Here's what some of our customers have to say

"Thank you for assisting with the urgent report. We relied on it for an effective cross-examination of the Crown. It went very well and would not have been possible without your urgent help, so thank you very much."

Digital Forensics

"IntaForensics are a trusted cyber security partner. Their knowledge, pragmatism and quality of communications are excellent and always help to make the re-certification process as straightforward as possible."

Cyber Security

Quality Consultancy & Certification

IntaForensics is a UKAS accredited testing laboratory (No. 7733) and has demonstrated compliance to the Forensic Science Regulator Code of Practice. IntaForensics holds certification to ISO 9001:2015, ISO 14001:2015 and ISO/IEC 27001:2022.

We provide quality as a service including support and guidance for ISO accreditation and QMS implementation. Our consultancy services cover the following range of standards:

- ISO/IEC 17025:2017
- FSR Code of Practice
- ISO/IEC 27001:2022
