

Police Collection

**The next level
of quality.**

WHEN QUALITY MEANS PERFORMANCE

The **Lytos Professional footwear**, made from fine leathers processed in Italy, guarantees **optimal breathability and comfort**. Perfect for those seeking maximum **performance in extreme conditions**.

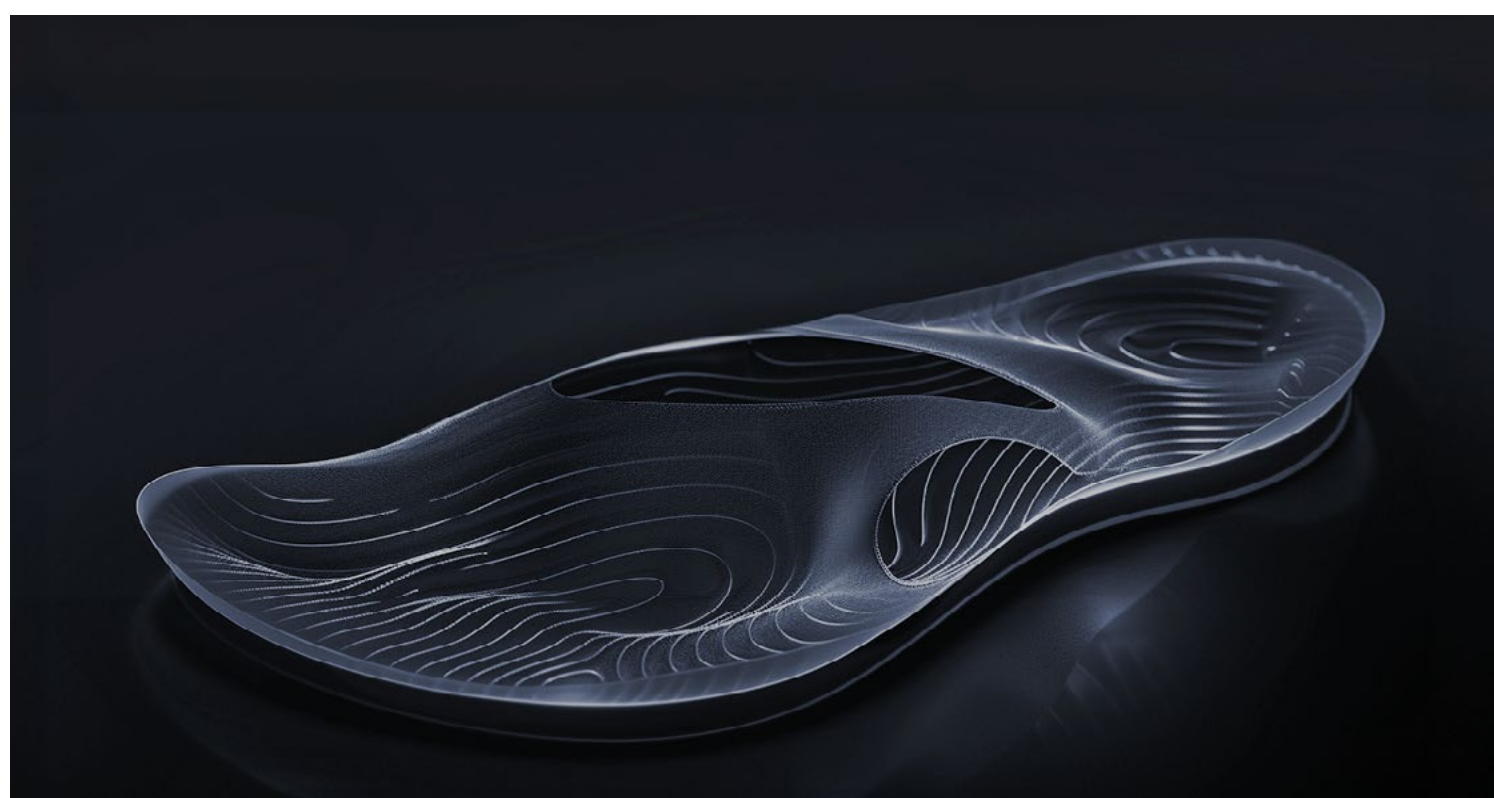

OUR COMMITMENT TO LIGHTNESS

Innovation starts with research. The **R&D team** at **Lytos Professional** develops lightweight, durable footwear using state-of-the-art materials and innovative construction technology. We offer **uncompromising quality and safety**, with some of the best performing shoes on the market.

RECORD WATERPROOFING

Lytos Professional footwear, subjected to **rigorous testing**, guarantees excellent performance even in the hardest conditions. **Innovative materials and construction** processes ensure almost **zero water absorption**, keeping the shoes **lightweight** in wet or rainy environments, with results exceeding industry standards.

DGUV

In addition to safety, we guarantee comfort for professionals with specific needs. **All Lytos Professional models** for Fire, Police, Rescue, Civil Defence and Work are **DGUV 112/191 certified and compatible** with orthopaedic insoles, offering stability and comfort without compromising safety.

ECO FRIENDLY CERTIFIED HIDES

We only work with tanneries able to supply us with hides with the most accredited certifications in the sector such as : **ICEC, OEKO-TEX®, LWG and/or BLAUE ENGEL**.

ECO-COMPATIBLE SPIRIT. PFAS-FREE

Lytos Professional plans ahead: our entire range of footwear conforms to future European standards with regard to **PFAS-FREE** regulations. All materials and manufacturing processes are certified **PFAS FREE** by every one of our selected suppliers.
