

STONE FEDERATION PLINTH PACKAGE

Please note, any additional electrics or furniture must be ordered directly with the relevant contractor. Please find the contact details and order forms in the [Operations Manual](#).

Included in your package are the following:

- Walling painted black (2.74m high)
- Plinth for each exhibitor inc. internal storage
- Nameboard on front of each plinth
- Spotlight for each exhibitor
- Back wall graphic (900mm x 1740mm) for each exhibitor
- Stone Federation graphic
- Black Stool for each exhibitor

WALLS

Each panel measures 2.74m high x 1m wide and 50mm thick. It is constructed from plywood on a timber frame and painted black.

The walls will have the Stone Federation logo and a graphic per exhibitor displayed behind their plinth so there is no additional room for branding or product to be affixed to the wall.

COMPANY NAME AND PLINTH NUMBER

A vinyl nameboard will be fitted on the front of your plinth with your plinth number and company name.

The name is taken from the contract, should you wish to check or change this please let [the organisers](#) know immediately. **Any changes made after Friday 16th January may incur a charge of £75.00 to reprint the nameboard.**

FLOORCOVERING

The Business Design Centre is a permanently carpeted venue with dark grey carpet.

LIGHTING & ELECTRICS

The Stone Federation plinth package includes:

- **1 x Long Arm Spotlight per exhibitor**

This will be positioned directly above the back wall graphics. Please note that an electric socket is not provided.

PLINTH

The black plinth will be made out of the plywood, like the wall panel (please see details below). Only pins, nails, screws and mirror plates may be used to hang exhibits. Blue tack, low adhesive double sided can also be used. If you wish to use velcro please ensure masking tape is applied to the panel first.

The plinth will be painted black and will be 800mm x 800mm and 1m high. The front side will have your company name on it. The back side will be open for you to store bags and literature. This leaves the top and two side walls to decorate as you wish. However please do take a look at the position of your plinth to check there is visibility on the sides of the plinth.

GRAPHIC

Please send your graphic to [the organisers](#) in **high-resolution pdf** format by **6th January 2026**. For the artwork guidelines, please contact the organisers.

FURNITURE

The Designer Row package includes:

- 1 x Black stool
