

# About Us

Ravi (left) & Dan (right) established Stratum Designs in 2020. They came from their own directions - Dan as an Expedition Leader & Carpenter, Ravi as an Arts Educator and Designer Maker. Building upon strong core values, huge sustainability goals and honest transparency, their joint venture has developed into the business you see today.

These two talented makers combine innate ability and learnt skills to create beautiful hand-crafted work, unique to the world of furniture, Interiors and Modern Marquetry alike.

Offering expert 1 to 1 consultation and 3D design for any Bespoke Project, customisable off-the-shelf furniture and Innovative Parquet Flooring, Stratum Designs' ability to capture beauty, quality and value is second to none.

# What we do

## #1 Bespoke Projects

### Kitchens, Interiors & Furniture

During the first two stages of your Bespoke Project Journey, we work closely together through in-depth consultation. Personalise your designs whilst being led by our team and their years of experience & expertise. Enjoy three dimensional digital imagery, allowing you to visualise the space before moving forward with the final design.

## #2 Customisable off-the-shelf products

### Personalise any of our shop items

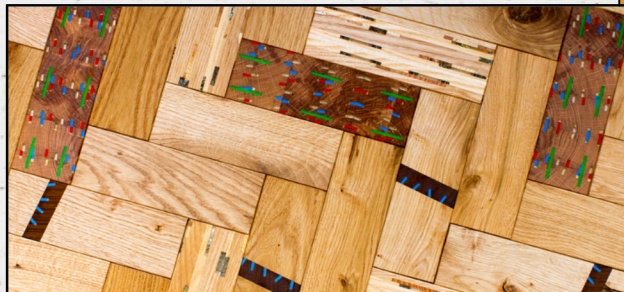

Specify your chosen marquetry pattern, colour palette, form and density to create a unique statement piece, perfect for your home. Explore our extensive range of Seating, Tables, Lighting, Storage & Wall art.

## #3 'Marquet' Flooring

### Marquetry meets Parquetry

Choose from one of our flooring patterns, create your own custom tessellations or enhance an existing floor. All flooring is manufactured to the highest standard & suitable for a wide range of applications. It is sure to bring character to your home.
