

TECHNOLOGIES OF INTEREST

- Analytic Services
- App Development
- AR/MR/VR Wearables
- Artificial Intelligence
- Authentication Means/Services
- Cloud Computing, Storage
- Cyber Security
- Data Analytics
- Data Mapping
- Data Mining
- Data Security
- Data Storage and Retrieval
- Decision Support Tools
- DEVSECOPS, containers
- Display Systems
- Enterprise Architecture
- Enterprise Monitoring Solutions
- Experiential Training Systems
- Information Digitization
- Intelligent Networks
- Machine Learning
- Medical Manikin and Models
- Modeling Electronic Warfare
- Modeling IADS
- Modeling Space Communications
- Modeling Tactical C2 Systems
- Multi-level Security
- Online Learning Platforms
- Open-Source Software Solutions
- Protocols
- Secure Communications
- Signal Processing
- Simulators
- Strategic Planning
- Systems Integration
- Virtual Environments
- Virtualization
- Wound Simulation
