Space in abundance

From heritage properties, set in stunning grounds, to purpose-built training and conference centres, we celebrate the flexibility and individuality of our venues so you can too.

Handy locations

Our venues are hassle-free for your guests to reach, offering excellent transport connectivity and free parking.

A warm welcome

Our friendly team are always on hand to ensure your experience with us is a great one. We believe in making it easy for you, so you feel at ease from the moment your guests arrive, to the second they leave.

A great start to the day

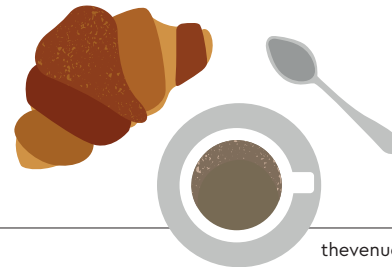

Breakfast is considered to be one of the most important meals of the day and we agree! That's why we offer a wide range of choices to suit every palate and dietary need.

The best breakouts

To ensure guests maintain balanced energy levels throughout the day, they'll always find a great selection of refreshments, ethically sourced hot beverages and hydration stations in our private and communal spaces.

A good night's sleep

Our bedrooms are fully equipped with all the amenities you might need including free Wi-Fi. We're confident your guests will have a great sleep, waking up feeling refreshed and ready to go.

Going *green*...

We're committed to reach Net Zero greenhouse gas emissions by 2030, ensuring our 'Future First' charter delivers measurable actions that really make a difference to our guests, teams and planet.

Our venues operate a Meetings For Change promise, which starts with the food:

We believe in using fresh, seasonal products

We aim for 80% of the ingredients on our menus to be British grown. All the chicken and milk we serve is Red Tractor assured.

We believe in the power of plants

We offer plant-forward menus, with a choice of great-tasting alternative proteins.

We believe in zero waste

Whatever we're cooking for your meeting or event, our approach is root-to-stem, nose-to-tail. We use recycled and reusable packaging wherever we can.

We believe in ethical sourcing

Our teas and coffees come from responsible suppliers. Our chocolate is Fairtrade and Rainforest Alliance certified.

We believe in protecting our planet

Our climate promise is to reach Net Zero by 2030.
