"NHS Grampian purchased the HiHo 1000W Web Cam to support video consultations by clinical staff in the acute sector, General Practitioners, and by staff who work in the community. This webcam has proved to be just what the clinicians were looking for as they plug it in and it works. It was delivered on time and at a very good price.

Keep up the good work and thank you to all the NB Data team for their support."

Derek Adie, Senior Technical Analyst / Team Leader (Telecoms)
