

Hybrid & Icon®

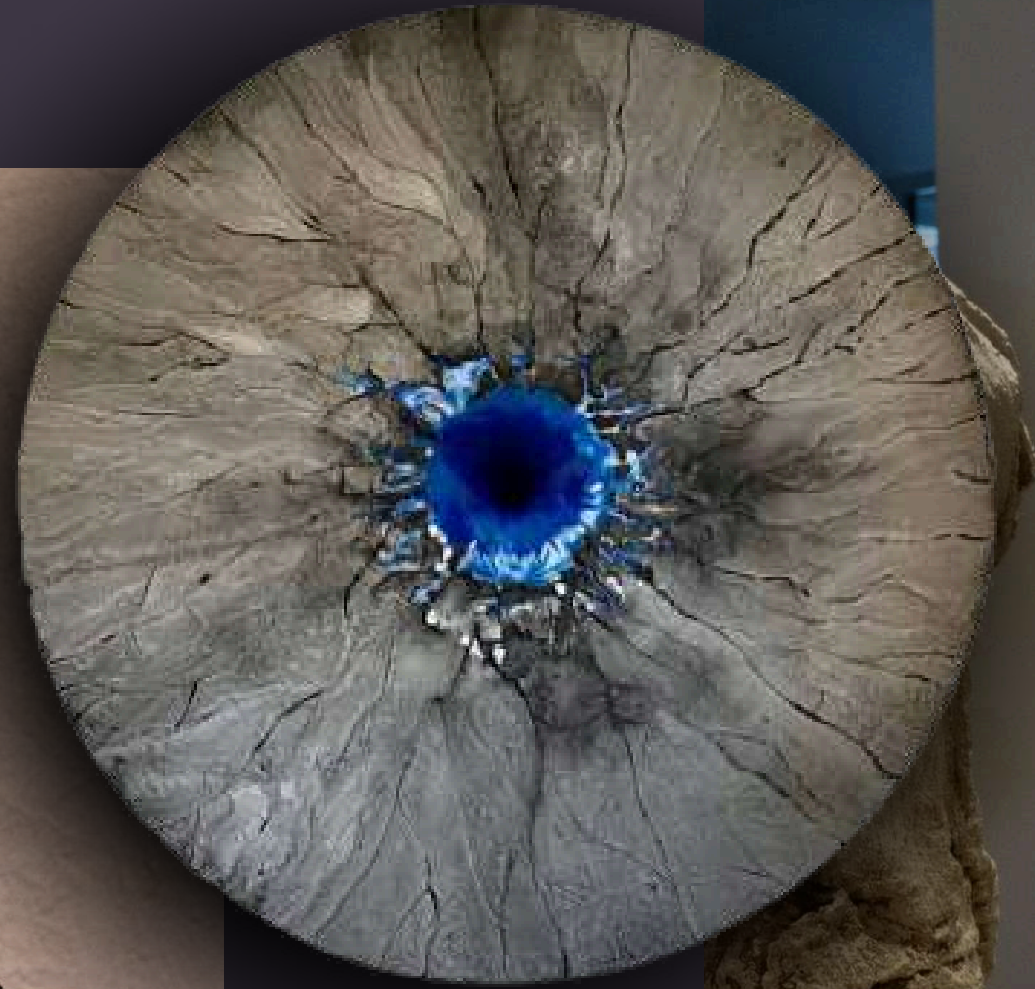

ART COLLECTION

 Alma LONDON is Hybrid & Icon® official dealer

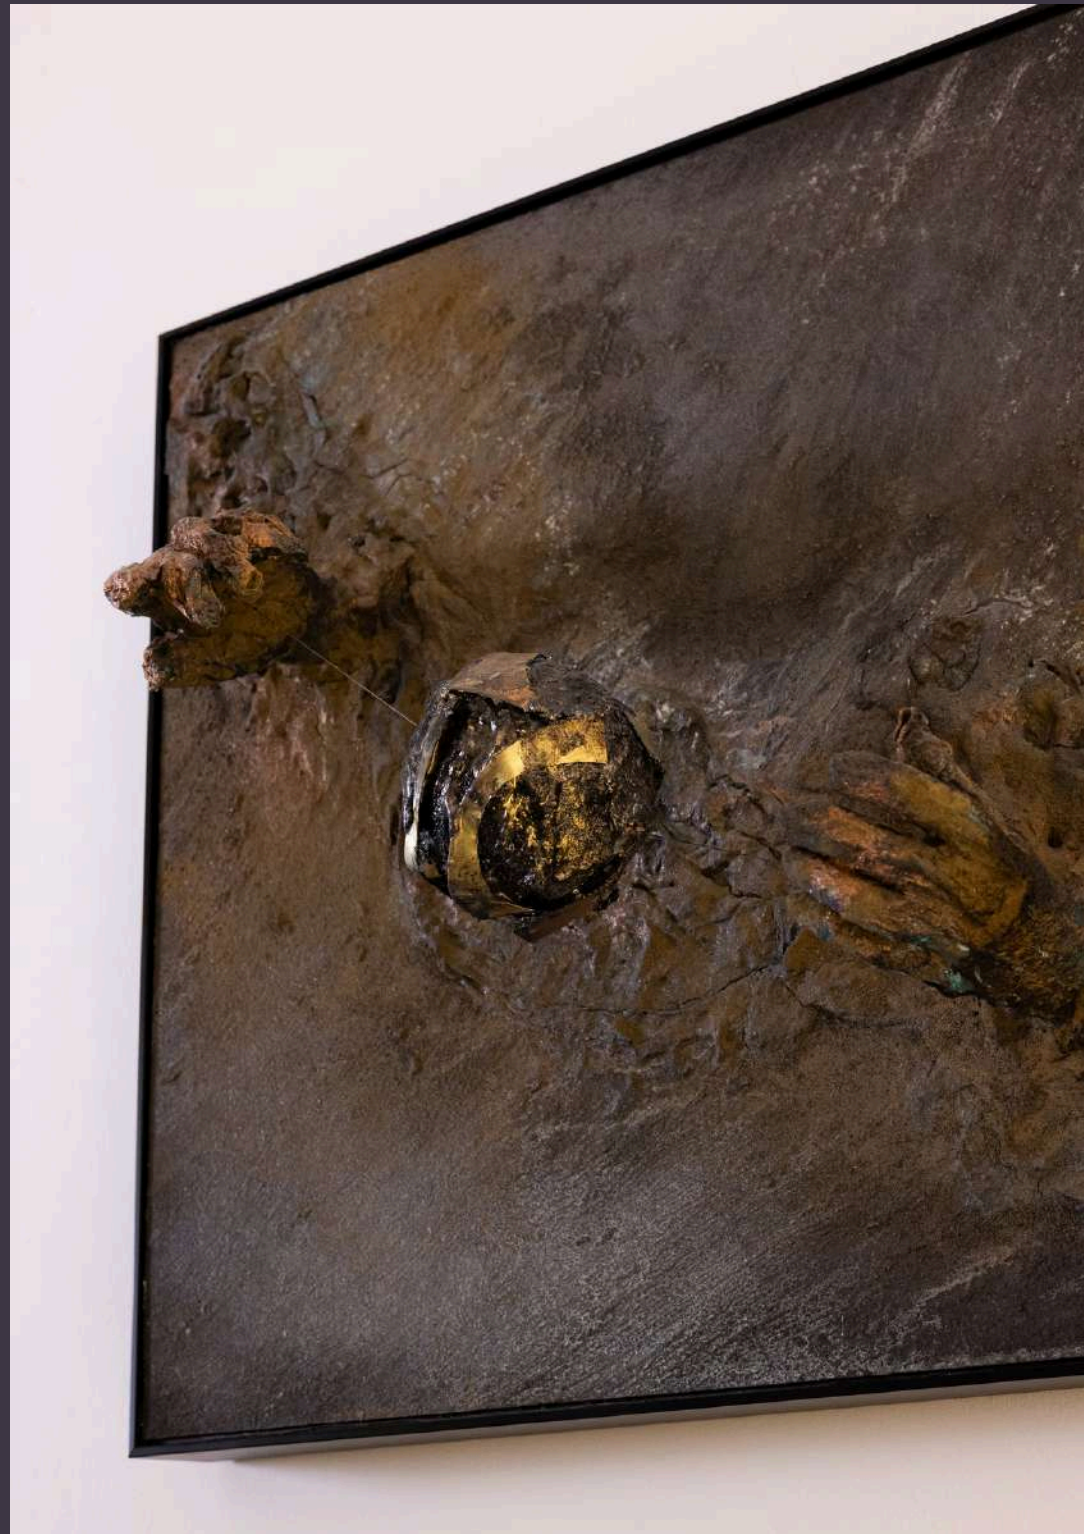

ART COLLECTION

*"We create atmospheres that tell of a parallel world
where art blends with material..."*

The highly versatile Hybri&Icon product has inspired international artists to create stunning paintings and sculptures showcased in various galleries.

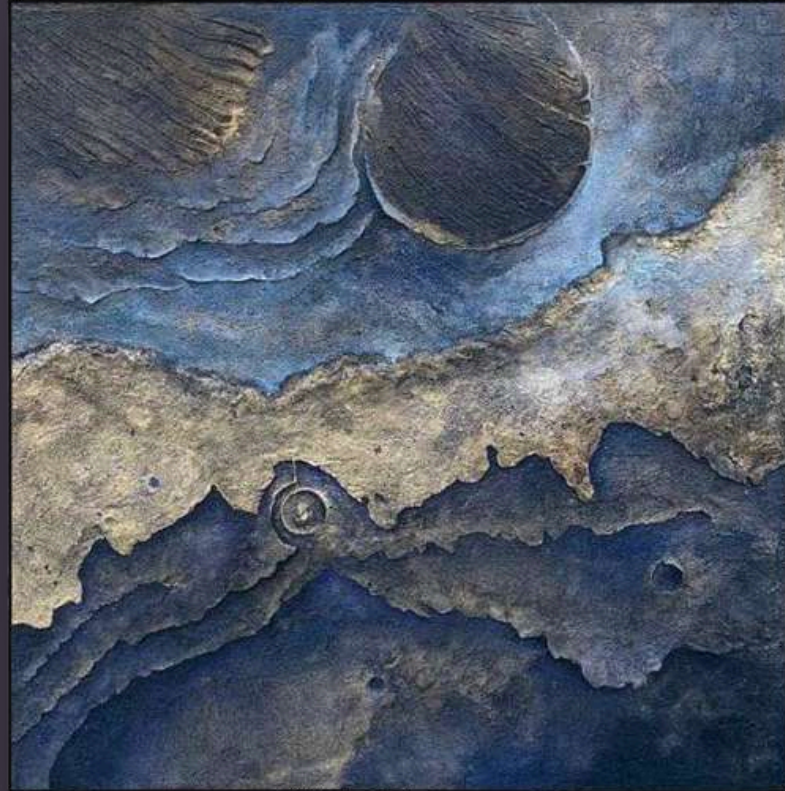

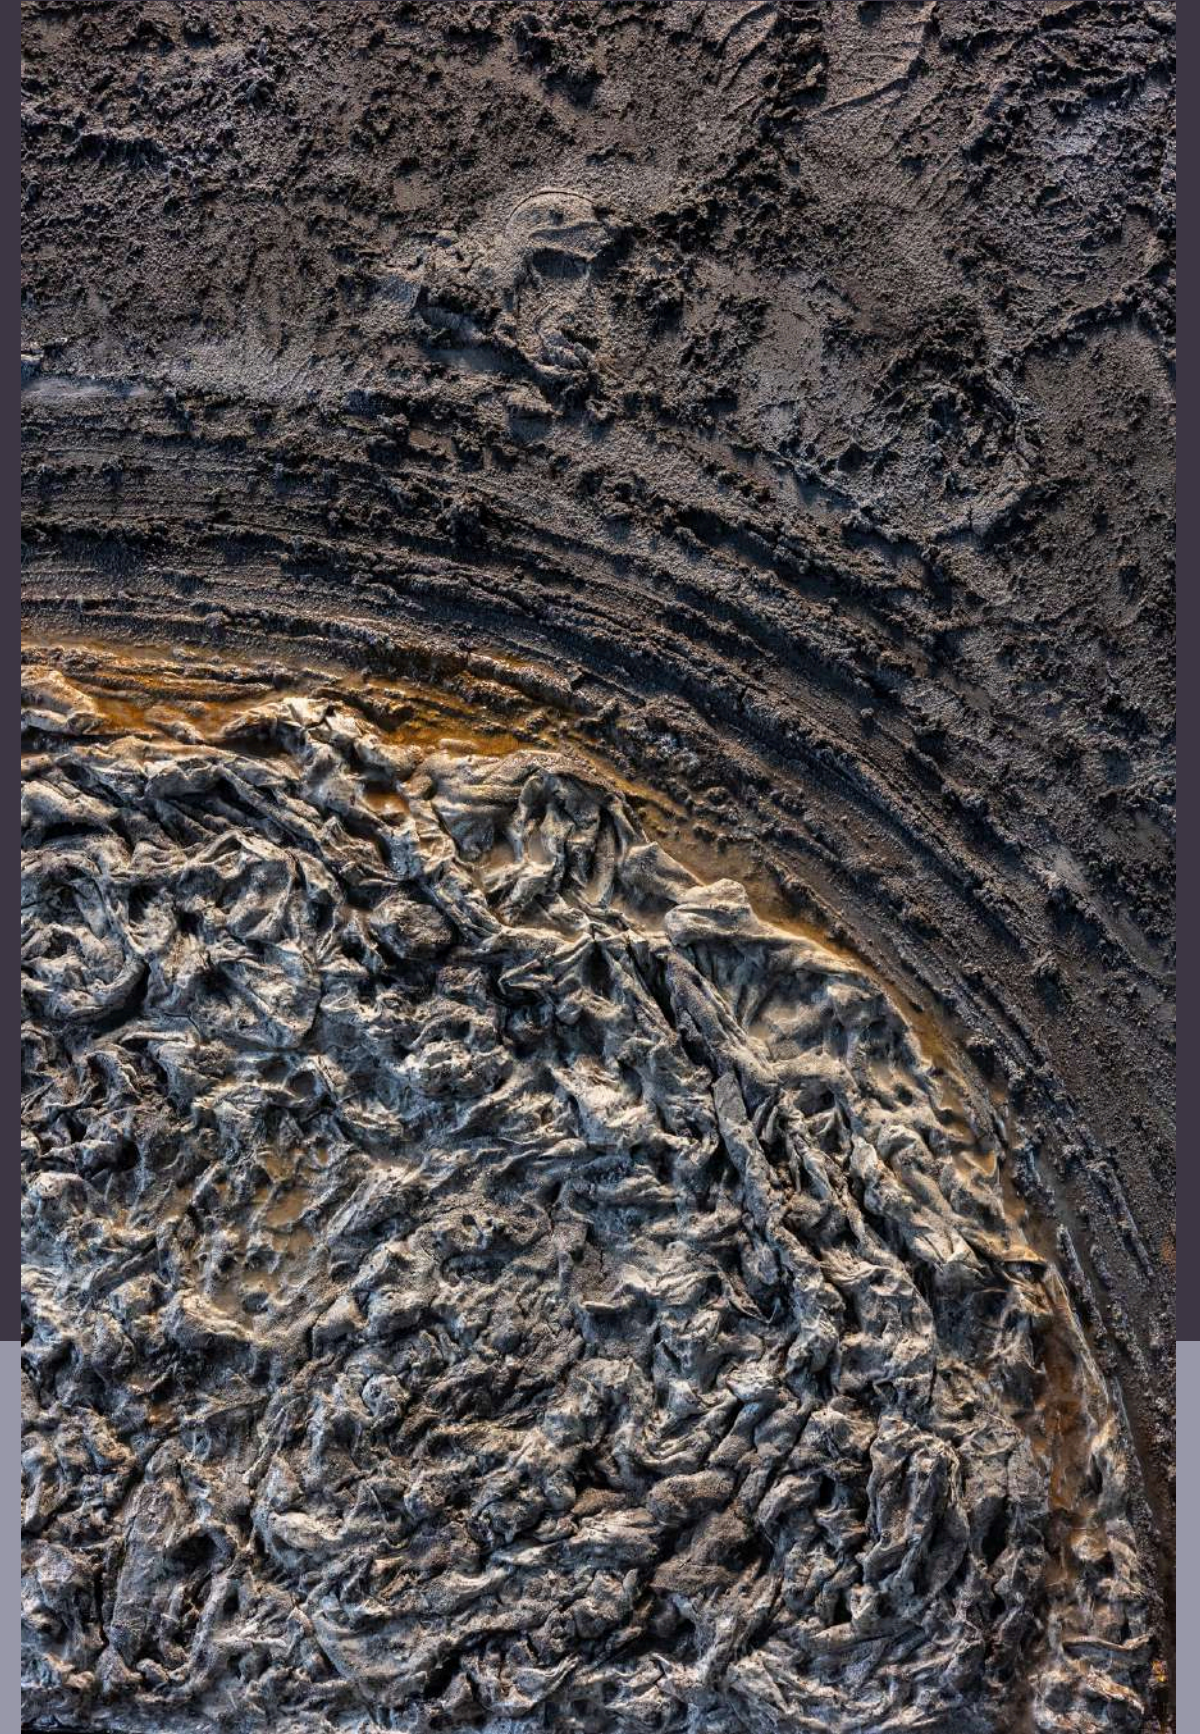

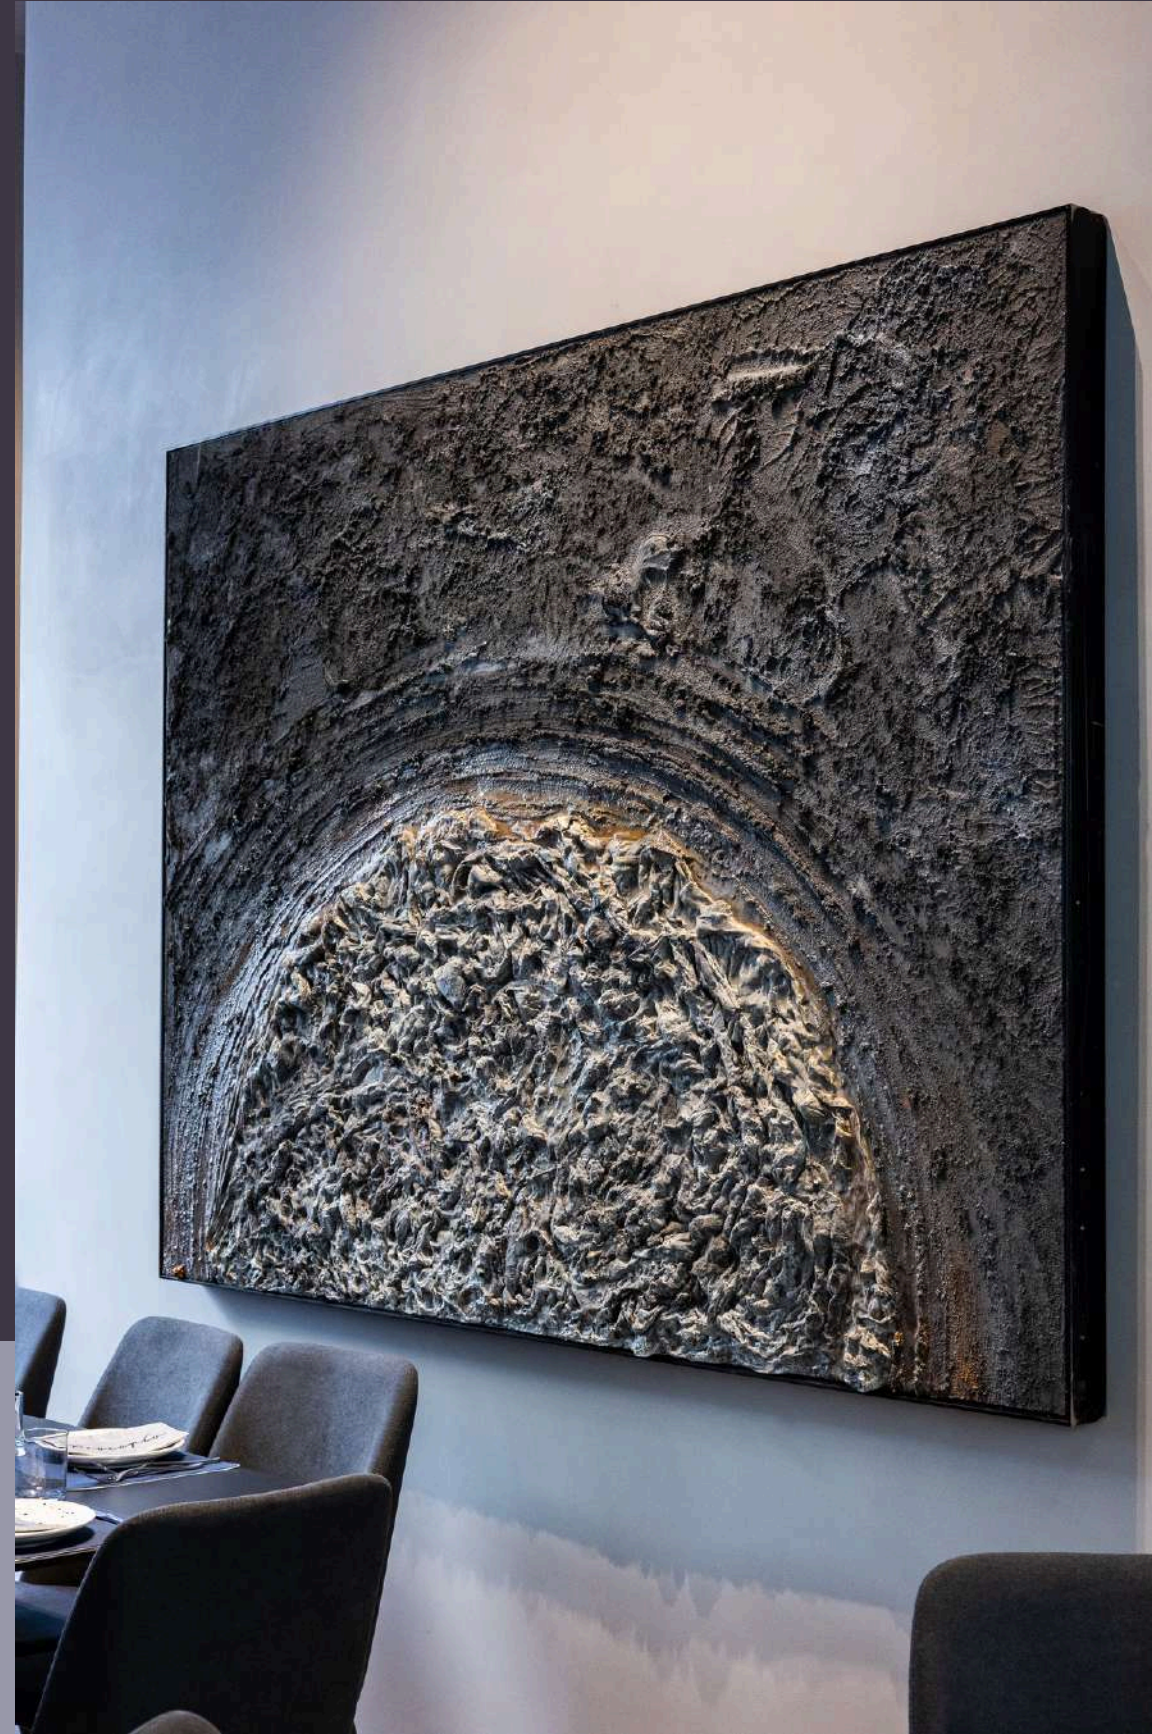

These pieces showcase abstract designs, geographical mappings, and amorphous or anthropomorphic shapes, seamlessly blending ancient techniques with a contemporary aesthetic.

The installations feature colors drawn directly from natural materials, crafting atmospheres that evoke a parallel world where art and matter seamlessly blend.
