Hygiene Solutions

We are committed to offering safe and hygienic solutions to break the chain of infection, in the areas of toileting, bathing, continence care, and surface cleaning & disinfection.

KEY Throughout this brochure we have used icons to illustrate specific product information.

Indicates the product forms part of the Vernacare disposable full system solution.

Indicates the product's capacity

The product has measurement markings

The product is stackable

The product can be used with a lid

Indicates the case quantity

The product requires assembly and maintenance

Indicates water usage

Indicates cycle time

Indicates maximum amount of items per cycle

Indicates the product has barrier protection

The product is 100% plastic free

This product is flushable

This product is maceratable

Indicates this product is a wet wipe

Indicates this product is a dry wipe

This product is suitable for babies over 3 months

Toileting

Innovative solutions that help reduce the risk of cross-infection, making human waste management a safer, easier and more dignified experience for everyone involved.

Disposable medical pulp containers

The world's largest range of market-leading disposable medical pulp containers, designed to replace reusable plastic or stainless steel alternatives; delivering an environmentally-friendly and cost-effective solution for infection prevention.

Toileting

Male Urinal Bottle (Round)

For independent toileting, providing convenience, dignity and comfort to patients. Ergonomically shaped traditional design.

Case Quantity: 100

NPC Code: FWV068

Product Code: 102AA100

Male Urinal Bottle (Square)

For independent toileting, providing convenience, dignity and comfort to patients. Square design stands upright if required.

Case Quantity: 120

NPC Code: FWV065

Product Code: 103AA120

VernaFem - Female Urinal

A female urinal designed to enhance patient independence and offers a practical alternative to catheterisation.

Case Quantity: 24

NPC Code: FWV182

Product Code: 108AA024

Bedpan Pro Liner

To be used with the Bedpan Support (122AA050). Ideal for general toileting of patients and can be used either in bed or in a commode chair.

Case Quantity: 75

NPC Code: FWV146

Product Code: 121AA075

Bedpan Pro Support

To be used alongside the Bedpan Pro Liner (121AA075) with patients under 15 stone / 210lbs / 95kgs.

Case Quantity: 50

NPC Code: FWV147

Product Code: 122AA050

Liners

Traditional Bedpan Liner

Used for toileting of patients and can be used either in bed or in a commode chair.

Case Quantity: 100

NPC Code: FSE151

Product Code: 101AA100

Commode Bedpan Liner

Use for toileting of patients in a commode chair. (See page 12 for commode chairs)

Case Quantity: 150

NPC Code: FWV148

Product Code: 123AA150

Midi Slipper Pan Liner

Medium sized slipper pan liner, used for general toileting of patients with limited mobility in bed. Wedge-shaped design slips underneath patient without lifting or rolling.

Case Quantity: 100

NPC Code: FSE014

Product Code: 109AA100

Maxi Slipper Pan Liner

Large sized slipper pan liner, ideal for general toileting of patients with limited mobility in bed. Wedge-shaped design slips underneath patient without lifting or rolling.

Case Quantity: 100

NPC Code: FSE015

Product Code: 114AA100

Supports available

Item	Description	NPC Code	Code
Bedpan Liner Pro Support	Use with the Bedpan Liner Pro (121AA075) with patients over 15 stone / 210lbs / 95kgs	FWV149	306ZP001

Product Code	537ZA001

Body fluid spill kit

VernaGel is a superabsorbent polymer with rapid absorption properties, which stabilises bodily fluids and other medical waste in seconds, transforming them into an easily transportable semi-solid gel.

- Eases nurses' workloads
- Reduces risk of cross infection
- Helps minimise residual odours
- Prevents spillages and accidents

VernaGel is ideal to use in almost every kind of healthcare situation where fluids are present. VernaGel can be disposed of in:

- Hospital macerators
- Clinical waste
- Sharps bins

VernaGel 100 Sachets

Each 7g sachet will absorb up to 1.2L of liquid. Ideal for use in urinals, bedpans and bowls. Also suitable for use in colostomy bags.

Product Code: 450SC100 (1 singular product)
NPC Code: HFL8662

VernaGel Shaker

Recommended for use on floor spillages. Also suitable for use in sharps, sanitary waste and liquid medicine disposal containers.

- 475g

Product Code: 456MA475 (1 singular product)
NPC Code: HFL8664

VernaGel Large Tub

Ideal for use on floor spillages. Also suitable for use in sharps, sanitary waste and liquid medicine disposal containers.

- 4kg

Product Code: 456MA400 (1 singular product)
NPC Code: HFL8663

Storage

A comprehensive and flexible range of wall-mounted racking solutions for efficient storage of our disposable pulp containers and supports.

Male Urinal Bottle Holder

Rack for storing an individual male urinal at the end of a patient's bed. Suitable for use with both sizes/designs of male urinal bottle.

NPC Code: FSE029

Product Code: 504ZS001

Male Urinal Bottle (Square) Dispenser Rack

Wall-mounted rack removes items from surfaces. Suitable for use with square male urinal bottles.

NPC Code: FSE033

Product Code: 508ZS001

Male Urinal Bottle (Round) Dispenser Rack

Wall-mounted rack removes items from surfaces. Suitable for use with round male urinal bottles.

NPC Code: FSE034

Product Code: 509ZS001

VernaFem - Female Urinal Dispenser Rack

Wall-mounted rack removes items from surfaces. Suitable for use with female urinals.

Product Code: 511ZS001

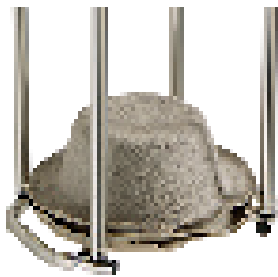

Small Bowl Dispenser Rack

Wall-mounted rack removes items from surfaces. Suitable for use with small bowl or measuring jug.

NPC Code: FSE030

Product Code: 505ZS001

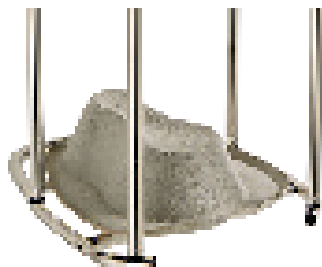

Medium Bowl Dispenser Rack

Wall-mounted rack removes items from surfaces. Suitable for use with medium bowl.

NPC Code: FSE035

Product Code: 515ZS001

Large Pulp Dispenser Rack

Wall-mounted rack removes items from surfaces. Suitable for use with all bedpan liners, slipper pan liners, large bowls and the Maxi-Washbowl.

NPC Code: FSE027

Product Code: 502ZS001

WashBowl Dispenser Rack

Wall-mounted rack removes items from surfaces. Suitable for use with detergent proof wash bowls.

NPC Code: FSE112

Product Code: 510ZS001

Hospital Macerators

Market leading range of hospital macerators that utilise patented SmartFlow™ Technology to deliver unparalleled performance, ensuring free flowing drains.

Compact range

Our next-generation, space-efficient and completely contactless solution for human waste management. The Compact's slimline modern design is ideal for areas where space is limited - intelligent infection prevention, precisely where you need it.

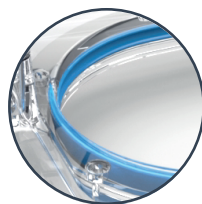

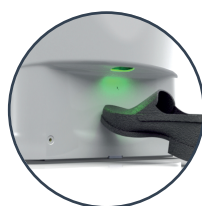

COMPACT+

VERNACARE'S NEXT GENERATION HOSPITAL MACERATOR

Supporting intelligent infection prevention

WHY CHOOSE COMPACT+?

- Prevents aerosolisation of potentially harmful pathogens with an inflatable lid seal.
- Minimises the risk of spillage and splashback with a user-friendly lid which has a wider opening and deeper drum for easier disposal.
- Easy to clean with a modern aesthetic design and large smooth surfaces and minimal grooves.
- Reduces the risk of cross-infection by completely eliminating contact with the machine.
- Saves space in crowded sluice/dirty utility rooms with an elliptical drum.
- Minimises downtime with advanced diagnostics and a self-diagnosing screen.

SMARTFLOW™
TECHNOLOGY

Designed to ensure a fast, even flow, SmartFlow™ Technology is a unique maceration system that ensures waste is only released to drain once maximum water dispersion has been achieved. Through continued action inside the sealed drum, the particle size is minimised, ensuring no dry or bulky material can pass into the pipework. SmartFlow™ allows Vernacare machines to discharge waste 4 times faster than alternative macerators available on the market.

COMPACT

Infection prevention precisely where you need it

Offering the same benefits as the Compact+, the Compact is the smallest, most space-efficient hospital macerator on the market, providing a safe and hygienic solution at the point of care. Key features include:

- Energy efficient: Processes one pulp item using only 10 litres of water
- Quiet operation: The quietest macerator on the market
- Multiple installation options: Wall-mounted, free standing, or built-in to a wall recess to save valuable space

WHY CHOOSE COMPACT?

The Vernacare Compact is ideal for low usage areas and offers convenient disposal at the point of use. By minimising transportation of used bedpans/urinals the risk of cross-infection is reduced and patient dignity is maintained.

The unit is ideal for:

- Patient bathrooms
- Isolation rooms and barrier nursing
- Specialist areas such as paediatrics, radiology, x-ray, dialysis and chemotherapy

Designed to ensure a fast, even flow, SmartFlow™ Technoogy is a unique maceration system that ensures waste is only released to drain once maximum water dispersion has been achieved. Through continued action inside the sealed drum, the particle size is minimised, ensuring no dry or bulky material can pass into the pipework. SmartFlow™ allows Vernacare machines to discharge waste 4 times faster than alternative macerators available on the market.

Vortex range

Vortex hospital macerators offer the ideal solution for human waste management in any sluice room, utilising unique SmartFlow™ Technology to deliver unparalleled performance.

VORTEX+

Designed for the quick and safe disposal of medical pulp containers such as bedpans, urinals and bowls. The Vortex+ has completely hands free opening and closing, reducing the risk of cross infection. The foot sensor opening and closing function increases efficiency and eliminates contact with the unit.
