura blanda de poliuretano

### APPLICATIONS

- Medical equipment
- Home care furniture
- Office furniture
- Industrial chairs
- Domestic furniture
- Beds
- TV / video / audio stands
- Shop and display
- Equipment

### ANWENDUNGEN:

- Medizinische Geräte
- Pflegemöbiliar
- Mobile Büromöbel
- Industrie Stühle
- Im Wohnbereich
- Betten
- TV/Video/Hi-Fi Schänke
- Ladenbau
- Mobile Geräte

### APPLICATIONS

- Equipement médical
- Mobilier HAD-MAD
- Meubles de bureau
- Sièges de travail
- Meubles domestiques
- Lits
- Meubles de TV / video / hi-fi
- Aménagement de magasins
- Autre équipement

### USOS

- Equipo medico
- Mobiliario para asistencia domestica
- Mueble de oficina
- Sillas de trabajo
- Muebles domesticos
- Camas
- Muebles para TV / video / equipo de alta fidelidad
- Equipo de tiendas
- Otro equipo

### FITTINGS

Guy-Raymond manufactures a wide range of standard fittings. The GRX100 range is available with threaded stems and plate fixings. In addition Guy-Raymond can design and develop special fixings to customer requirement.

### BEFESTIGUNGEN:

Guy-Raymond bietet auch hier viele verschiedene Befestigungsmöglichkeiten. Die Rolle GRX100 ist mit Gewinde und Anschraubplatten erhältlich. Zusätzlich haben wir die Möglichkeit mit Ihnen eine Sonderfixierung zu entwickeln

### FIXATIONS

Guy-Raymond fabrique une gamme étendue de fixations standard. La gamme GRX100 est disponible avec des tiges filetées et des platines. De plus Guy-Raymond peut créer et développer des fixations spéciales pour correspondre aux besoins du client.

### FIJACIONES

Guy-Raymond fabrica una gran gama de fijaciones estándar. La gama GRX está disponible con un vástago con rosca y con una platina. Además Guy-Raymond puede diseñar y desarrollar fijaciones especiales según las necesidades del cliente.

## INTRODUCTION

The GRX125 range of castors has a nominal wheel diameter of 125mm, and a load capacity of up to 100 kgs per castor. The GRX125 range is available as a either a free wheeling swivel castor or a total locking (simultaneously the swivel and wheels are braked) castor. Total locking dramatically reduces the problem of unexpected swivel movement associated with simple wheel braking castors. The overall effect is the unit to which the castors are fitted feels far more rigid when total lock castors are used. Additionally the GRX125 range of castors are available as standard with ball bearings races fitted to both the swivel pin and the axle. This reduces the swivel and rolling friction thereby improving mobility. All castors are offered with a long life polyurethane tyre as standard.

## EINFÜHRUNG

Die GRX125 Rolle hat einen Raddurchmesser von 125mm und eine Lastfähigkeit von 100kg pro Rolle. Sie ist entweder freilaufend oder mit einem Totalfeststeller erhältlich, welcher der Drehen der Räder und das Schwenken des Stiftes verhindert. Der Totalfeststeller verhindert unerwartete Bewegungen die bei einfachen rad-gebremsten Rollen auftreten können. Dies bedeutet mehr Stabilität für Ihre Produkte. Die GRX125 Rolle ist standardmäßig mit einem Kugellager an der Achse und an dem Stift ausgestattet. Dies verbessert die Schwenk- und Rolleigenschaften und dadurch auch die Mobilität. Weiterhin besitzt die Rolle eine hochwertige und langlebige Polyurethan Lauffläche.

## INTRODUCTION

Les roulettes de la gamme GRX125 ont des roues de diamètre 125mm, et supportent une charge de 100kg par roulette. La GRX125 est disponible en modèle non freiné ou blocage total (blocage des roues et de la fixation). Le blocage total réduit considérablement le problème associé aux roulettes avec un simple frein à pied, qui continuent à pivoter après l'engagement du frein. L'avantage du blocage total est l'assurance d'une meilleure stabilité du produit sur lequel la roulette est montée. De plus, toutes les roulettes GRX125 sont équipées de roulements à billes qui sont montés sur la fixation pivotante et aussi sur l'axe. Ceci réduit la friction du pivotement et de la rotation et améliore ainsi la mobilité. Toutes les roulettes sont équipées de bandes souples en polyuréthane garantissant une grande longévité.

## INTRODUCCION

Las ruedas de la gama GRX125 tienen ruedas de diámetro 125mm, y una capacidad de carga de 100kg por rueda. La GRX125 está disponible como modelo sin freno o traba total (traba las ruedas y la fijación). La traba total reduce considerablemente el problema de ruedas que continúan girando cuando el freno es embragado. La ventaja de la traba total es la mejora solidez del producto para lo cual la rueda es utilizada. Además, las ruedas de la gama GRX125 tienen cojinetes de bolas montados en la fijación giratoria y en el eje. Esto reduce la fricción de girar y de rodar y de este modo mejora la movilidad. Todas estas ruedas tienen una rodadura blanda en poliuretano durable como estándar.

## FEATURES

- GRX Design
- Swivel and axle bearing races
- Patented grease shield
- Polyamide housing
- Polyamide mechanism
- Solid riveted axle zinc plated
- Polyamide soft tyre hub
- Polyurethane soft tyre

## EIGENSCHAFTEN:

- GRX Design
- Kugellager an Achse und Befestigung
- Patentierter Achsenschutz
- Polyamid Gehäuse
- Polyamid Mechanik
- Stabile vernietete und verzinkte Achse
- Polyamid Rad
- Polyurethan Lauffläche

## CARACTERISTIQUES

- Design GRX
- Des roulements à billes pour le pivotement et l'axe
- Capot de protection de l'axe contre la poussière (breveté)
- Capot en polyamide
- Mécanisme en polyamide
- Roues rivetées sur l'axe zinguée
- Roues en polyamide
- Bandes souples en polyurethane

## ELEMENTOS

- Diseño GRX
- Cojinetes de bolas en la fijación giratoria y en el eje
- Protector del eje contra el polvo (patentado)
- Producto de PA (Nilón)
- Mecanismo de PA (Nilón)
- Ruedas remachadas en el eje chapado de zinc
- Ruedas de PA (Nilón)
- Rodadura blanda de poliuretano

## APPLICATIONS

- Medical Equipment
- Home care furniture
- Office furniture
- Beds
- TV / video / audio stands
- Shop and display
- Equipment

## ANWENDUNGEN:

- Medizinische Geräte
- Pflegemöbiliar
- Mobile Büromöbel
- Betten
- TV / Video / HiFi Schränke
- Ladenbau
- Mobile Geräte

## APPLICATIONS

- Equipement médical
- Mobilier HAD-MAD
- Meubles de bureau
- Lits
- Meubles de TV / video / hi-fi
- Aménagement de magasins
- Autre équipement

## USOS

- Equipo médico
- Mobiliario para asistencia doméstica
- Mueble de oficina
- Camas
- Muebles para TV / video / equipo de alta fidelidad
- Equipo de tiendas
- Otro equipo

## FITTINGS

Guy-Raymond manufactures a wide range of standard fittings. The GRX125 range is available with various stems and plate fixings. In addition Guy-Raymond can design and develop special fixings to customer requirement.

## BEFESTIGUNGEN:

Guy-Raymond bietet viele verschiedene Befestigungsmöglichkeiten. Gewindestifte und Anschraubplatten sind Standard. Zusätzlich besteht die Möglichkeit mit Ihnen eine Sonderfixierung zu entwickeln.

## FIXATIONS

Guy-Raymond fabrique une gamme étendue de fixations standard. La gamme GRX125 est disponible avec plusieurs tiges et platines. De plus Guy-Raymond peut créer et développer des fixations spéciales pour correspondre aux besoins du client.

## FIJACIONES

Guy-Raymond fabrica una gran gama de fijaciones estándar. La gama GRX está disponible con varios vástagos y platinas. Además Guy-Raymond puede diseñar y desarrollar fijaciones especiales según las necesidades del cliente.

- 1** Microbes colonise surface of BioCote® protected GRX castor.  
 Mikroben auf der Oberfläche der GRX Rolle.  
 Les microbes contaminent la surface de la roulette GRX protégée par BioCote®.  
 Microorganismos contaminan la superficie de la rueda GRX protegida por BioCote®.
- 2** Silver ions are available to act against colonising microbes.  
 Silberionen kommen mit den Mikroben in Berührung.  
 Les ions d'argent sont prêts à agir contre les bactéries contaminantes.  
 Los iones de plata están disponibles para actuar sobre las bacterias contaminantes.
- 3** Silver ions act against microbes in three ways:  
 Die Mikroben werden in 3 Phasen angegriffen:  
 Les ions d'argent agissent contre les bactéries de trois façons:  
 Los iones de plata actúan sobre las bacterias de tres maneras:

  - i** Silver ions combine with microbe proteins in the cell and cell wall.  
 Silberionen verbinden sich mit Proteinen in Zellenwand und der Zelle.  
 Les ions d'argent s'associent avec les protéines intracellulaires et les protéines de la paroi cellulaire des bactéries:  
 Los iones de plata se unen con las proteínas de los microbios en las células y en sus membranas;
  - ii** Silver ions interfere with DNA replication.  
 Silberionen greifen die DNS Fortpflanzung an.  
 Les ions d'argent interfèrent avec la réplication de l'ADN;  
 Los iones de plata interfieren con la replicación de ADN;
  - iii** Silver ions promote formation of reactive oxygen species.  
 Silberionen regen Sauerstoffradikale in der Zelle an.  
 Les ions d'argent entraînent la formation d'espèces réactives.  
 Los iones de plata promueven la formación de especies de oxígeno reactivas.
- 4** Microbes die, GRX castor is cleaner and more hygienic to use.  
 Die Mikroben sterben ab.  
 Les bactéries meurent, et la roulette GRX est plus propre et plus hygiénique.  
 Los microbios mueren, y la rueda GRX está más limpia y más higiénica.

## GRX ANTIMICROBIAL CASTORS WITH BioCote® TECHNOLOGY

Designed for use in care homes, hospitals and other environments where surface protection from microbes is important, Guy-Raymond's antimicrobial castors incorporate BioCote® silver ion technology.

BioCote® technology:

- inhibits the growth of microbes such as odour causing and staining bacteria, moulds and fungi, disrupting the normal cell function of microbes and stopping them from reproducing;
- starts to have an effect after just 15 minutes;
- reduces the level of microbes on the treated surface by up to 99% in two hours;
- will not wear off or wash away, because the antimicrobial additive is incorporated into the castor tyre and pedal at the time of manufacture.

Further information about BioCote® technology is available at [www.biocote.com](http://www.biocote.com).

BioCote® is a registered trademark of BioCote Limited. This product does not protect users or others against disease causing bacteria, germs, viruses or other harmful organisms. BioCote always works best in environments which are regularly cleaned.  
This technology is not a substitute for good hygiene and/or cleaning practices.

## GRX ANTIMIKROBIELLE ROLLEN MIT BioCote® TECHNOLOGIE

Überall da wo Schutz vor Keimen, Bakterien, Viren und Schimmel an oberster Stelle steht. In Krankenhäusern, Pflegeheimen und Küchen hilft die neue Guy-Raymond GRX Antimicrobial Rollenserie mit BioCote® antimikrobiellen Silberionen.

Wie?

- Silberionen bekämpfen Viren, Bakterien und Schimmel, in dem sie die normalen Zellenfunktionen stören und somit deren Fortpflanzung und Verbreitung unterbinden.
- Die Wirkung der Silberionen kann schon nach 15 Minuten nachgewiesen werden.
- Nach 2 Stunden ist ein Mikrobenrückgang von bis zu 99% erkennbar.
- Es handelt sich nicht um eine einfache Beschichtung, die Wirkung der Silberionen nutzt nicht ab da es vor der Produktion der Rolle im Kunststoffgemisch des Rades und des Bremshebels mitinkorporiert wird.

Weitere Informationen zu BioCote® Silberionen finden Sie unter [www.biocote.com](http://www.biocote.com)

BioCote® ist ein eingetragenes Warenzeichen Marke der BioCote Limited. Dieses Produkt bieten seinen Benutzern oder Anderen keinen Schutz vor krankheitserregenden Bakterien, Keimen, Viren oder anderen Scadorganismen. Grundsätzlich funktioniert BioCote am besten in den Umgebungen, die regelmäßig gereinigt werden.  
Diese Technologie ist kein Ersatz für eine gute Hygiene-bzw. Reinigungspraxis.

## NOUVELLES ROULETTES GRX ANTIMICROBIENNES AVEC LA TECHNOLOGIE BioCote®

Destinées aux maisons de soins, aux hôpitaux et aux autres environnements dans lesquels la protection des surfaces contre les microbes est importante, les roulettes antimicrobiennes Guy-Raymond comportent la technologie d'ions d'argent BioCote®.

La technologie BioCote® :

- Inhibe la prolifération de bactéries, moisissures et champignons, perturbant leurs fonctions cellulaires normales et arrêtant leur multiplication.
- Commence à avoir de l'effet après seulement 15 minutes;
- Réduit les niveaux de contamination bactérienne sur les surfaces traitées jusqu'à 99% dans un délai de deux heures;
- Ne sera pas effacée ou enlevée par le nettoyage, car l'additif antimicrobien est intégré dans les bandes souples et la pédale de frein de la roulette lors de la fabrication.

Pour des renseignements complémentaires sur la technologie BioCote®, merci de consulter le site [www.biocote.com](http://www.biocote.com)

BioCote® est une marque déposée de BioCote Ltd. La technologie BioCote® ne remplace pas le nettoyage. Ce produit comporte la technologie antimicrobienne sous forme de verre de phosphate d'argent pour préserver la surface et prévenir la dégradation provoquée par la prolifération de microbes.

## RUEDAS GRX ANTIMICROBIANAS CON LA TECNOLOGIA BioCote®

Proyectadas para los productos destinados a hospitales y otros sitios que requieren altos niveles de higiene, las ruedas antimicrobianas de Guy-Raymond son protegidas por la tecnología de los iones de plata de BioCote®.

La tecnología BioCote® :

- inhibe el crecimiento de bacterias, moho y hongos, interrumpiendo sus funciones celulares normales y impidiendo su reproducción;
- empieza a tener efecto después de sólo 15 minutos;
- reduce los niveles microbianos hasta en 99% en dos horas;
- no se desgasta y no se le lleva la limpieza, porque el aditivo antimicrobiano es incorporado en el pedal de freno y la rodadura de la rueda en el momento de fabricación.

Más información sobre la tecnología BioCote® está disponible en el sitio [www.biocote.com](http://www.biocote.com)

BioCote® es una marca registrada de BioCote Limited. La tecnología BioCote no sustituye a la limpieza sino que la complementa. Este producto contiene la tecnología antimicrobiana (vidrio de fosfato de plata) para preservar la superficie y prevenir la degradación provocada por el crecimiento bacteriano.

# GUY-RAYMOND ENGINEERING COMPANY LIMITED

## TERMS AND CONDITIONS OF SALE

### 1. THE CONTRACT

These conditions shall form part of every contract of sale entered into by Guy-Raymond Engineering Company Limited ("the Company") and any purported variation or exclusion (whether contained in any document of the buyer or otherwise) shall be of no effect unless accepted in writing by an authorised representative of the Company.

### 2. ORDERS AND SPECIFICATIONS

- 2.1 An order whether or not based upon a quotation shall not be binding on the Company unless accepted in writing by an authorised representative of the Company and where goods are supplied from the Company's stock despatch of the Company's invoice to the buyer shall be deemed such written acceptance.
- 2.2 All quotations are made subject to the goods or materials being available on receipt of the order.
- 2.3 All specifications, drawings and particulars supplied by the Company are approximate only unless otherwise stated and the Company reserves the right to alter specifications and make modifications without notice to the buyer.
- 2.4 Where the Company manufactures or applies a process to the goods as specified by the buyer, the buyer shall fully indemnify the Company in any third parties' claim for infringement of its intellectual property rights resulting from the Company's use of the buyer's specification.

### 3. PRICE

- 3.1 Unless otherwise stated all prices quoted are exclusive of VAT.
- 3.2 All prices are subject to revision without notice and will be invoiced at prices ruling at the date of invoice.
- 3.3 The buyer shall at the Company's written request pay a charge in addition to the price of the goods where special moulds, dies, tools or fixtures are required for production of the goods and which remain the property of the Company.
- 3.4 The buyer shall at the Company's written request pay a charge in addition to the price of the goods for all tests or modifications requested by the buyer after acceptance of the order.

### 4. PAYMENT

- 4.1 Where goods are delivered in the United Kingdom the payment terms of this clause 4 shall apply and where goods are for export the payment terms of clause 10 apply.
- 4.2 All sums become due and payable under these terms and conditions not later than 28 days from the date of invoice time being of the essence.
- 4.3 The Company reserves the right to charge interest at 3 per centum per annum above National Westminster Bank plc base rate from time to time in force on all overdue accounts, such interest being deemed to accrue on a day to day basis from the due date for payment in full.
- 4.4 If the buyer shall default in payment on the due date the Company shall be entitled to cancel the contract or suspend further deliveries of goods to the buyer whether or not ordered under the same contract and to stop any goods in transit.
- 4.5 If the buyer (being a Company) has a petition presented for its winding-up or the appointment of an Administrator or passes a resolution for voluntary winding-up otherwise than for the purpose of a bona fide amalgamation or reconstruction or compounds or enters into any arrangement with its creditors or has a Receiver or Administrative Receiver appointed of all or any part of its assets or (being an individual) becomes bankrupt or insolvent or enters into any arrangement with his creditors or any judgement is obtained against the buyer or any distress or execution is levied on any premises owned or occupied by the buyer or the buyer ceases or threatens to cease to carry on business or commits a material or serious breach of the contract or the Company reasonably apprehends any of the above events is likely to occur and notifies the buyer accordingly then the buyer will be deemed to have repudiated the contract and all sums owing to the Company on any account shall become due and payable immediately notwithstanding any previous agreement or arrangement to the contrary.

### 5. DELIVERY

- 5.1 Delivery dates are estimates only and time of delivery is not of the essence of the contract.
- 5.2 The Company shall not be liable for any loss whatever or however arising caused by its non-delivery.
- 5.3 The Company reserves the right to make delivery by instalments and to tender a separate invoice in respect of each instalment.
- 5.4 Where goods are sold to the buyer in the United Kingdom and are not for export the buyer shall either itself or by its duly authorised representative sign the delivery ticket as acknowledgement of delivery provided that on delivery to the address nominated by the buyer the Company shall be entitled to assume that any signature given is that of such a representative.
- 5.5 The Company reserves the right to deliver up to 10% more or less than the quantity ordered and adjust the price pro rata.
- 5.6 The Company reserves the right to invoice and deliver goods made to the buyer's specification notwithstanding the termination of the contract however caused.

### 6. INSPECTION

- 6.1 The Company shall have no liability for any defects or shortages that would be apparent on careful inspection on delivery unless a written complaint is delivered to the Company within 7 days of delivery detailing the alleged defect or shortage.
- 6.2 The Company's liability in respect of such defects or shortages shall be limited to replacing or repairing or giving credit for such goods as determined by the Company.

### 7. TITLE AND RISK

- 7.1 Title in all the goods shall remain in the Company until payment due under all contracts is received in full or until title passes in accordance with clause 7.2 (whichever is the sooner).
- 7.2 Clause 7.1 shall not prevent the buyer from agreeing to sell the goods and in the event of such agreement title in the goods shall

remain with the Company until such time as title in the goods is to pass to the sub-purchaser and payment is received under the terms of the said agreement.

- 7.3 The relationship between the Company and the Buyer shall be fiduciary in respect of the goods until such times as title in the goods passes from the Company. In the event that title in the goods passes from the Company by virtue of a sale under clause 7.2 the fiduciary relationship of the Company's proprietary right shall transfer to the proceeds thereof and (without prejudice to the above) the buyer shall hold the said proceeds on trust for the Company in a separate bank account opened for this purpose to make or complete full payment for the goods.
- 7.4 If the buyer shall default in payment on the due date or if any event specified in clause 4.5 shall occur the Company shall be entitled to repossess the goods and the buyer shall grant the Company an irrevocable licence to enter upon any land or premises where goods are situated for the time being to recover the goods. This right shall continue to subsist notwithstanding the termination of the contract for any reason and is without prejudice to any other rights of the Company.
- 7.5 The risk in the goods shall pass to the buyer upon delivery.

### 8. REPRESENTATIONS

- 8.1 The buyer is responsible for the suitability of the goods.
- 8.2 The goods are supplied by the Company on the basis that they conform to the written terms and to any description contained in this document. No other representations, terms, conditions or warranties of any sort whatever whether written or oral alleged to have been made or entered into by the Company or any servant or agent of the Company shall be of any force or effect.

### 9. GUARANTEE

- 9.1 Subject to the conditions of this clause 9 the purchase price of the goods will be refunded or at the Company's option the defective part or parts of the goods will be replaced if the Company is satisfied that they were defective in materials and workmanship on delivery and notice of the defect is given to the Company within six months of delivery and the goods are returned carriage paid.
- 9.2 The Company shall have no further liability in respect of the goods or any defects therein and all conditions and warranties whether express or implied by law as to the quality of the goods or their fitness for a particular purpose or otherwise are expressly excluded except insofar as statute provides to the contrary.
- 9.3 The Company shall not be responsible for any injury damage or loss caused directly or indirectly by the goods whether as a result of their operation or use or otherwise and whether as a result of any defect or otherwise and the buyer shall indemnify the Company from any claim arising from such injury damage or loss suffered by any third party except insofar as statute provides to the contrary.
- 9.4 Where the goods are sold under a consumer sale (as defined by the Sale of Goods Act 1979) the statutory rights of the buyer are not affected by these conditions.
- 9.5 The Company's liability in respect of the goods under this clause 9 shall not exceed the purchase price of the goods.

### 10. EXPORT ITEMS

- 10.1 Where the goods are supplied for export from the United Kingdom the provisions of this clause 10 shall apply.
- 10.2 The buyer shall be responsible for complying with any legislation or regulations governing importation into the country of destination and for payment of any duties.
- 10.3 The Company shall specify the terms of delivery on its written acceptance of order under clause 2.1 as either C.I.F. main sea port or F.O.B. the UK air or sea port of shipment in which event the Company shall be under no obligation to give notice under section 32 (3) of the Sale of Goods Act 1979.
- 10.4 The buyer shall be responsible for arranging for testing and inspection of the goods before shipment at the Company's premises and the Company shall not be liable for any claim in respect of any defect in the goods which would be apparent on inspection and which is made after shipment, or in respect of any damage during transit.
- 10.5 The terms of payment shall be agreed in advance in writing by a duly authorised representative of the Company.

### 11. INTELLECTUAL PROPERTY

The copyright, design right, registered design, patent, trade mark or any other intellectual property right in relation to the goods and tooling remains the property of the Company.

### 12. FORCE MAJEURE

The Company will not be liable for any loss or consequential liability or damage resulting from any delay in performing or failure to perform the contract by reason of an act of God, explosion, flood, fire war, riot, strike, lock-out, government control or regulation, abnormal weather conditions, accident, breakdown or any other circumstances beyond the Company's control.

### 13. GENERAL

- 13.1 These Terms and Conditions as amended from time to time will apply to any subsequent orders placed by the buyer.
- 13.2 No waiver by the Company of any breach of the contract by the buyer shall be considered as a waiver by any subsequent breach of the same or any other provision.
- 13.3 Any notice to be given shall be in writing and shall be deemed to have been duly given if sent or delivered to the buyer at its registered office or principal place of business or such other address as may at the relevant time have been notified to the Company pursuant to this clause 13.3 and shall be deemed to have been served, if sent by post, 48 hours after posting or if by telex or facsimile transmission at the time of sending.
- 13.4 The contract shall be governed by English law. The only tribunals with authority to determine any dispute arising directly or indirectly from the contract shall be the Courts of England.
