

Specialised Gear for Safe and Effective Water Rescue Operations

NRS is a leading manufacturer in the water rescue industry, offering products designed for extreme conditions where reliability and performance are critical.

With 50 years of experience in the design and manufacturing of personal flotation devices (PFDs), dry suits, helmets, throw bags, footwear, and other essential rescue hardware, NRS provides the most durable and reliable equipment for rescue teams working in challenging water environments.

Whether in swift-water rescue, flood response, or general water-based emergencies, NRS's gear is built to keep rescue teams safe and effective.
