

**TACTICAL
BRILLIANCE.**

THE NEW TAC-SERIES

THE NEW TAC-SERIES: WHEN LIGHT MATTERS.

Tactical Brilliance: With our TAC-series, nothing is left to chance. Whether you depend on tactical light at your job as a member of the police, special forces or a security company or need additional light when hunting or prepping in your free time – when light matters, our TAC-series flashlights have your back.

TAC7R

ITEM NO. 503053

MULTI-LENS
TECHNOLOGY

MODE SELECT RING

RED | GREEN | BLUE LIGHT

☀ 3200 lm¹ - 100 lm¹
☞ 370 m¹ - 20 lm¹

With the TAC7R, nothing can go wrong. It is robust, easy to use thanks to the Mode Select Ring and tactical End Cap Switch and comes with additional RGB light—and thus ideal for members of the police, safety or security forces. Thanks to our Multi-Lens Technology, you can even choose between a tactical light pattern combining flood and spotlight or use either one individually.

TAC6R

ITEM NO. 503052

MULTI-LENS
TECHNOLOGY

TACTICAL
END CAP SWITCH

☀ 2000 lm¹ - 100 lm¹
☞ 370 m¹ - 20 lm¹

With the extremely compact TAC6R, you are ready for your next mission, hunting or prepping adventure. It comes with a tactical End Cap Switch for intuitive, rapid control as well as a strong battery and hard-anodized aluminium housing. Thanks to our Multi-Lens Technology, you can even choose between a multi-mission tactical beam combining flood and spotlight or use either one individually.

TT3R

ITEM NO. 503187

MODE SELECT RING

RED | GREEN | BLUE LIGHT

☀ 1900 lm¹ - 120 lm¹
☞ 300 m¹ - 80 lm¹

The TT3R was designed with police and special forces, security personnel, emergency services, hunters, preppers and EDC enthusiasts in mind. Its multi-mission tactical beam combining flood and spotlight is ideal for tactical operations. Last, but not least, the TT3R is robust, easy to operate and has additional red and blue light as well as light functions such as strobe.

TAC SERIES: ACCESSORIES

MULTI-MISSION TACTICAL BEAM

Engineered for the best light performance in every tactical environment, with additional modes² for close-range ID checks and long-distance illumination.

INTUITIVE, RAPID CONTROL

The TAC-series stands for intuitive, rapid control: Instant access to the right mode, even under pressure or with gloves on – because every second counts.

RUGGED & ACTION-READY

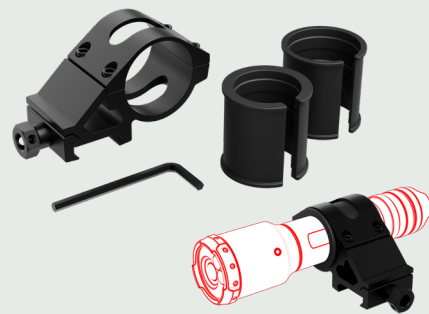

Built to military standards, proven in the harshest conditions, always ready for duty.

Picatinny Rail Mount

ITEM NO. 503188 : TYPE A

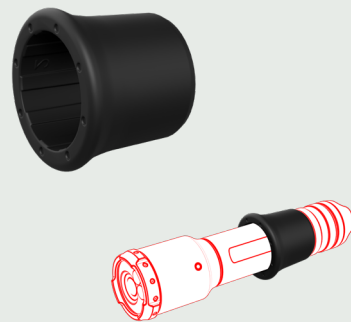

The Picatinny Rail Mount allows you to attach your TAC7R, TAC6R, TT3R and any torches with a diameter between 25 and 29 mm to a Picatinny rail.

Recoil Ring

ITEM NO. 503189 : TYPE A
ITEM NO. 503190 : TYPE B

Easily attach the Recoil Ring to your torch to improve your grip. Made of non-slip rubber and fits your TAC6R. Use it even with cold or wet hands and when wearing gloves.

Finger Ring

ITEM NO. 503191 : TYPE A
ITEM NO. 503193 : TYPE B

The Finger Ring easily attaches to your TAC6R and guarantees maximum precision and control in tactical use, even when changing grips or using different holding techniques.

Tactical Professional Holster

ITEM NO. 503193 : TYPE D

Easily attach your torch to your belt and safely store it when it is not in use. Handy quick-release fastener and stopping lever for additional safety. Adjust to different belt widths and rotate the fastened torch to the most convenient position.

Remote Switch

ITEM NO. 503194 : TYPE H
ITEM NO. 503197 : TYPE I

Easily attaches to your TAC6R. Switch it on silently and precisely. Two separate buttons for either momentary or constant light. Easy to use even with gloves or in the cold.
