for business

# cycle2work

**Cycle2Work is a salary sacrifice scheme that enables employees to save up to 47% on the cost of a new bike and safety equipment. Employers also save 13.8% through NI contributions, and set limits above £1,000.**

## **Benefits include:**

- Employees can redeem in-store or online at Halfords and Tredz, plus 100's of independent bike shops
- Access to 98% of the brands available on the UK market
- Zero cost extended hire option - once HMRC deem the value to be negligible, the bike becomes property of the employee
- Cycle2Work exclusive deals of 20% off and access Halfords and Tredz sale and promotional prices
- Suite of marketing options and promotional campaigns to drive the best level of engagement
- Options for employees on National Minimum Wage to ensure compliance
- Team of customer experience experts on hand to assist with employee enquiries

**Join over 6,000 employers, getting over 100,000 people cycling**

## **How the schemes are delivered:**

Both the Cycle2Work and Car Maintenance Schemes offer a streamlined online employee application and employer approval process with the inclusion of retrospective invoicing.

# Car Maintenance Scheme

Our Car Maintenance Scheme makes maintenance more affordable for employees, enabling them to spread the cost of servicing, MOTs, car repairs and tyre replacement through a salary sacrifice and/or a net deduction arrangement with their employer.

Employees have access to our own network of 1200 stores, garages & mobile expert vans nationwide. They can also access up to 50% off main dealer prices.

## Benefits include:

- Access to sale and promotional prices
- Employee savings of up to 8%
- Brakes4life
- Price match promise
- Fully administered scheme completely free of charge
- Suite of marketing solutions to drive engagement
- Team of customer experience experts on hand to assist with employee enquiries

## Early Leavers Solution

We understand that the biggest concern for employers when introducing a salary sacrifice or net deduction scheme is the financial risk of early leavers. Our early leavers solution protects employers against this risk, meaning if you're unable to recover the outstanding balance following the early leaver process, Halfords will pick up the deficit, up to the value of £5,000 per employee. Giving you the added reassurance that you'll never lose out.
