## JRCALC Clinical Practice Guidelines 2021 Pocket Book

[classprofessional.co.uk](http://classprofessional.co.uk)

# APPS

Our specialised apps allow emergency services staff to have access to up-to-date guidance on medical conditions and drug dosages at all times, to use both during incidents or as CPD in between shifts.

The one-stop app for UK national clinical guidelines

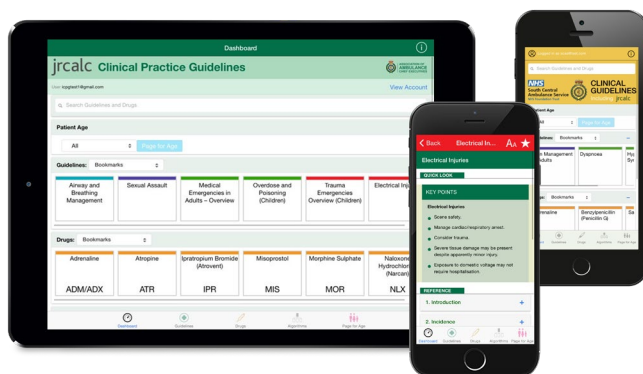

JRCALC with your local guidelines in one app

Supporting your learning and CPD on the move

The app for community first responders

## NO SIGNAL? NO PROBLEM!

All of our apps work offline so that they can be accessed even when in remote areas.

"I am writing to acknowledge that the new JRCALC Plus app is superb. It is right on the money..." – *Simon Matthews, SECAmb*

"...the app format is the only way to go. Updated frequently means you are not working to last year's best practice. Easy and simple to use..."

– *Review of iCPG, Apple Store, January 2019*

# Independent Prescribing for Paramedics

Amanda Blaber, Hannah Morris and Andy Collen

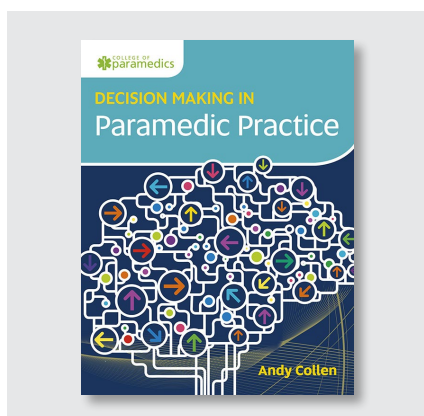

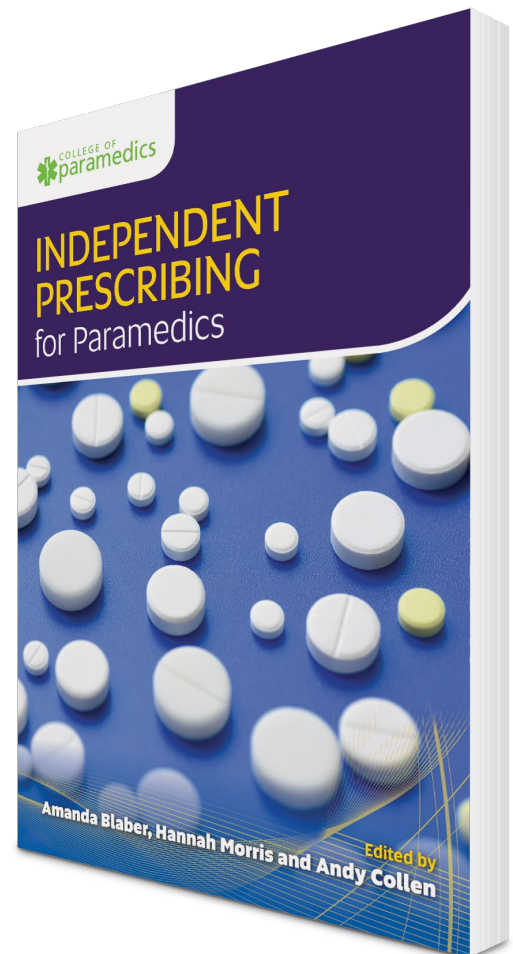

In 2018, legislation was passed in the UK allowing for advanced paramedics to take on additional education in order to qualify as independent prescribers. This book is the first guide on independent prescribing for paramedics reflecting the new legislation. Bringing together a range of specialist authors, the book covers the theoretical knowledge and context associated with independent prescribing.

## Key Features:

- Covers the basics of prescribing and pharmacology for paramedics
- Includes an up-to-date chapter on law and ethics
- Contains case studies to help apply theory to practice

9781859597873 220 pages © 2018

# STUDENT DISCOUNTS ON OUR PARAPASS APP

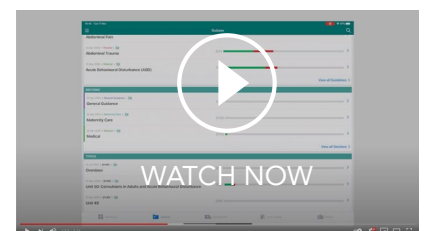

As well as the ability to purchase subscriptions for your students through the university, we have now also made it possible for you to provide your students with a discount code, which will allow them to get the app themselves via our website, **classprofessional.co.uk**

We appreciate bulk ordering through the university is sometimes difficult so this new functionality eliminates the need for minimum cohort numbers and bulk ordering.

If you would like to receive a discount code, to pass onto your students, please let us know by clicking the 'Request Discount Code' button at the bottom of this page.

## Key features:

- Includes content from JRCALC:CPD, Standby CPD and new case studies with quizzes.
- Access all available content during your subscription period. New content will continue to be released and made available to anyone who has a current subscription.
- Case scenarios on pre-hospital practice, covering a range of topics including overdose, paediatrics, pain management, head injury and sepsis.
- Access hundreds of multiple choice quiz questions on the JRCALC Guidelines and paramedic practice, covering the full breadth of paramedic practice, from vulnerable patient groups to obstetrics to trauma.
- Quizzes are arranged in multiple ways, including broken down by JRCALC guideline, to facilitate specialised learning.
- Standby CPD: Evidence-based discussions on a wealth of anatomy, physiology, pathology and pharmacology topics.
- New refreshed and user-friendly design.
- CPD certificates, so you can evidence your learning.
- The contributors provide a breadth of experience and perspectives, working on the road, in primary care and healthcare education.
- Works offline so if you don't have any signal, it's no problem.
- Now also available as a website so you can learn at home or at the station.

# COMMUNITY PALLIATIVE CARE AND COVID-19

A handbook for clinicians who care for  
palliative patients with COVID-19  
in community settings

## Community Palliative Care and COVID-19

Tania Blackmore, Georgina Parker

This handbook is an essential guide to caring for the community palliative care patient in relation to COVID-19, when the patient's preferred place of care is at home or the hospice.

It will guide you through appropriate care procedures and protocols in managing end-of-life patients who show symptoms of COVID-19.

Supported by applicable case studies from a range of community care settings, this guide will be relevant to anyone affected by the challenges of COVID-19 when managing end-of-life patients or caring for older people, including paramedics, nurses and palliative care providers.
