INTRODUCING STEAM SKY

RAMS FM now offer a Dry Steam Cleaning service to complement and expand our range of specialist cleaning services.

Steam Sky enables us to safely reach heights of up to 15 metres

Environmentally friendly - No cleaning chemicals required and low water consumption

Delivers a hygienic clean - Even in hard to reach places

Extremely versatile - Can be used to clean hard and soft surfaces.

Deodorises and sanitises - Effectively removes bacteria, mould, yeast and fungi without chemicals

ABOUT US

RAMS FM are an established, reactive cleaning specialist that have vast experience in delivering a quality service to satisfy your high expectations. Whether you are looking for a specialist clean that needs to be done at a moments notice or a periodic clean, we are here to help.

As a specialist managed solutions provider, RAMS FM offers our clients a total facilities management package including (but not limited to) sanitising services, trauma cleaning, deep cleaning, waste management and graffiti removal. Our excellent reputation means we are trusted by Facilities Management companies, Housing Associations and Estate Agents across the UK.

With our Head Office located in West Byfleet, Surrey and satellite offices in Doncaster and Glasgow, we can provide you with a quality, flexible service throughout the UK and Northern Ireland.

RAMS FM Makes Cleaning Easier.
