

## Introducing the K-Series Domestic Lift

Platform folds automatically to provide unobstructed view by passenger and driver.  
The Vapor Ricon K-SERIES lifts elevate the industry standard for excellence.

Model shown:  
K2005X

**The industry standard for overall performance, reliability and value.**

The K-SERIES is a fully automatic folding platform that stows away to offer an unobstructed rear view for passenger and driver. Features include compact and simple to operate control pendant and the security of the industry-leading Vapor Ricon Safety Zone. This innovative personal K-SERIES in-board passenger lift design provides total convenience for users gaining access and egress to their vehicles.

### Performance, reliability and value

Vapor Ricon K-SERIES wheelchair lifts provide secure and reliable access whilst setting the industry standard for safety, performance, value and ease of use. These innovative designs feature:

- Easy operation and maintenance
- Non-intrusive space-saving footprint
- Providers to the Motability scheme
- Suitable for most vehicle requirements.

# Advanced Vapor Ricon technology features reliable performance and user-friendly design

- Folding platform design enables clear view out of rear window.
- Simple and reliable operation providing convenient vehicle access.
- Pre-lubricated bearings at all major pivot points for long-term durability.
- High gloss, polyester powder coat finish resists corrosion.
- Individual Vehicle Approval (IVA) compliant lifts available.
- 5-year Limited Warranty.
- Handrail control switch – control switch allows occupant to lower or raise the lift platform.
- Plug and Play interface for Vapor Ricon door openers and remote control (system only).
- Automatic inboard rollstop – features quiet patented Sto-loc™ self-operating mechanism.

## Standard (models - E, P, T or S)

Standard 4-switch hand pendant

Outer rollstop with durable skids

Externally located manual back-up lever in case of power loss

Navy/dark grey colour

## X-specification (model - X)

Top mounted magnetic hand control pendant complete with isolation switch

Outer rollstop with built-in ski wheels offering unrivalled performance

Power pack cover houses manual back-up lever in case of power loss

Cycle counter – provides for more accurate information for service and maintenance teams.

Rollstop alarm system – limits platform travel when not locked into position.

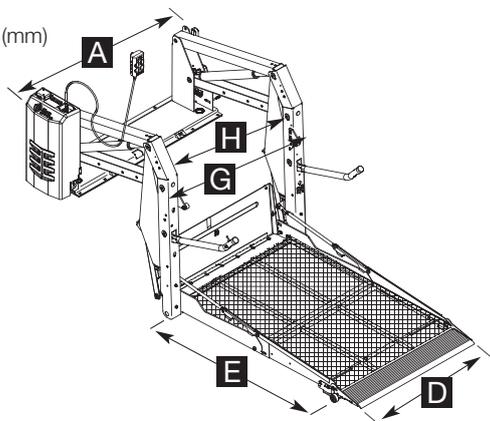

Emergency release allowing full lift deployment for rapid vehicle evacuation (optional extra).

Silver/light grey colour
