

HIGH VISIBILITY MARKINGS

PRODUCTS & SERVICES

INTRODUCTION TO PVL

Market leading suppliers to the emergency services and commercial fleets.

For over 21 years we have offered our award winning, industry leading service and innovation in vehicle graphics.

“With specific expertise in high visibility reflective graphics, we have grown to service the largest market share in the Police and Ambulance market in the UK, and now look after clients in the emergency service and highways markets through Europe, Middle East and beyond”

Nick Broom, CEO

EMERGENCY SERVICES VEHICLES

With our customer focussed service we have become the supplier of choice for the UK blue light sector.

Our high visibility all-weather markings are manufactured to fit every vehicle exactly in highly reflective and non-reflective materials using the best products available.

"The high impact, new design has been really well-received, and St. John Ambulance are rolling the design out across their brand-new fleet. You will be able to see them on the road very soon, saving lives"

Using the best quality materials, we can provide Chapter 8 chevrons in kit form or supply and fit from one-offs to large fleets.

Visit www.vehiclechevrons.com for:

- A huge range of kits for the most popular vans and cars
- Side stripe
- Door edging
- Chevron boards
- Magnetic kits
- Highway maintenance text
- Light-bars and hazard warning lights

"The guys at VehicleChevrons.com really pulled it out of the bag for me, thanks again A"*

CHAPTER 8 REAR CHEVRONS

COMMERCIAL FLEET GRAPHICS

PVL offer the following:

- A full nationwide fitting and re-branding service
- Full project management
- Dedicated sales support with a single point of contact for each project
- Ongoing support through replacement and spare part supply
- Full or partial printed wraps
- Full or partial colour change wraps
- Pre-cut graphics
- Eco and sustainable products

We ensure that one of your most valuable assets, that can be seen by over 3,000 people per day, is an extension of your brand.

"Our team combine many years of technical and practical experience with the latest technology and working practices to ensure our customers receive the finest quality, fit and durability from the livery we create."

Nick Broom, CEO

SIGNAGE & GRAPHICS

Our specialist division, Art D'Signs, have over 45 years experience in producing and installing signage in a wide range of materials, from small to large. This includes:

- Shop fronts
- Interior branding
- Window graphics
- Floor graphics
- Printed wall paper
- Building signage
- Illuminated signs

ARCHITECTURAL

Using Architectural vinyl, available in a wide combination of patterns and textures (over 1,500 styles), we can change the look of many surfaces and substrates, including:

- Interior and exterior walls
- Doors
- Office furniture including desks and cupboards
- Hotel furniture, including beds and vanity units
- Lift doors and surrounds
- Table tops
- Bannisters
- Window manifestation

"The team at PVL are a pleasure to deal with. They are professional, understand our requirements and do everything they can to deliver on those. We look forward to building on that relationship over the coming year"

PVL are the sole global supplier of Mirage™ Thermal Film ID. We can supply complete roof ID markings as a pre-cut kit, which can be retrospectively fitted to existing vehicles as well as new builds, through a secure supply chain.

MIRAGE™

Key benefits of Mirage™ thermal vehicle ID film:

- 24/7 all-weather operation
- Highly visible with both medium and long wave thermal infrared imaging
- Improved operational tempo and effectiveness
- Improved situational awareness
- Fewer resources required to successfully prosecute the operation
- Compatible with conventional roof marking materials and application techniques
- No power or vehicle modifications required

"It's been a pleasure to deal with PVL; I feel you have provided excellent customer service with prompt and helpful communication"

www.mirage-uk.com

PVL has achieved and maintains the highest possible standard of converter status with all the material manufacturers, which enables us to supply and warrant the full range of materials recommended.

All livery kits supplied (whether supply only or supply and fit) by PVL are supported by a fully comprehensive warranty.
