Medical Bags

National IPC Bags for Emergency Services

INFECTION CONTROL QUALITIES

The National IPC range combines quality, innovation and infection control. The IPC Range follows strict infection control criteria:

- IPC compliant wipe clean materials
- Velcro free
- Medical grade tin foil interior
- Waterproof and tamperproof zips
- Anti-rot stitching

DESIGNED WITH FRONT LINE STAFF

- Logical kit layout and presentation
- Lightweight and compact size
- Tough, durable materials
- Adaptable internal pouches
- Precisely sized for equipment
- Flexible carrying options

The Range has been designed with input from Make Ready Teams, Paramedics, Search and Rescue and First Responders.
