Bespoke First Aid Training Designed Around Your Organisation

Your Team, Your Training

Every organisation is different, which is why we offer bespoke first aid and clinical training tailored to your specific environment, staff and learning requirements. Whether you work in education, industry, agriculture, retail, events, healthcare or the voluntary sector, we can create a programme that meets your needs.

Why Choose Bespoke Training?

- Training tailored to your workplace risks and environment
- Flexible delivery at your premises or Midlands Air Ambulance Charity facilities
- Realistic scenarios relevant to your staff and industry
- Hands-on, practical learning led by frontline clinicians
- Courses designed around your organisation's objectives and requirements

Suitable For

- Businesses and workplaces
- Schools, colleges and universities
- Community and voluntary organisations
- Sports and activity groups
- Agricultural and rural organisations
- Healthcare providers and clinical teams

Training Where and When You Need It

Our team can deliver training at your workplace, school, community venue or at Midlands Air Ambulance Charity's state-of-the-art training facilities, providing maximum flexibility and minimal disruption to your organisation.

Develop Skills. Build Confidence. Save Lives

Give your team the skills to respond quickly and effectively when every second counts, while supporting the lifesaving work of Midlands Air Ambulance Charity.
