

BarriAire™ particulate blocking hoods offer more certifications, styles and protection. BarriAire™ Gold hoods feature a quilted composite with two layers of proven PGI flame resistant fabric and a middle layer of ultra-lightweight DuPont™ Nomex® Nano Flex. BarriAire™ Silver hoods utilize two layers of DuPont™ Nomex® blended fabrics that are gravure laminated to a middle layer of DuPont™ Nomex® Nano Flex. PGI BarriAire™ hoods provide the fitting response to the hazards you face.

# PTFE FREE PARTICULATE BLOCKING HOODS
