The background of the entire page is a close-up, high-angle photograph of several overlapping pieces of brass mesh. The mesh is made of thin, woven wires, creating a complex, three-dimensional grid pattern. The lighting is dramatic, coming from the upper left, which highlights the metallic sheen and the intricate weaving of the mesh while casting deep shadows in the recesses. The pieces of mesh are arranged in a way that creates a sense of depth and texture, with some pieces appearing more prominent than others.

Macquarie Group HQ
AC900 Ceiling System
Polyester Powder Coated - RAL 3009

A photograph of a modern office interior. The ceiling is a grid of red-painted metal beams, with some sections covered by white acoustic panels. A staircase with a red metal railing and glass balustrade is on the left. A person is walking on a mezzanine level. In the foreground, there are red armchairs and a small table. A large glass wall is on the right. The overall color scheme is dominated by red and white.
