Professional Rescue and Firefighting Helmets

PAB are experts in the development and production of high-tech protective helmets. Established in 1953 with considerable growth over recent decades.

Vimpex is exclusive UK stockholder and distributor for PAB helmets. Together the two businesses are seen as reliable and trustworthy suppliers to the UK emergency services sector.

✓ HIGH-TECH MATERIALS

Using only the highest quality, flame-retardant materials, PAB helmets are designed for the harshest conditions.

✓ EXCELLENT DESIGN

From initial concept sketches to production of the final product, PAB's in-house product designers focus on research, development, testing, and production of premium quality protective helmets and helmet accessories. PAB constantly seek the perfect balance between safety, functionality, comfort, and design.

✓ EASE OF USE

PAB products are equipped with a simple and reliable helmet adjustment system. Easy attachment of the accessories makes PAB helmets extremely versatile and customisable.

Fully certified for professional technical rescue and firefighting applications.
