Lightweight Public Order Suit – BS 7971-10

Single layered Public Order suit certified to the latest BS EN 7971 standard and manufactured in the UK with minimal lead times.

Standard twin layered public order suits are cumbersome and encourage the quick onset of fatigue and dehydration for the operators wearing them.

Operators engaged on these deployments require ergonomically and practically designed garments which are fit for purpose.

To meet this need, Rig Equipment Limited have developed two variants of a Public Order suit which are constructed from a high quality single layered material which can be worn with additional protective base layers.

They provide all the necessary protection for the tasks in hand, yet they are light and comfortable to wear in the most extreme of environments.

Please contact us for further information.

Made in UK

Two Piece Variant: Jacket Features.

Front closing with channelled zips and dual flap over: Two radio/torch chest loops with Velcro pull tab flaps. Collar adjustment and twin shoulder epaulettes: Left arm identification pocket with window. Debris and fluid excluding chest Cargo Pocket: Debris and fluid excluding chest radio pocket with internal access to main body Elasticated cuffs: Internal zip skirt for seamlessly zipping to trousers to create a one-piece effect.

Trouser Features:

Zip fly with additional flap over: Elasticated waist band with 60mm belt loops: Zip for joining together with jacket. Two debris & fluid excluding thigh pockets with Velcro fastening flaps. Shaping to front of knees for better fit and comfort: Zip gusset at leg bottom with Velcro strap adjuster.

One Piece Variant Public Order suit incorporates all of the features of the two piece suit, but comes in the traditional one piece overall version.

A comfortable, light weight, single layer suit that offers maximum protection and optimal temperature regulation.

Manufactured and certified in the United Kingdom to provide protection to the latest BS 7971-10:2014 and A1 2015. They are easily cleaned in a domestic washing machine and long-lasting. The fabric weights and colours have been carefully chosen to provide the right balance of protection and comfort throughout various regions of the world.

We have certified this range of Public Order garments in two premium versions. The standard one piece coverall and a zip-together two piece version which is more versatile and comfortable to wear.

All of our suits are made and certified to the relevant standards in the UK
