YETI-ready Gear: Alta Portable Fridge/Freezer

Upgrade your next adventure with these convenient, efficient, and portable fridge/freezers that integrate with YETI power stations.

Pair them with your YETI power station to keep perishables cold for days. Since the Alta fridges are the most power efficient portable fridges on the market, your power station can easily keep them running as long as you need

ALTA™ 45L PORTABLE FRIDGE/FREEZER

With temperature settings as low as -4° , you can use it as a fridge or freezer. It also has 45L of space. Pair it with your YETI power station to keep perishables cold for days. Since the Alta fridges offer class-leading power efficiency*, your power station can easily keep them running as long as you need.

RRP: £799.99

ALTA™ 80L DUAL ZONE PORTABLE FRIDGE/FREEZER

The larger portable fridge comes with increased capacity and two compartments for custom temperature control. It also has 80L of space.

RRP: £999.99

Available Autumn 2023

About Goal Zero

Goal Zero provides portable power with their line of power banks that range from compact handheld banks to high-capacity power stations. Along with no fuel, no fumes, no noise and no maintenance, Goal Zero provide freedom from being tethered to mains electricity. From their versatile line of Yeti power stations, to portable solar panels, light apparatus, and now their new Venture Jump, Goal Zero can power your next adventure and keep you connected.

Goal Zero – Power. Anything. Anywhere™

Maglite ML150LR Rechargeable Torch23rd August 2023

Since 1979, Mag-Lite have been producing torches trusted by armed forces, emergency services, workers and families around. The ML150LR Rechargeable Flashlight is great for every type of user. Whether you are using them as a professional, or in an emergency, these rugged, reliable flashlights will get the job done.

With updated battery chemistries and quick recharge times, the Maglite ML150LR features an ultra-bright LED light boasting a whopping 1082 lumens.

Even more impressive is the quick recharge time, the ML150LR will recharge from totally flat to full in 2.5 hours. No need to worry about the battery going flat, on full power it will last over three hours and has a hugely impressive 79 hour run time on eco-mode.

- In car charging kit
- belt holsters
- pocket clips
- 458m beam throw

Prices start from £132.30, product available from Burton McCall sales@burton-mccall.com

Available in both matte black and shiny black finish.

Editor's Notes: Company background

The spirit and character of the company is most clearly defined and expressed by the founder, owner and president Anthony Maglica. Every Maglite® is a result of his life-long obsession with fine engineering, craftsmanship and commitment to perfection.

Everyone has their own reason for choosing a Maglite®. Maybe your Dad kept one in the car, or you know someone who carried one on the force. It could be that you're looking for the latest LED technology, or you want Built-In-America reliability. Whatever the reason, there's a Maglite® for your needs.
