City & Guilds

City&Guilts NVQs in Construction

Are you looking to take the next step in your Construction career, why not explore our NVQ suite of courses. OMS are accredited to deliver a range of highly popular qualifications designed to help individuals develop their talents and abilities to support their career progression.

City & Guilds

Level 4 NVQ Diploma in Construction Site Supervision (Construction)(Building and Civil Engineering)

(6577 - 01)

This competence based qualification will help you to develop the skills needed to be a qualified and effective supervisor. There is a selection of mandatory and optional units to choose from, depending on the pathway you choose.

You are already in a busy role which is why this NVQ is highly flexible and can be completed in your own time around your workload. The NVQ has no set time limit to complete.

You can complete the Site Supervisor qualification mostly remotely, uploading all evidence to our NVQ portal, communicating with your assessor over a video call, phone call or email. Any units that need to be completed face-to-face will be arranged at your workplace.

Your assessor will help you plan how you can gain all the evidence needed to complete the qualification.

£1,650 +vat

City & Guilds

Level 6 NVQ Diploma in Construction Site Management (Construction) - Building and Civil Engineering

(6578 - 01)

The NVQ Level 6 in Construction Site Management is a competence-based qualification for working in the construction sector. You can use the NVQ to provide evidence of your competency in your role as a Site Manager in the construction sector.

You will cover aspects such as planning work, health & safety, quality control and relationship management.

This NVQ is highly flexible and can be completed in your own time. You can organise gathering evidence and communications with your assessor around your workload.

You will work through each of the units, providing the required evidence, which collectively will form your portfolio.

By completing the course, you will gain the sought after CSCS Black Manager card, along with the certificate demonstrating competence to the national standard.

£1,800 +vat

Industry-leading skills development

City & Guilds are a industry-leading skills development organisation, providing a range of accredited courses and programmes to trainees that are valued by employers across the world.

City & Guilds

Level 2 NVQ in Construction and Civil Engineering Operations (Construction) - Modular Pavement Construction

(3574 - 21)

Designed to assess occupational competence in the workplace. Learners are required to demonstrate their skills, knowledge and experience laying modular paving.

On average it may take between 10-12 months to complete this qualification. You will undertake the NVQ at your site and be assessed remotely or at site if needed.

Your assessor will also maintain regular contact by phone, text message and email. Your assessor will provide support throughout the assessment process to ensure timely completion of your NVQ.

Once completed you will be awarded a certificate to demonstrate competence to the national standard.

£1,200 +vat

City & Guilds

Level 3 NVQ Diploma in Occupational Work Supervision (Construction)

(6576 - 04)

A competence-based qualification for the construction sector.

To fulfil the role effectively occupational works supervisors need organisational, supervisory and technical abilities, and need to be able to establish, develop and maintain good working relationships with people.

This qualification will assess competence in your current job role as a Construction Work Supervisor, or Assistant Construction Supervisor.

You will gather evidence with guidance from your assessor, who will also review your progression, keep you on track and advise you throughout.

This qualification can be completed remotely or on site, flexibly at your own pace.

£1,350 +vat

Grant Availability

Companies who are CITB registered, can claim the CITB Grant for the above NVQ qualifications. The CITB grant is available to eligible companies who can claim £600.00, but they will need to make a manual claim themselves retrospectively.
