AC100

Lay-in expanded mesh panel in exposed T-24 bar grid

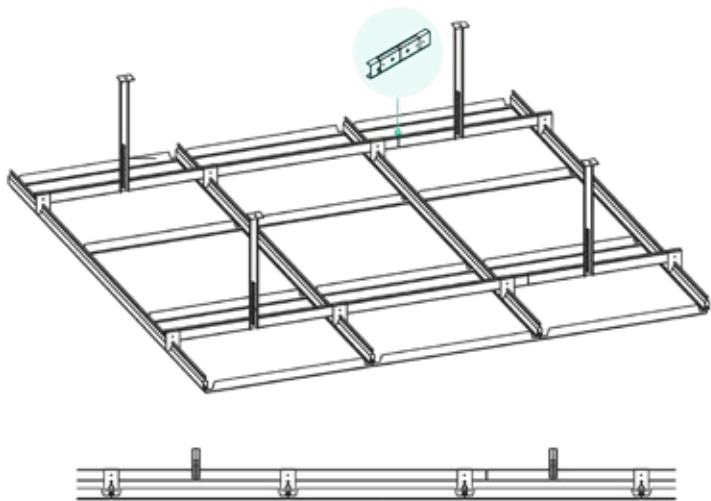

AC110

Lay-in expanded metal panel in exposed T-24 bar grid

A photograph of a modern interior space, likely a lounge or waiting area. The ceiling is high and features a grid of recessed lighting. Large windows on the right side provide natural light. In the foreground, there are several orange, curved, modern-style chairs. In the background, there is a long, low counter or reception area with a person standing behind it. A small digital display is visible on the wall in the background.

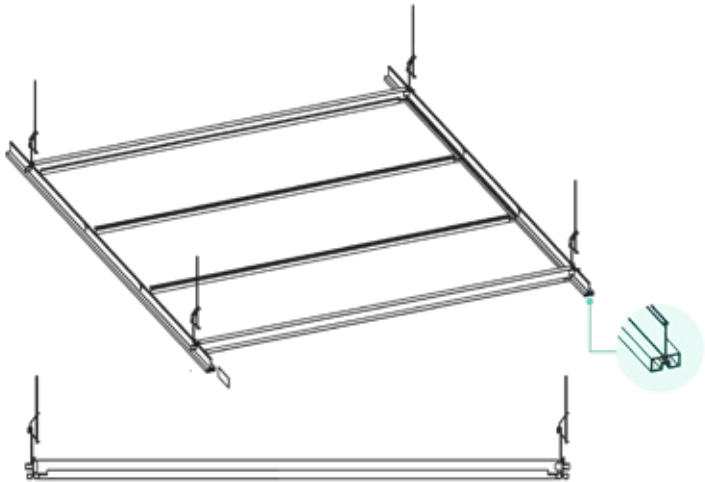

AC120

Clip-in metal panel with concealed grid

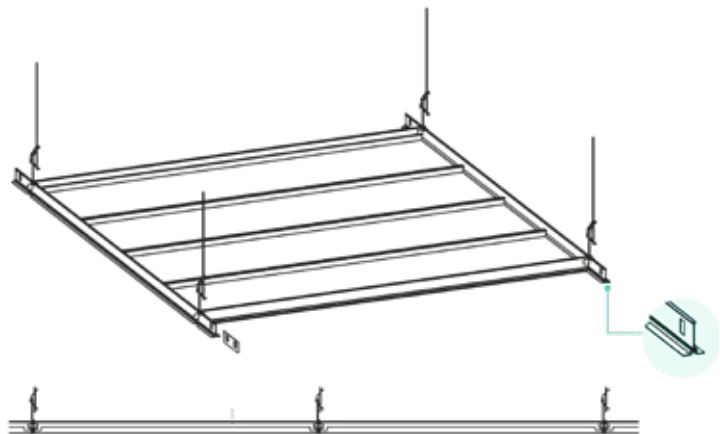

AC130

Lay-on metal panels supported on extruded one-way grid

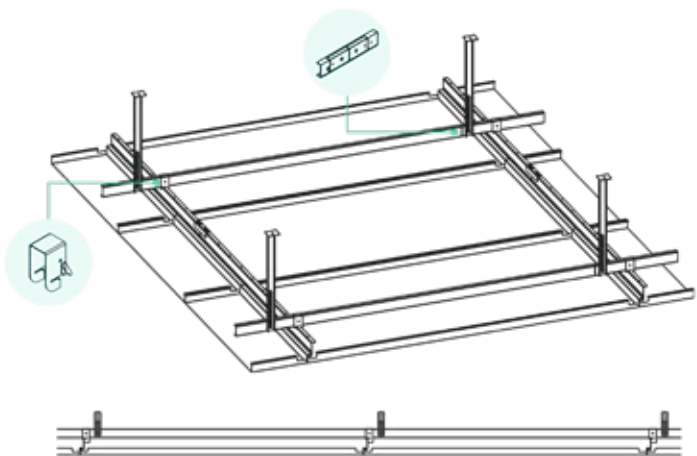

AC210

Lay-in metal panel in exposed modular top hat grid

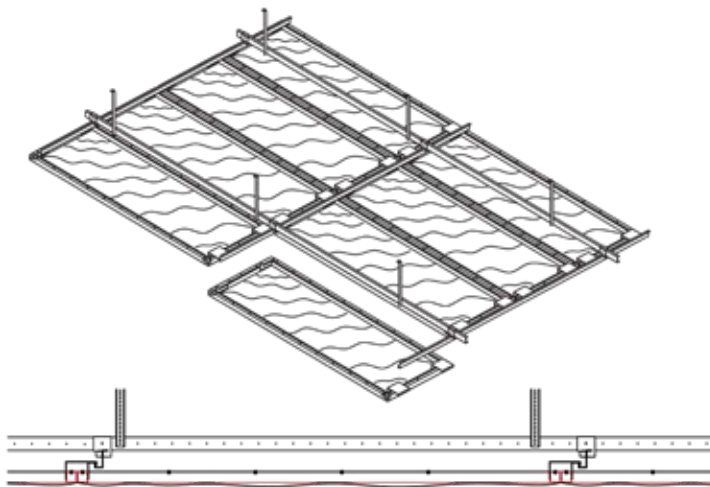

AC300

Hook-on Z-bar, concealed grid

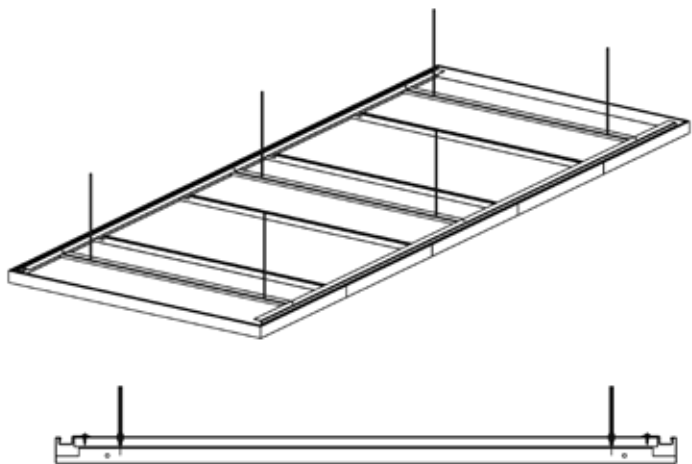

AC300W

Water ripple hook-on Z-bar, concealed grid

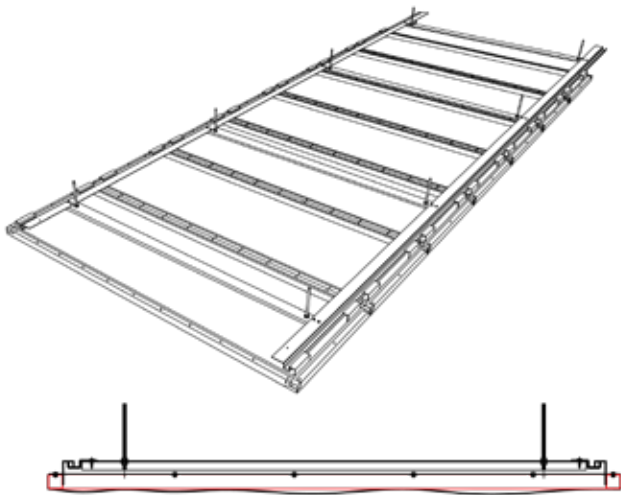

AC320

Hook-on shallow raft concealed grid

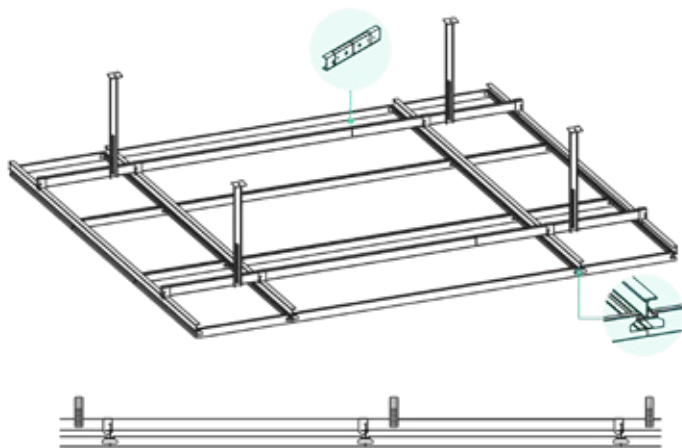

AC320W

Water ripple hook-on shallow raft

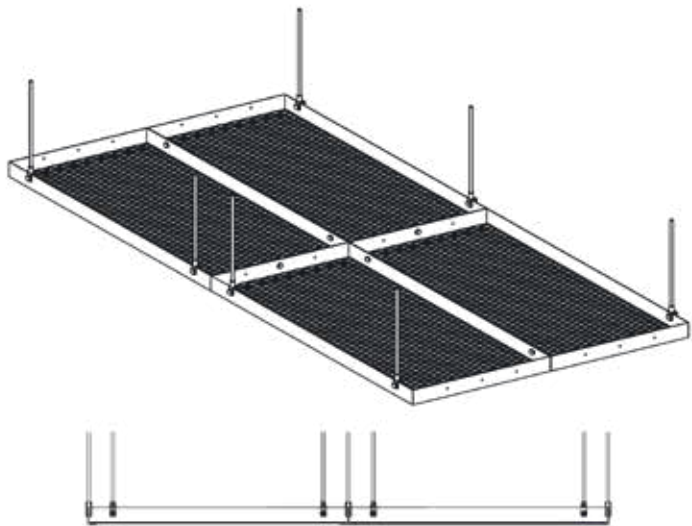

AC330

Hook-on H-bar, concealed grid

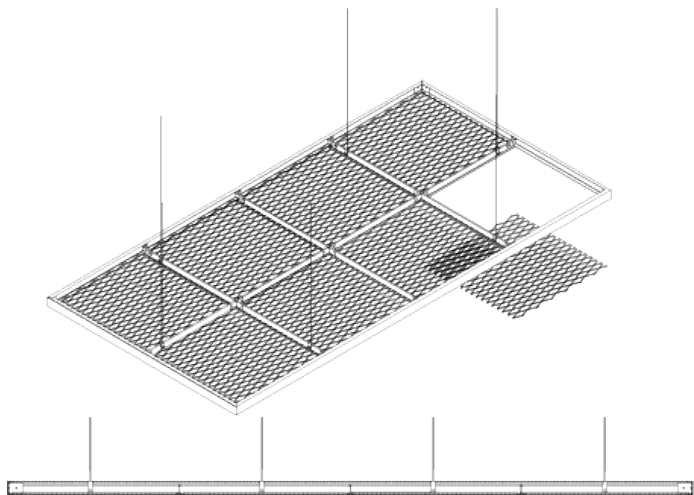

AC400

Bespoke mesh rafts

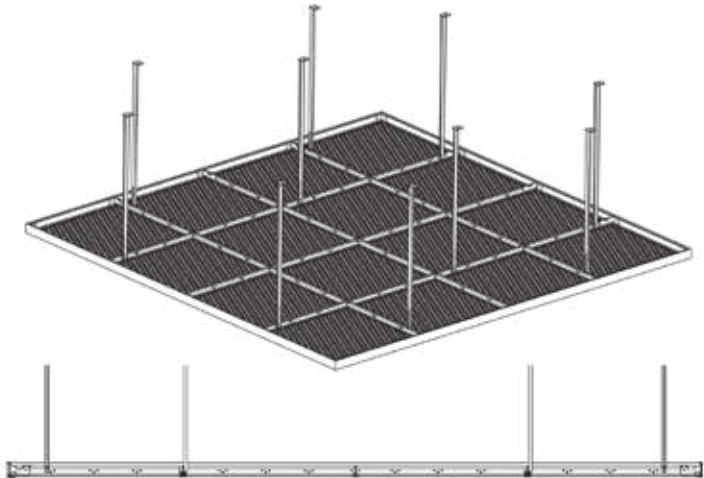

AC500

Mesh lay-in raft with exposed alumunium T grid

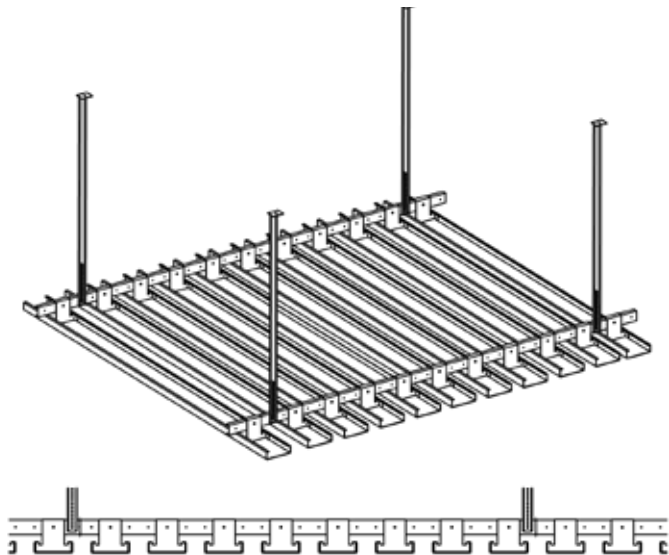

AC550

Mesh lay-in raft with exposed steel T-24 bar grid

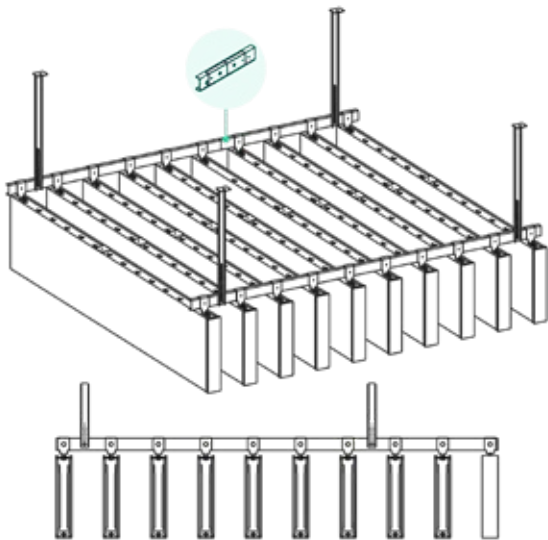

AC600

Linear exposed service zone C-profiles with nominal gaps

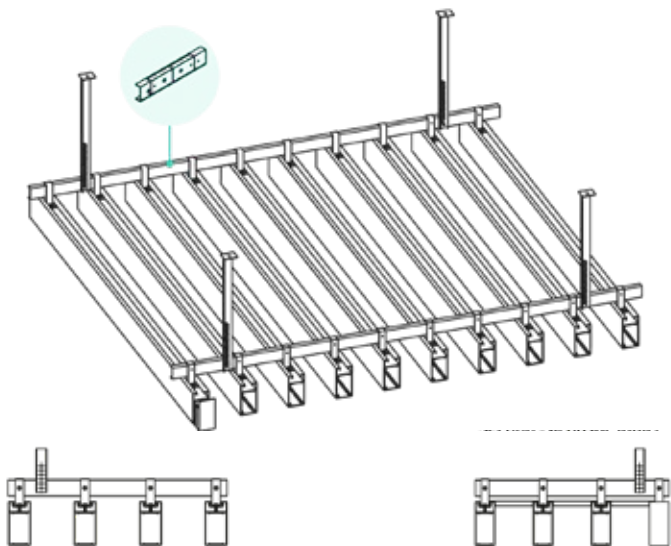

AC610

Acoustic baffle ceiling

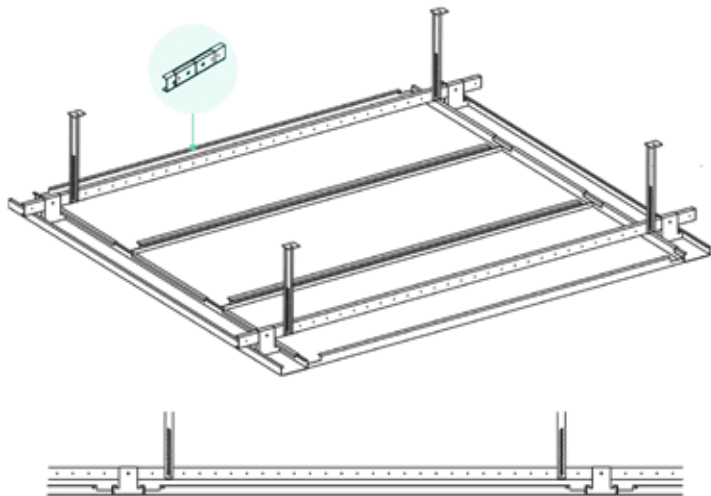

AC620

Acoustic aluminium linear slatted ceiling solution

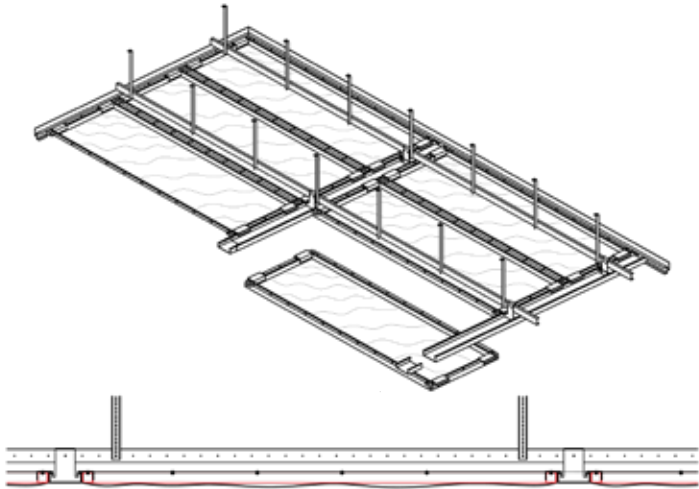

AC700

Lay-on metal panels with exposed supporting service zone profiles

AC700W

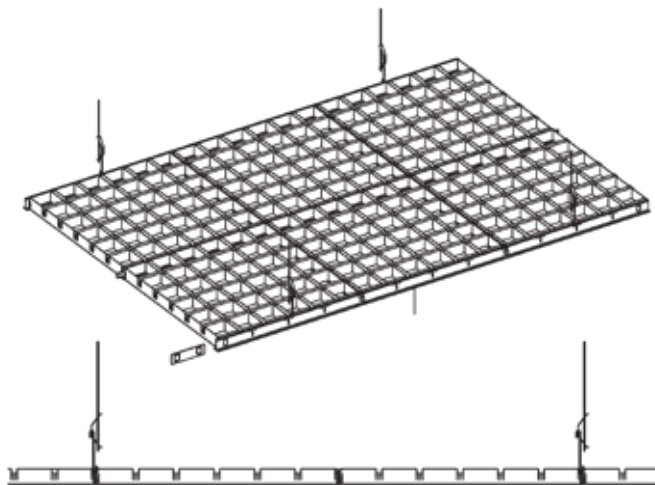

Lay-On Water-Ripple panels with exposed supporting service zone C-profiles

A photograph of a modern office interior. The ceiling is a white grid with recessed lights and ventilation. The walls are dark grey with circular light fixtures. A glass partition with a black frame separates the foreground from a meeting room. The meeting room has a long wooden table, several chairs, and large windows overlooking a city. The floor is light grey.

AC900

Open cell lay-in ceiling tiles
