DELTEK PRODUCTS

For over 30 years, Deltek has uniquely delivered leading enterprise software and information solutions for project-based businesses. Their unparallleled solutions and industry expertise deliver actionable insights, enabling contractors to streamline their processes and increase their bottom line. Strategic Consulting Solutions and their staff of professionals were early adopters of the software and have mastered the complexities of implementation, legacy system data transitions and hands-on training of the new system.

SOFTWARE IMPLEMENTATION AND HOSTING

Software implementation and support is one of our primary services. We have implemented various software packages for many clients.

We have also assisted companies with finalizing their implementations after unsuccessful efforts.

Our approach to the implementation involves detailed planning, constant monitoring, and quality design and implementation. We help you design the software in a way that will meet growth and change. Letting our IT Department host and maintain your software is a safe and easy way to manage your system.

POLICY AND PROCEDURE DEVELOPMENT

Our consultants will work with you to update or develop policies and procedures using a template that can be customized to meet your company's specific needs or modules for Deltek software.

BUDGET PREPARATION

Our experts can assist your organization to process, integrate the budget with your accounting software, and develop reports that compare financial performance against these budgets.

OUTSOURCED ACCOUNTING

All the benefits of compliant software without the capital outlay.

Outsourced Accounting uses our staff to process your daily accounting transactions.

Services include financial statement preparation, accounts payable processing, including payroll taxes, billing, project reporting, and cash management. You can be assured that your system will be DCAA compliant.

COMPLIANCE SUPPORT

SCS consultants have been involved in government contracting throughout their careers. We provide this expertise to our clients through:

- Incurred Cost Submission preparation
- Advisory services related to Cost Accounting Standards
- Assistance through DCAA audits
- Disclosure statement preparation
- Forward pricing rates
- Proposal Development
- Compliance Review
