# Water Back Packs

The most comfortable and user-friendly Water Back pack range available, designed and developed by Fire Fighters, and Vallfirest to ensure its ease of use. (both types are made by Vallfirest).

The fitted pockets, clips and well-padded straps allow for; Equipment, Clothing & Drinking water to be carried easily, available in various types and water capacities: -

Donges (Yellow): 210855- 20Ltr. 210856- 25Ltrs. Vallfirest (Red) 210861- 19ltrs.

The Donges water backpack has been designed so as to be well balanced and comfortable when fully loaded, due to the extra wide and extra padded straps.

The waist belt and straps are fully adjustable; the shoulder straps being adjustable at the top and bottom to ensure the padding is always in the correct position.

The chest strap assists in balance and keeps the shoulder straps together.

The Nozzle & Pump allows for easy use with the angled handle for comfort; the nozzle is adjustable for Jet & Spray, with the Pumping action operating in both directions supplying almost continuous water supply, with a good Jet range.

The hose connection to the bladder is a Push/fit for quick & easy removal.
