WELCOME TO OTTERBOX BUSINESS

For over two decades, OtterBox has delivered rugged, reliable protective solutions trusted by leading enterprises and organisations worldwide. Along the way, our expertise in device protection, custom solutions and customer support has grown exponentially.

Whether in hospitals, clinics, or in the field, clinicians depend on mobile devices to deliver timely, accurate care. OtterBox Business provides phone cases and tablet cases, charging solutions and accessories designed to keep those devices safe, clean, and operational – no matter how demanding the environment.

WHY OTTERBOX?

DROP PROTECTION

Every case is meticulously designed and built to perform for modern life and businesses, with **24+** rigorous lab tests, **238+** test hours, and **300+** patents driving innovation.

BUILT FOR THE DEMANDS OF HEALTHCARE ENVIRONMENTS

DEVICE PROTECTION

Equip your teams with a full range of rugged cases, screen protectors, and charging solutions – customised to your business needs.

INCREASE EFFICIENCY

We protect the products that keep you running, reducing downtime so you can do more. Our products have been designed to stand up to the rigours of the Healthcare industry.

MAXIMISE ROI ON TECH INVESTMENTS

Reduce device breakage, minimise downtime, and lower total cost of ownership with rugged accessories that extend the lifecycle of your business-critical technology.

BUILT FOR HEALTHCARE ENVIRONMENTS

OtterBox solutions are created with chemically tolerant materials that withstand repeated disinfection with commonly used wipes and sprays in clinical settings.

PROTECTION FROM LIQUIDS & CONTAMINANTS

OtterBox provides sealed, 360° protection with port covers, built in screen solutions, and IP68 rated designs that keep devices clean, dry, and safeguarded in unpredictable clinical environments.

DESIGNED FOR EFFICIENT CLINICAL WORKFLOW

OtterBox solutions help clinicians move quickly and work hands-free, with features that support barcode scanning and gloved typing use, while adjustable straps and stands keep devices secure and accessible.

ABOUT OTTERBOX

OTTERBOX
BUSINESS

DROP PROTECTION

[Back to](#) [Why OtterBox](#)

With over 27 years of engineering expertise, we design every case to meet the demands of modern businesses.

Each OtterBox case is rigorously tested to Military Standard to meet the highest standards of durability, performance, and compliance.

TESTED TO MILITARY STANDARD

Military Standard (MIL-STD) is a series of tests designed by the U.S. Department of Defense to determine the overall durability of a product.

It requires a case and device to be dropped 26 times from 4 feet, targeting all sides through multiple impacts.

At OtterBox, we up the ante by running the MIL-STD test over and over and over.

When you see **1X**, **2X**, **3X**, **4X**, **5X DROP+** next to one of our cases, this means that we fatigue tested our cases again and again to ensure they survive drop after drop.

TESTED BY US. BUILT FOR YOU.

24+
different tests

300+
patents

protection

PRO PACK

Back to [Why OtterBox](#)

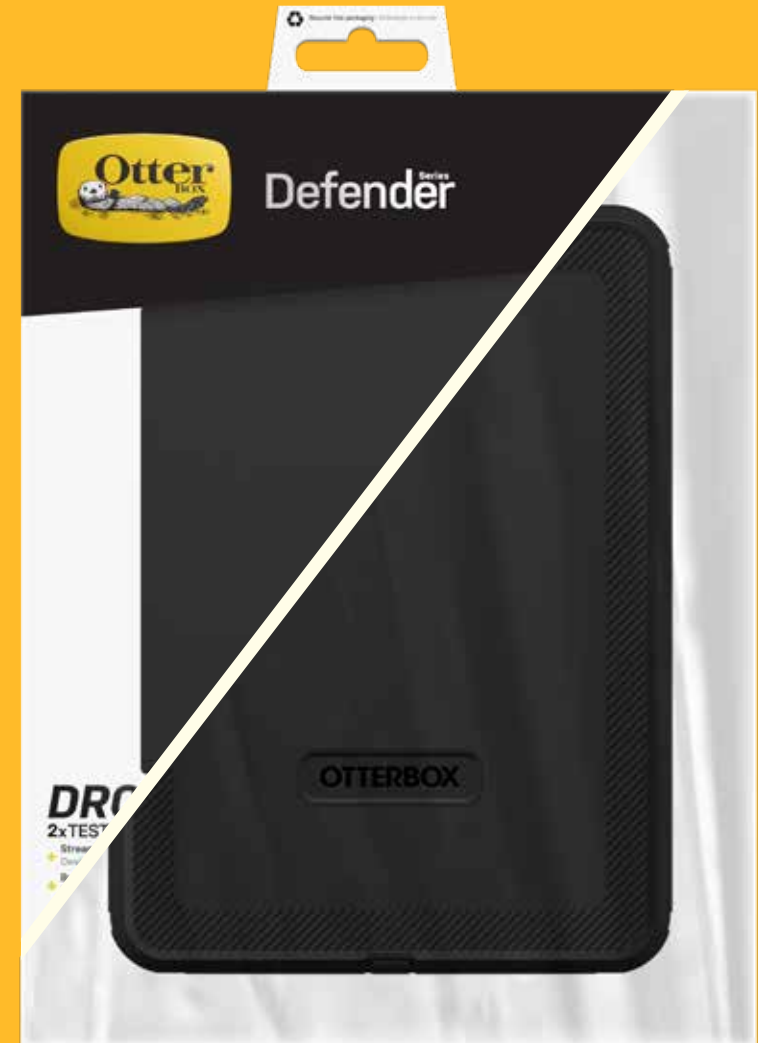

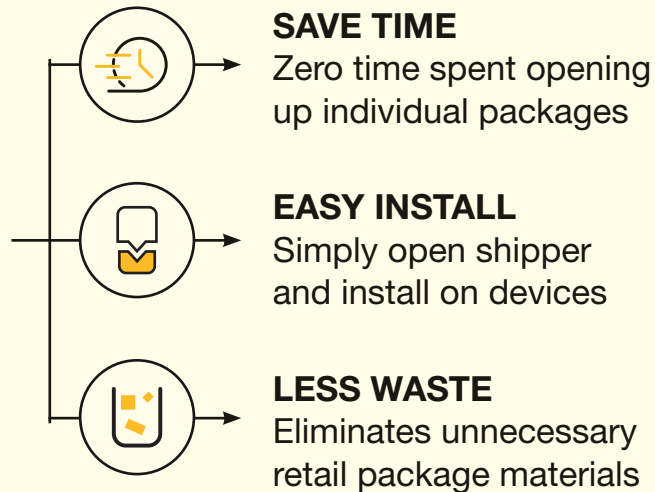

SAVE TIME. CUT WASTE.

PRO Pack represents OtterBox's pledge to reduce environmental impacts by curtailing packaging waste.

Choose these streamlined, time-saving packaging options and help us move closer to a more sustainable future.

Our logo on the PRO Pack sleeve ensures that you're receiving certified OtterBox products.

PRO PACK BENEFITS

SUSTAINABILITY

Back to [Why OtterBox](#)

This planet is a shared resource, and a shared responsibility.

At Otter Products, we've taken concrete steps to reduce our impact, enhance our processes, and improve our stewardship. Not because we had to – because it's the right thing to do.

INTERNAL EFFICIENCIES

We identified and eliminated waste, from the breakroom, to the warehouse, to the boardroom. In 2024, our main distribution centre waste reached over **90% diversion rate** from the landfill. The distribution centre are also focused on overall waste reduction, and from 2023 to 2024 the facility **reduced the overall waste-to-landfill amount by 54%**.

REIMAGINING OUR PRODUCTS

Today, our most popular smartphone designs contain **over 40% recycled content**. Following routine audits and rigorous testing to prove they contain recycled content, we're proud that certain OtterBox products have earned an Environmental Claim Validation for Recycled Content from UL, one of the most respected third-party testing and validation bodies.

ECOVADIS AWARD

Each year, we undergo a thorough assessment of our sustainability practices through EcoVadis, a global standard for business sustainability ratings. The assessment includes 21 criteria across four core themes: Environment, Labor & Human Rights, Ethics and Sustainable Procurement. In our latest rating, completed in June 2026, we renewed our Committed Badge that demonstrates our progress and dedication toward advancing our sustainability efforts across the business.

SMARTER PACKAGING

We redesigned our retail packaging to replace nearly all plastic with materials that are fully recyclable and ready for your at-home recycling bin. Our new packaging takes up a lot less space on a shipping pallet. That lets us stack more phone cases, screen protectors, chargers and cable products into each load, which reduces delivery emissions.

GIVING BACK

Back to [Why OtterBox](#)

We measure our success as a company by our ability to give back. Through the OtterCares Foundation we invest in programs and projects that inspire kids to be entrepreneurs, philanthropists, makers, doers and givers. This is how we Ignite Tomorrow Today. Through the OtterCares Foundation we invest in programs such as Project Heart and projects that inspire kids to be entrepreneurs, philanthropists, makers, doers and givers.

WE CLOSE OUR DOORS TO OPEN OUR HEARTS

Once a year, for one day, the entire Otter Products corporation closes all offices across the globe. Employees spread out into their communities to spend the day giving back through hands-on volunteering with schools, students and non-profits.

IN 2025

540 Otters

PERTH CHILDREN'S HOSPITAL: DEVICE PROTECTION BUILT FOR HEALTHCARE

Perth Children's Hospital is Western Australia's specialist paediatric hospital and trauma centre, providing medical care to children and adolescents up to 16 years of age.

THE CHALLENGE:

Centres for Disease Control and Prevention recommend cleaning and disinfecting frequently touched surfaces to eliminate bacteria, dirt and viruses – this includes phones and tablets. We've subjected all of our products to rigorous testing* to ensure that regular sterilisation does not impact their performance.

THE SOLUTION:

To safeguard critical mobile devices, Perth Children's Hospital deployed OtterBox Symmetry Series cases for Samsung Galaxy S9 and S10 smartphones, ensuring durable drop protection and easy cleaning to meet strict healthcare hygiene standards.

*With Caviwipe, Purell, Rubbing Alcohol 70% (Curad)

SECTOR: Healthcare

KEY CHALLENGES:

Protecting the hospital's technology investments

BENEFITS FOR THE ORGANISATION:

Protects devices from damage caused by drops and impacts, and enables compliance with strict hygiene standards in a medical environment

OTTERBOX SOLUTION:
