Making vehicles special

...as well as many independent ambulance services.

creating mobility

For over 30 years our sister companies; THG Ltd (based with us at Longridge, Preston) and Van Bodies Lancs. Ltd (Morecambe) have offered their services to the Emergency Ambulance and PTS services within NWS.

As part of that service, we are NHS-approved accident repair and vehicle construction specialists, and operate a parts supply service to enhance that.

Ambulance Parts Ltd was incorporated in 2009 and now supplies over 500 parts to Front-Line and PTS Ambulance services throughout the UK and abroad into NHS, Charitable (St John, Red Cross) and many independent services from large operators such as Falck to small, one-vehicle operations.

We offer our services to cover most vehicle makes utilised in the UK; Mercedes Sprinter (UV Modular and MacNeillie), Fiat Ducato, Renault Master, Peugeot Boxer, Citroen Relay as well as starting to offer parts for VW Crafter/MAN. We closely follow developments within the industry to see which other vehicles are being utilised, and will happily offer parts for those where the need arises.

Our AP Parts department stocks **over 500 parts**, including body panels, doors, wedge ramps, battery cradles, access steps, emergency lighting (interior and exterior), cupboard fittings, locks, latches, seating/covers, seatbelts and much more. Most of our parts are in stock and available for **next day delivery**, or can be ordered and picked up the same day.

We have a fleet of service vehicles that cover the north as well as offering UK-wide service cover via our network of approved service agents. All service personnel have been trained in the servicing and maintenance of our range of **AP 100 Access Ramps**, giving you total peace of mind.

We are a rapidly growing company who offer great products, coupled with a great service and an impressive attention to detail, all delivered by a team of people who are extremely customer-focused.

Contact us to find out what we do (01772 785132) you may be surprised at what we offer!

We are Associate Members of the Independent Ambulance Association

## **Ambulance Parts AP Access 100 Wedge Ramp**

Our range of AP Access 100 Wedge Ramps are now first choice fitment for many fleets, having been developed and field-tested in conjunction with NWS over the last few years. Incorporating 'Anti-Trap Motor Shut-Off' and 'Soft Start Technology', the AP Access 100 ramp offers reliability, robust build quality, impressive safety aspects and ease of use in an extremely demanding environment. Our wedge ramps can also be fitted as a direct replacement for the fibreglass Lateral ramp with little or no alteration to the floor pan required.

**Vehicle Suitability:** Fiat Ducato, Peugeot Boxer, Citroen Relay, Renault Master, VW Crafter/MAN.

Model: **AP Access 100 Wedge Ramp**

### **Construction:**

- \*Aluminium construction incorporating marine-grade foam for extra strength

- \*450kg load capacity

- \*Stainless steel leading edge wear-plate (replaceable)

- \*Powder coated in "AP" RAL 1016 Sulphur Yellow or a colour of your choice

- \*Surfaces fitted with anti-slip grip-tape and side-marker reflective tape

- \*Heavy-duty spline-drive pivots incorporating wiring tunnel and maintenance-free bearings

- \*Stainless-steel protective nudge bar

- \*In-built handle for manual operation in the event of vehicle power failure

- \*Sealed-service access apertures

- \*Stainless steel AP 100 Active and Passive drive-gear system, equipped with our clutch-less electronics, anti-trap motor shut off, soft-start facility and heavy-duty 'direct-drive' gear system.

## **Parts information and orders – 01772 785132**

Orders placed before 12 noon may be available for next day delivery or can be picked up from our site at Longridge, near Preston.

Opening hours: 8am-5pm (Monday-Thursday), 8am-12pm (Friday)

We are constantly updating and increasing our range of stocked parts.....**if you require something that does not appear in our catalogue, please call us to discuss!**

We also stock a full range of replacement parts for Lateral fibreglass ramps; floor-pans and drive-gear units. These are manufactured to a very robust standard where ramp replacement is not an option.

**See page 71**

2020/21 saw the development of our Door Assist Kits which are designed to aid the opening and closing of the rear door whilst reducing the flexing and subsequent damage to the doors.

**See page 29**

As a company, we have vast experience in the procurement and supply of parts, so we can often locate items where others have previously failed.

Our highly-skilled workshop technicians are quite often faced with one-off problems that do not simply require a new part to be fitted, but requires the fabrication of an item to solve that particular issue. We are experienced in offering those types of solutions in order that your vehicle can be operational as soon as possible.

2020 and 2021 were extremely difficult years for all. Our business has been affected by the difficulties but we have continued to offer our range of services throughout, and we will continue to support the ambulance services throughout the country in 2022 and beyond.

## WHAT DO WE DO?

- 🚑 NHS Approved Accident Repair and Vehicle Construction Specialists.
- 🚑 Supply over 500 parts to Front-Line and PTS Ambulance fleets throughout the UK.
- 🚑 All body panels are produced using the latest DAC, CNC Hydro and Laser Cutting Techniques.
- 🚑 Supply for; Fiat Ducato, Mercedes Sprinter (MacNeillie and UV Modular), Renault Master, Peugeot Boxer, Citroen Relay, VW Crafter/MAN.
- 🚑 Manufacture our own range of AP Access 100 wedge-shaped Access Ramps with Floor-Pan sections and high-spec Drive-Gear systems.
- 🚑 Our AP Access 100 wedge ramps are a direct replacement for the fibreglass 'Lateral' ramps with little or no floor alterations required.
- 🚑 Service cover using our own vehicles, covering the North as well as offering UK-wide servicing via Service Agents.
- 🚑 We understand the need for vehicles to be 'turned round' quickly to avoid unnecessary 'down time'.

## AP REPAIR

- \*Full Jig Facilities
- \*Panel Repair/Replacement
- \*Complete Floor Reconstruction
- \*Full Repainting/Spraying Facilities
- \*Full List of Parts on-site (see our catalogue)
- \*Full Repair and Floor Pan Repair and Replacement
- \*Wedge Ramp and Floor Pan Repair and Replacement
- \*Experienced Vehicle Technicians providing High Quality Workmanship

## AP PARTS

- \*Cupboard Doors
- \*Locker Gas Struts
- \*Seating, Covers, Seatbelts
- \*Wheelchair Carry Brackets
- \*Replacement Windows/Frames
- \*Access Doors (AP design, mainly Mercedes)
- \*Interior Fittings – Handles, Locks, Latches, Hinges
- \*Body Panels for Mercedes MacNeillie and UV Modular
- \*AP Own Design Rear Door Assist Kits Ensure Ease of Opening/Closing
- \*AP Access 100 Wedge Ramp Spares including full Drive Gear units
- \*Access Step Assemblies – Step Boxes, Steps and Finishers
- \*Emergency Lighting – Interior and Exterior
- \*Anti-Corrosion Battery Cradles
- \*Battenburg Liveries
- \*Window Blinds
- \*Door Stays

## AP ACCESS (AP Access 100 Wedge Ramps)

- \*Surfaces fitted with anti-slip and reflective tape.
- \*Stainless steel leading edge wedge ramp blade.
- \*450kg load capacity.
- \*Stainless steel nudge bar.
- \*Stainless steel AP Access 100 Active and Passive drive-gear, with clutch-less electronics, anti-trap motor shut off, and soft start technology.
- \*AP fabricated aluminium marine grade foam-filled wedge ramp blade.
- \*Powder coated 'in 'AP' RAL 1016 Sulphur Yellow or a colour of your choice.
- \*Heavy-duty spline drive pivots incorporating wiring tunnel and maintenance free bearings.
- \*Stainless steel AP Access 100 Active and Passive drive-gear, with clutch-less electronics, anti-trap motor shut off, and soft start technology.

## AP SERVICE

- \*Fleet of Service vehicles in the North as well as UK coverage via Service Agents
- \*Servicing/replacement of seating, belts and other internal fittings
- \*Quick response time to reduce critical Vehicle Down-Time
- \*Servicing of AP and Lateral ramps and drive-gear units
- \*Backed up by over 500 off-the-shelf parts
- \*On-site servicing where possible
- \*Fully Trained Technicians

## LATERAL REPAIRS

- \*AP Access 100 Wedge Ramps are a direct replacement for old and tired fibreglass Lateral ramps
- \*We also supply our own replacement AP floor-pans in mild steel, powder-coated ramps
- \*Little or no alteration to the original Lateral floor-pan required
- \*Available for Fiat, Renault (FB, MK1 & MK2), Peugeot etc
- \*We also repair fibreglass Lateral ramps
- \*Increase the lifespan of your vehicle!

## Ambulance Parts' Own Design Door Assist Kits

These are designed to replace the standard vehicle door closure system and eradicate door flex and subsequent cracking of the door skins.

They are positioned at door handle height and hidden behind the flush door panel.

Available for Fiat/Peugeot/Citroen with both 90 and 270 degree door hinges.

The kits can be partly pre-built for ease of fitting.

Supplied with all necessary fixings.

AP part no: DUC-0044-S  
Fiat Rear Door Assist Mechanism N/S Door with  
270 Degree Hinge

AP part no: DUC-0043-S

## Ambulance Parts Wedge Ramps, Floor Pans, Drive-Gear Systems and Associated Equipment

Our range of AP Access 100 Wedge Ramps are now first choice fitment for many fleets, having been developed and field-tested in conjunction with NWS over the last few years. Incorporating Anti-Trap Motor Shut-Off and Soft Start Technology, the AP Access 100 ramp offers reliability, robust build quality, impressive safety aspects and are user-friendly in an extremely demanding environment. Our wedge ramps can also be fitted as a direct replacement for the fibreglass Lateral ramp with little or no alteration to the floor pan required.

### Fiat Ducato

AP part no: DUC-0025-VA  
Fiat Access Ramp with Active/Passive Drive-gear Attached

AP part no: DUC-0017-S  
Fiat Access Ramp Carcass (no drivegear)

AP part no: RMP-0085-S  
Ramp Nose Tip St/Steel (welded in corners)

AP part no: RMP-0106-S  
Ramp Nose Tip St/Steel Old (not welded corners)

AP part no: DUC-0018-S  
Fiat Replacement Ramp Nudge Bar  
(also fits AP Renault Master ramps)  
BIN Code 9681

AP part no: RMP-0124-BG  
New Build Soft Start Kit

AP part no: DUC-0078-AE  
Fiat Ramp Side Marker Sticker N/S

AP part no: DUC-0079-AE  
Fiat Ramp Side Marker Sticker O/S

AP part no: DUC-0076-HS  
Fiat Complete Wedge Ramp Black Grip Tape Kit

AP part no: DUC-0077-HS  
Fiat Wedge Ramp Hazard Grip Tape Kit

## AP Wedge Ramp Drive Gear Systems

### New Wedge Ramp 'Gear Drive' Drive-Gear System

Following the success of our chain-driven system, we have developed our 'Gear Drive' system which utilises stainless-steel gears without the chain. This is available for new vehicles and a retro-conversion for older vehicles.

Parts marked with \*\* are new parts for this system

AP part no: RMP-0141E-VA\*\*  
Fiat Complete Active Side Drive-gear Unit  
(gear drive – October 2020 onwards)

AP part no: RMP-0116-S\*\*  
Gear-Drive Fiat Active P Plate (with boss attached)

## AP Chain-Driven Drive-Gear System (all parts will remain fully available)

AP part no: RMP-0096-VA  
Fiat Complete Active Side Drive-gear Unit  
(chain drive – to October 2020)

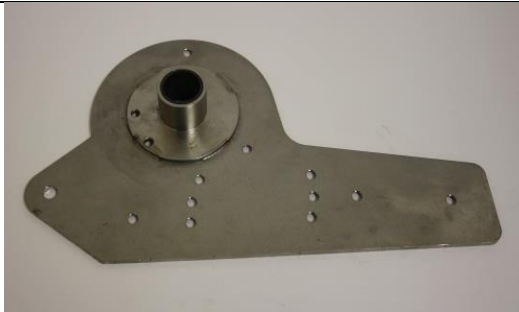

AP part no: RMP-0098-VA  
Fiat Complete Passive Side Drive-gear Unit

AP part no: RMP-0096R-VA  
Fiat Complete Active Side Drive-gear Unit  
Chain Drive (refurbished unit – subject to  
availability)

AP part no: RMP-0098R-VA  
Fiat Complete Passive Side Drive-gear Unit  
(refurbished unit - subject to availability)

AP part no: RMP-0112-S  
Fiat Active 'P' Plate with Boss Attached

AP part no: RMP-0113-S  
Fiat Passive 'P' Plate with Boss Attached

AP part no: RMP-0127-RG  
Chain C121CH 06B-1 Chromised Pin 3/8 x 7/32R

AP part no: RMP-0126-E  
Wedge Ramp Motor - Large - 100 Nm

AP part no: RMP-0124-BG  
New Build Soft Start Kit

AP part no: RMP-0123-BG  
Soft Start Conversion Kit (Lateral to AP ramp)

AP part no: RMP-0125-BG  
Wiring Loom/Ramp Power Lead  
(control unit to ramp)

AP part no: RMP-0084-BG  
Spitfire Switch Ramp Override Switch (Lift Red  
Cover)

AP part no: GEN-0128-PP  
Ramp Operation Switch

AP part no: RMP-0083-BG  
Carling Ramp Operation Switch

AP part no: DUC-0024-CC  
Balluff Proximity Switch/Inductive Sensor  
(detects ramp stowed)

AP part no: GEN-0111-AP  
Ramp Relay Kit (2x relays plus wiring)

AP part no: RMP-0136-S  
Fiat Door Level Metal Shim/Packer  
Long (5mm Thick)

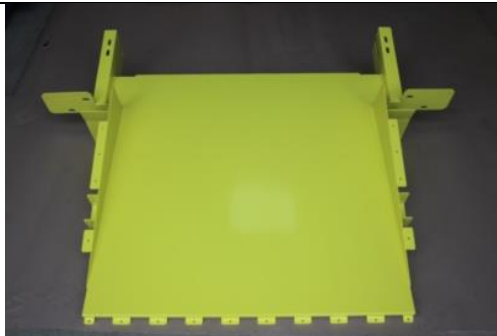

AP part no: RMP-0135-S  
Fiat Door Level Metal Shim/Packer  
Short (5mm Thick)

AP part no: RMP-0138-S  
Fiat Door Level Wear Strip Nylon Long  
(10mm Thick)

AP part no: RMP-0137-S  
Fiat Door Level Wear Strip Nylon Short  
(10mm Thick)

AP part no: DUC-0023-S  
Floor Pan for Fiat Ducato

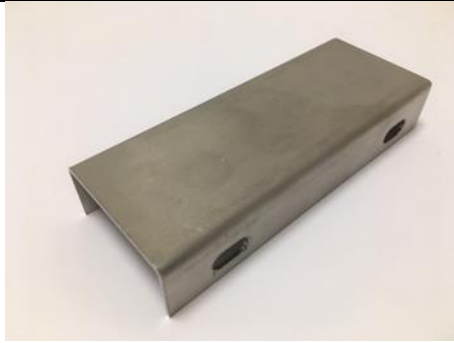

AP part no: DUC-0060-S  
Floor Pan for Fiat Ducato (Stainless Steel)

AP part no: DUC-0030-S  
Fiat Ramp Floor Finisher LH

AP part no: DUC-0031-S  
Fiat Ramp Floor Finisher RH

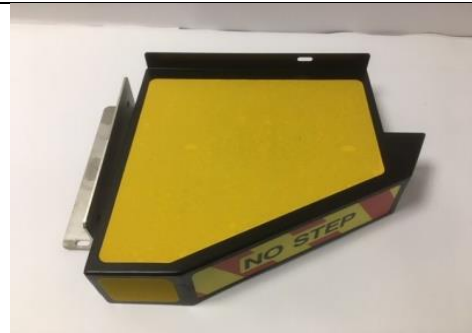

AP part no: DUC-0007-S  
Ducato St/Steel Chassis End Cap  
BIN Code 9728

AP part no: DUC-0020-S  
Fiat Chassis End Cap (Internal Fixing) Black

AP part no: DUC-0032-S  
Fiat Rear Step N/S Corner 'No Step' Platform  
(with fitting bracket) BIN Code 4710

AP part no: DUC-0033-S  
Fiat Rear Step O/S Corner 'No Step' Platform  
(with fitting bracket) BIN Code 4711

AP part no: DUC-0035-S  
N/S Corner Cap 'No Step' Grip Tape Kit (3 parts)

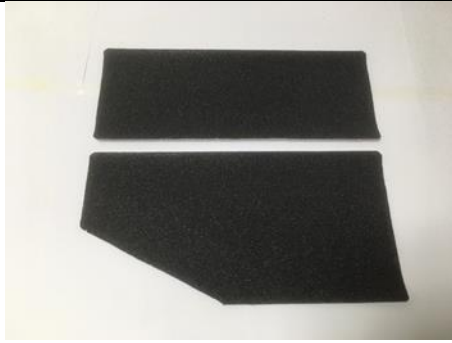

AP part no: DUC-0036-S  
O/S Corner Cap 'No Step' Grip Tape Kit (3 parts)

AP part no: DUC-0032Y-S  
Fiat Rear Step N/S Corner 'No Step' Platform  
Yellow (with fitting bracket)

AP part no: DUC-0033Y-S  
Fiat Rear Step O/S Corner 'No Step' Platform  
Yellow (with fitting bracket)

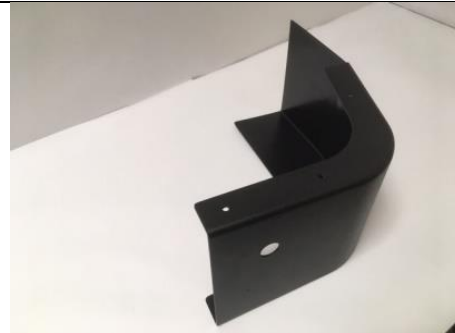

AP part no: DUC-0089-HS  
N/S Yellow Corner 'No Step' Black Grip Tape Kit

AP part no: DUC-0090-HS  
O/S Yellow Corner 'No Step' Black Grip Tape Kit

AP part no: DUC-0074-SGT  
SG Rear Side Pod Cover N/S (also fits Peugeot and Citroen)

AP part no: DUC-0075-SGT  
SG Rear Side Pod Cover O/S (also fits Peugeot and Citroen)

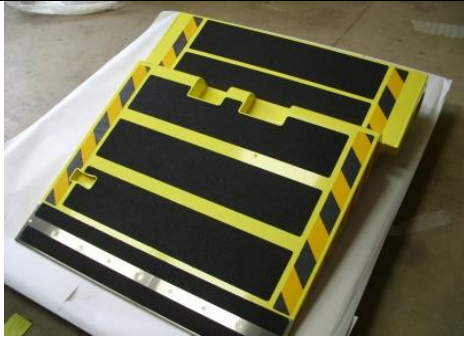

AP part no: GEN-0148-AP  
Corner 'No Step' Bracket N/S  
For Older Style Steps (unique to AP)

AP part no: GEN-0149-AP  
Corner 'No Step' Bracket O/S  
For Older Style Steps (unique to AP)

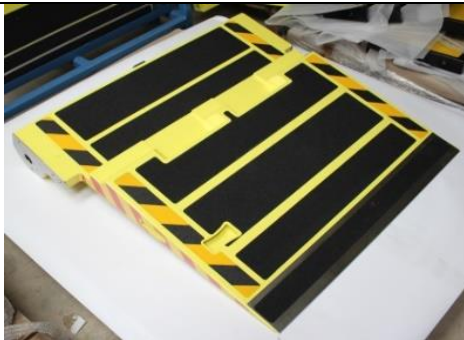

## Renault Master

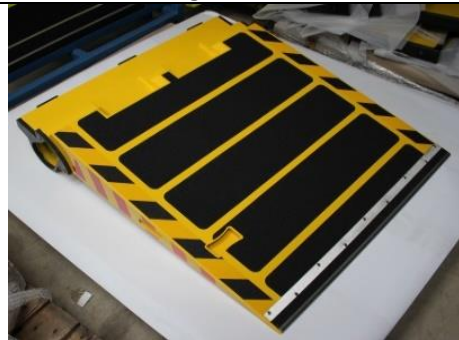

AP part no: REN-0014-S  
Renault MK2 Access Ramp Carcass

AP part no: REN-0013-VA  
Renault MK2 Access Ramp with Active & Passive  
Drive-gear Attached

AP part no: REN-0015-KV  
Renault FB Access Ramp Carcass

AP part no: REN-0016-KV  
Renault MK1 Access Ramp Carcass

AP part no: REN-0001-S  
Renault Replacement Ramp Nudge Bar  
BIN Code 9681

AP part no: RMP-0119-S  
Renault MK2 'P' Plate Neoprene Gasket

AP part no: RMP-0139-VA  
Renault MK2 Complete Active Side Drive-gear  
Unit

Renault MK2 Complete Passive Side Drive-gear  
Unit (refurbished unit)

AP part no: RMP-0114-S  
Renault MK2 Active 'P' Plate with Boss Attached

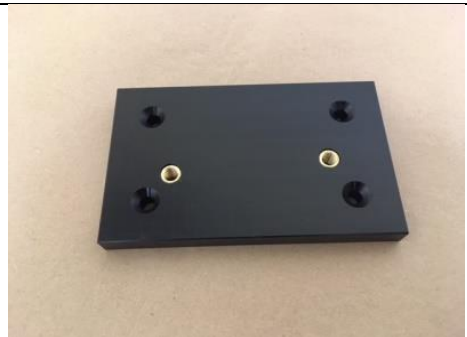

AP part no: RMP-0115-S  
Renault MK2 Passive 'P' Plate with Boss  
Attached

AP part no: RMP-0019-S  
Renault MK1 Active 'P' Plate

AP part no: RMP-0020-S  
Renault MK1 Passive 'P' Plate

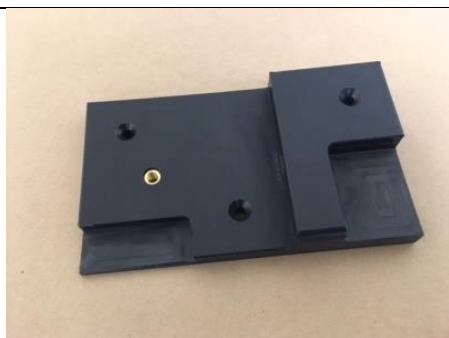

AP part no: RMP-0095-KV  
Large Latch Plate for Door Striker Pins N/S  
Renault MK2

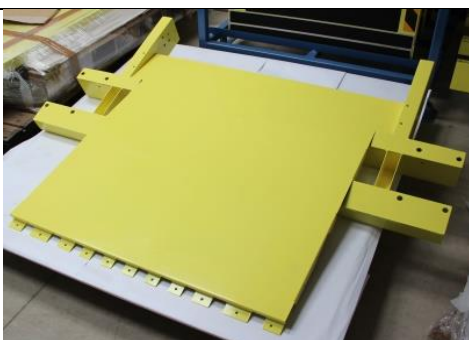

AP part no: RMP-0094-KV  
Small Latch Plate for Door Striker Pins O/S  
Renault MK2

AP part no: RMP-0042-KV  
Renault FB & MK1 Nylon Door Lock Plate N/S

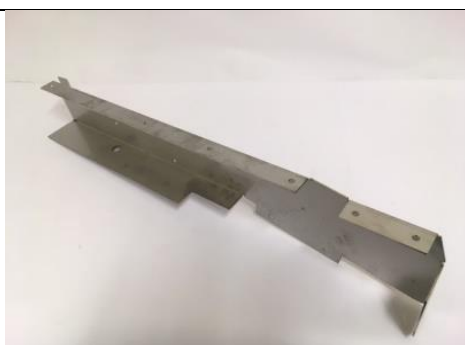

AP part no: RMP-0043-KV  
Renault FB & MK1 Nylon Door Lock Plate O/S

AP part no: REN-0003-S  
Floor Pan for Renault Mk2 Access Ramp

AP part no: REN-0027-S  
Renault MK2 Ramp Pan Chassis End Cap  
St/Steel

AP part no: RMP-0131-S  
Renault MK2 Floor-Pan Infil Panel/Mounting  
Bracket N/S

AP part no: RMP-0132-S  
Renault MK2 Floor-Pan Infil Panel/Mounting  
Bracket O/S

AP part no: REN-0026-S  
Renault MK2 Side Finisher N/S

AP part no: REN-0022-S  
Renault MK2 Side Finisher O/S

AP part no: RMP-0021-S  
Renault MK1 Floor Pan N/S Side Finisher

AP part no: RMP-0024-S  
Renault MK1 Floor Pan O/S Side Finisher

AP part no: RMP-0023-S  
Renault MK1 Floor Pan End Support

AP part no: RMP-0022-S  
Renault MK1 Floor Pan End Finisher

## Lateral Fibreglass Ramp Parts

Our range of AP Access 100 Wedge Ramps are now first choice fitment for many fleets having been developed and field-tested in conjunction with NWS over the last few years. Incorporating Anti-trap Motor Shut-off and Soft Start Technology, the AP Access 100 ramp offers reliability, robust build quality, impressive safety aspects and ease of use in an extremely demanding environment. Our wedge ramps can also be fitted as a direct replacement for the fibreglass Lateral ramp with little or no alteration to the floor pan required.

We are aware that there are many Lateral fibreglass wedge ramps still utilised in the UK ambulance fleets and whilst their design, at one time, was revolutionary, the fibreglass construction, coupled with drive-gear weaknesses has led to many issues with their long-term viability.

Our AP Parts department stocks over 500 parts, some of these specifically for the Lateral ramps and drive-gear. We can supply these off-the-shelf parts, manufactured to the highest quality to increase the usable life of the ramp. We also offer a refurbishment service for the fibreglass ramps, although we believe this is not a long term solution. Our own AP drive-gear units can be used to replace the original Lateral set-up, giving longevity to the whole unit.

Our other parts include body panels, doors, battery cradles, access steps, emergency lighting, cupboard fittings, locks, latches, signage, seating/seatbelts and much more. Most of our parts are in stock and available for same day or next day delivery, or can be ordered and picked up the same day. This catalogue is also available to download from our website.....**[www.ambulanceparts.co.uk](http://www.ambulanceparts.co.uk)**.

We have a fleet of service vehicles which cover the North West region as well as offering UK wide service cover via our network of approved service agents. All service personnel have been trained in the servicing and maintenance of our AP 100 Access Ramps as well as a working knowledge of the Lateral units.

Contact us to find out more about what we do, you may be surprised at what we offer!

**A summary of our services...**

- NHS-Approved Accident Repair and Vehicle Construction Specialists.
- Supply over 500 parts to Front Line and PTS Ambulance fleets throughout the UK.
- All our body panels are produced using the latest CAD, CNC Hydro and Laser cutting techniques.
- Cover Fiat Ducato, Mercedes Sprinter (MacNeillie and UV Modular), Renault FB, MK1 and MK2, Peugeot, Citroen.
- Manufacture our own range of AP Access 100 Wedge-Shaped Access Ramps, with Floor Pans and High-Spec Drive-Gear.
- Our AP Access 100 Ramps are a direct replacement for the Fibreglass 'Lateral' ramps with little or no floor-pan alteration.
- Service cover via our own vehicles covering the North West region as well as offering UK-wide service via Service Agents.
- We understand the need for vehicles to be turned round quickly in order to reduce 'Down Time.'
