

## FURNISHING FUTURES

**SURFACE  
DESIGN  
SHOW**  
BUSINESS DESIGN CENTRE  
LONDON 6-8 FEB 2024  
[surfacedesignshow.com](http://surfacedesignshow.com)

Surface Design Show is proud to partner with Furnishing Future to collect and distribute furniture donations from exhibitors.

Furnishing Futures creates beautifully designed, fully furnished homes for low-income families and women and children who have escaped domestic abuse and been given empty social housing, often without flooring or white goods. They partner with the interiors industry to provide a sustainable solution to waste, to enable them to repurpose good quality, ex-display, returns, props or donated furnishings.

This year, we are happy to have them join us at [Surface Design Show](#).

### WHAT CAN YOU DONATE?

Furnishing Future collect furniture that are in **excellent or 'as new' condition**, and suitable for use in families' homes.

Giving;

- **Children beds** ensures that they get a good night's sleep and can learn in school the next day
- **Sofas and chairs** create a space to relax and giving tables and chairs gives families the opportunity eat together and a space for children to do their homework
- **Artwork, lamps, cushions, and rugs** are the finishing touches that help to make a house a healing home and help us show marginalised families that they are valued and cared for

Please note that conditions apply, for more information please visit [Furnishing Futures](#)

### HOW CAN YOU DONATE AT SURFACE DESIGN SHOW?

- Please note that furniture **cannot be donated last minute**, you must [contact Furnishing Futures](#) before the show to confirm that they can take your furniture. As they are a small charity with limited space, they need to be sure that they can manage the donations and be sure to put them to good use
