

INSURANCE FOR EMERGENCY AND HEALTHCARE PROVIDERS

Complete reassurance. Total support

ALL BUSINESSES, WHETHER LARGE OR SMALL, ARE EXPOSED TO NUMEROUS RISKS. INSURING THEM REQUIRES IN-DEPTH KNOWLEDGE, ACCESS TO A WIDE RANGE OF PRODUCTS AND AN UNWAVERING ATTENTION TO DETAIL. THAT'S WHERE WE COME IN.

At Kerry London we have been providing emergency and healthcare insurance to numerous organisations for over a decade. We firmly believe that our private ambulance cover and medical malpractice schemes are truly market-leading. Combined with our unparalleled service and an in-house claims team, we offer the perfect solution for your organisation.

We have a dedicated emergency and healthcare team, which are always fully aware of the latest news and regulatory requirements in your sector. Our experience and knowledge are supported by the products we recommend. We always take the time to get to know our clients and their business, analysing their unique risks and ensuring they are protected from them. Our unwavering approach to building relationships is what has made us one of the most successful, independently owned Lloyds accredited, insurance brokers.

Our independent status allows us to work with the entire insurance market including leading insurers and exclusive niche insurers. We're a Lloyd's of London accredited broker, allowing us to place business directly into the world-famous Lloyd's market, with its numerous speciality insurers. We can source innovative cover for extremely specialist and complex risks that many other brokers simply cannot do.

Emergency Services Cover

We are able to arrange cover for private ambulance and fire services, as well as blood bikes, paramedics and mountain rescuers, to name but a few. We offer a specialist emergency vehicle scheme that we have developed in-house, which includes patient and organ transfer and cover for attendance at events. We are confident that no matter what you need to cover, we can help. When you work with us you will get cover that perfectly fits your needs.

Medical Malpractice Insurance

Our policy provides invaluable cover for advice, treatment, stock, equipment, contents and business interruption. We can cover Medical Malpractice, Public Liability and Employers Liability. It provides the peace of mind that, while you are busy delivering emergency cover to your clients, we've got you covered.
