GB DYNAMIC QUILTED GILET

Style GBD-FR-GILET

The GB Dynamic Flight Suit and GB Dynamic Top can be complemented with a Fire-retardant Quilted Gilet, to allow you to layer up when it gets colder.

This Gilet is quilted making it suitable for all seasons when extra warmth is required. The outer layer is manufactured from the same Fire-retardant, Ripstop material as the trousers and top. The same pocket configuration as the Flight Suit Smock can be incorporated into the design with an Airwave radio dock on the chest. Longo and branded can be added with embroidery, badges or Velcro patches.

Sizes XS- XXXL

Available in Ambulance Dark Green, Black, Navy Blue, Red & Grey

Features:

- Made from 220g rip-stop Nomex Comfort material certified to EN 11612
- Lightweight Thermal quilting for extra comfort
- Twin Napoleon style pockets, hand warmer pockets and large cargo pockets
- High visibility bands for extra safety
- Loop Velcro badge panels
- Can be embroidered with your unit logos and embroidery
