

SAY HELLO TO ... DECORATIVE MDF

MDF HAS NEVER BEEN SO **STYLISH AND EASY TO USE**. THIS LATEST GENERATION OF MDF PANELS COMBINES A **STRONG, COLOURED CORE** WITH A **LACQUER COATING OF UNBEATABLE QUALITY**.

THE BENEFITS OF DECORATIVE MDF

- **Pleasing on the eye:** 3 high-quality, decorative lacquer finishes (Super Matt, Satin & High Gloss), with visible natural fibres.

Tip: Super Matt and Satin are suitable for both horizontal and vertical applications, except worktops. For High Gloss, we recommend vertical applications only.

- **Exceptionally high quality:** colourfast, scratch-resistant and easy to maintain.
- **Ready-to-use panels:** immediately usable without edge tapes, or with matching edge tapes of the same colour and gloss level.
