The all new SmartShield Series Plotting Machine

The ultimate solution for custom-fit screen protectors and back skins for your store.

Our SmartShield Plotting Machine will cut out the exact shape of your device's screen or back skin from our range of Screen Protector Hydrogels.

Using the computer-controlled blade, our precise templates ensure that the screen protector or back skin fits perfectly on your device without any gaps or bubbles.

SmartShield V4

Compatible for smartphones & tablets

Dimensions: 530mm X 180mm X 170mm
Weight: 7kg

SmartShield V3

Compatible for smartphones & tablets

Dimensions: 615mm X 200mm X 170mm
Weight: 10kg

SmartShield Mini

Compatible for smartphones & Tablets (up to 11")

Dimensions: 450mm X 105mm X 180mm
