

## Self Study Program-Reviewer Comment Summary

### CRITERION

1. Determine whether the program was developed in a manner consistent with its learning objectives. The program's content and audience level should correspond with the backgrounds of intended participants.

Comments:

2. Determine whether the program appears to be well written, current, technically accurate, and free of grammatical errors.

Comments:

3. Determine whether the program tests for understanding of material by eliciting participant response through the use of review questions. Each review question should include reinforcement feedback for correct responses and evaluative feedback for incorrect responses.

Comments:

4. Determine whether the program provides evidence of satisfactory completion of each program through the use of a final examination.

Comments:

5. The reviewer should determine whether the CPE credit to be awarded is reasonable.

Comments:

Please include any other additional comments regarding the course/program.
