The market leader for multi-category compliance

Banner Healthcare is the go-to provider for all healthcare consumables.

With over 50 years' experience and a proven track record of understanding the complex needs within the Healthcare industry, Banner Healthcare can offer an effective workplace solution that seamlessly integrates within your healthcare organisation.

Our expertise enables our dedicated team to respond to your procurement strategies with efficiency, integrity, and sustainability. We specialise in maximising catalogue compliance and unlocking cost savings through an extensive range of compliant routes to market.

1 Consolidate your healthcare consumables

2 Achieve 80% catalogue compliance

3 Channel savings back into frontline services

Achieve **80%** compliance with Banner Healthcare

Achieve **15% to 30%** cost-savings

Dedicated Healthcare Team

Our dedicated team of Healthcare experts will support you to achieve the very best for your organisation.

Making a Sustainable Choice

We will help you identify and purchase products that are less harmful to the world's resources, offer a sustainable choice and give you 100% confidence in Banner Healthcare as a responsible supplier.

Our Sustainable Choice icon is only applied to products that we have judged to meet or exceed a level of sustainable excellence throughout their life-cycle, offering enhanced sustainable or ethical credentials. This covers the selection of raw materials, through production, distribution and final disposal.

A Compliant Route to Market

As a key strategic supplier with frameworks available to the NHS and the wider Healthcare sector, we provide compliant solutions that best meet your healthcare requirements.

Take the Tour

Take the tour through the different healthcare settings, from outside the hospital, through to the atrium and into the ward, to discover the extensive range of healthcare consumables available from Banner Healthcare.

Banner has completed the **NHS Evergreen Sustainable Supplier Assessment**, resulting in a **Level 2: Comprehensive net zero targets and reporting for carbon emissions.**

This is key to supporting us the understand how we align to the NHS's long term sustainability priorities and the pathway to success.

Wholly-Owned

100,000 lines picked per day

12,000 deliveries per day

650,000 square feet of warehousing

Logistical Platform

11 million parcels delivered per annum

£40 million stock holding

490 fleet vehicles

Exterior

Getting things right for staff, patients and visitors starts before they walk through the main entrance.

Cleaning & Hygiene

Outside high footfall areas need to be kept clean at all times. Our wide range of consumable products such as anti-bac hygiene dispensers, hand towels, bin bags, brushes, mops, buckets and cleaning chemicals will provide the solution you need and are available for next working day delivery.

Infection Control

With infection prevention and control vital to any healthcare environment, our infection control products meet a comprehensive range of specialist healthcare requirements to help prevent the spread of infection when entering the building.

Premises & Maintenance

Outside areas of your healthcare setting need to be well maintained for patients and staff, before they enter the building. Managing your premises is not just about staff and visitor movements, it includes clear concise signage, barriers, bins, lighting and much more.

- NHS Supply Chain Tower: *Cleaning Equipment Supplies & Associated Products* (2024/S 000-039165)
