

Firefighters

Gear up safely to be a hero

Personal Protective Equipment
Washing Solutions

Shaping the Sustainable Laundry

It is not only about uniforms

Nothing is left to chance when it comes to our solutions, Electrolux Professional PPE Washers are designed to clean and disinfect of gear so that you are completely safe when in the field.

In the past, firefighters used to have their gear clean manually, this not only is time consuming and risky for the operators, but it does not guarantee an effective and always trustworthy cleanliness and hygiene.

Our decontamination solution significantly reduces the dangerous health risks posed by exposure to carcinogens and other toxic substances and enhance productivity so that you are always prepared to call of duty.

Maximum Hygiene

Efficient and deep clean tackles stubborn contaminants, while extending the life of your gear.

High Productivity

Our solutions quickly wash multiple units at once, saving both time and resources.

Maximum Flexibility

with uniquely designed machines and special programs for all your needs and variety of equipment

**Clean Your Entire Gear:
we have got you covered**

Gloves

Mask

Helmet

Self-contained
breathing apparatus

A powerful ally: always within a reach

Our PPE-UC (Protective Personal Equipment Undercounter Washer) is a compact and modular solution that helps you saving space while providing pristine cleanliness and safety.

PPE-UC

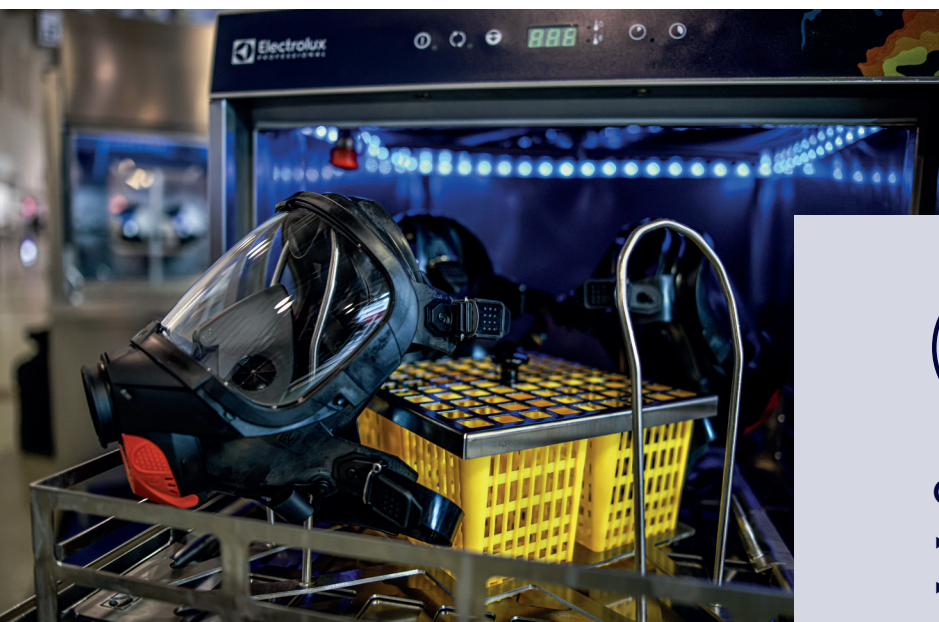

Ensure **maximum hygiene** thanks to our washing system crafted entirely from stainless steel and equipped with dual disinfection rinsing arms.

Optimize Detergent Usage with our automatic dosing system, ensuring cost efficiency and effective cleaning.

Choose from **Three Preset Programs** tailored to different levels of soiling for a customized cleaning experience.

Capacity per hour:

- ▶ 20 Masks
- ▶ 40 Air regulators
- ▶ 5 Backpack Plates
- ▶ 10 Bottles

A champion to conquer bigger challenges

Exponentially level up your productivity with our PPE-L (Protective Personal Equipment Washers - Large). Designed to handle large volumes, it ensures perfectly decontaminated equipment with its modular accessories, keeping you safe during operations.

PPE-L

Achieve sanitation for each piece of equipment without compromising its integrity, thanks to stainless steel, double upper and lower wash arms, and an integrated U-spray system on the side.

Run smooth operation and reduce fatigue and risk of injuries thanks to the PPE L 180° door for which allows **ergonomic loading and unloading**.

Choose from **Four Preset Programs** tailored to different levels of soiling for a customized cleaning experience while keeping cost control thanks to our Detergent automatic dosing system.

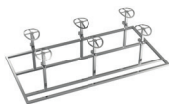

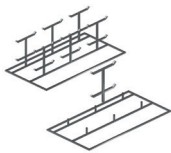

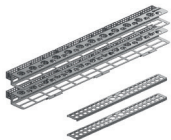

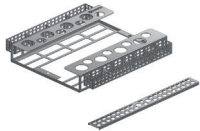

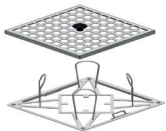

Capacity per hour:

- ▶ 60 Masks
- ▶ 60 Air regulators
- ▶ 30 Backpack plates
- ▶ 80 Bottles

Adapt our solution for your success

Unlock efficiency and flexibility with our modular PPE washers. With accessories tailored to your gear and needs, achieve perfect cleanliness and maximum safety.
