SPECIFICATION:

- 25 Year **"minimum"** life expectancy.
- 10 Year Ladder guarantee.
- Constructed to **BS EN 1147-2010**.
- Light weight, very stable.
- High strength to weight ration.
- Fully compatible with existing gantries.
- Large UK & Irish stock of ladders and Spares.
- Service and Maintenance packages.
- Simple to repair, reducing ongoing costs.

The initial cost of our Ladders combined with the; Warranty, Long life, Ease of Maintenance. Have created a ladder and support package that provides our clients with the **Best Value** and the lowest **"Whole life costs"** available.

Beam Gantries: to fit all types and sizes of ladders, also available as special builds for top Boxes & Boats etc. Our Gantries are manufactured from quality Alloy & S/Steel so do not rust, and as they operate on a roller system they operate with greater ease and more freely than the sliding type.

Due to the materials and construction they are guaranteed to outlast and perform other types.
