# Independent SCHOOLS Show

Friday & Saturday, 8–9 November 2024

London Evolution, Battersea Park SW11

Each year the show helps thousands of families to plan their child's next steps

# Let's Talk Fees

VAT is focussing parents' minds on the value of an independent school education.

The Independent Schools Show provides a unique opportunity for parents to look at 200+ schools:

- Shop around - compare schools.
- Talk to schools about their fees and bursaries (which vary enormously).
- Get specialist financial advice on managing fees and spreading the cost.
- Decide if you should go private or state, or a combination of both.

# Plan your child's future

A visit on Friday after school/work or on Saturday is like attending 25 open days in a couple of hours.

Meet leading London day schools, top UK boarding schools, schools catering for specialist needs and abilities, schools within commuting distance of the capital.

In addition, we have over 100 heads and education experts speaking in the talks and workshops programme.

Speakers address all the key parental concerns: finding the right school, preparing for entry tests, making SEN choices, would my child suit boarding, affordability and fee assistance.
