UK WALK IN SHOWROOM

The new UK facility provides the ability to showcase, demonstrate, stock and service its vast array of X-ray products.

THE “A” TEAM

Meet the UK team and understand the vision for the future of ADANI Ltd.

NEW UK FACILITY FULLY OPERATIONAL

ADANI Ltd has successfully completed its relocation and set up in Kent for the management of its regions of responsibility, which include UK, Europe, Africa and Australasia.

Boasting one of the UK's only walk in showrooms for X-ray technology products, it certainly stands proud on entry into Thanet.

CATCH UP WITH...

Lets catch up with Gary Bolton, Service Engineer at ADANI Ltd.

ADANI Ltd now offers one of the UK's only walk in showrooms for X-ray products. ADANI Ltd has never been in a better position to support its clients, partners and future End Users than it is now. From product demonstrations, service & operator training, to in-house product development and testing.

The Kent based facility is now fully operational and is supporting its customers across its whole region of responsibility.

The purpose of the UK facility and the highly driven UK team, is to hold up and manage a company that punches well above its weight. This is proven with our portfolio growth across all of the regions of responsibility and the constant development of industry leading technology.

-Chris Howard, Account Manager, ADANI Ltd.

ADANI Ltd is one of 6 global sites under the LINEV ADANI Group of companies. Reaching far beyond its UK borders, ADANI Ltd now has full responsibility for the regions of the UK, Europe, Africa and Australasia.

SELF EFFICIENCY WITH:

01

Baggage Scanners

02

Body Scanners

03

Service & Operator Training

04

Software Demos

The Linev Group of companies are a self-organising and evolving innovation ecosystem, a new era corporation that provides high-technology benefits for businesses, consumers and the world's society.

ADANI Ltd encourages its Employees to unleash and fulfil their potential, become leaders and develop innovative high technology solutions. Improving the way society addresses health, the standard of life and increase safety and security of today's world.

I joined the team in pursuit of self development and I can truly say in such a short space of time, my career development map is set, being travelled and I'm in reach of achieving my goals thanks to the opportunity given to the UK staff.

-Debbie Else, Office/Operations Manager, ADANI Ltd.

Back (L-R): Gary Bolton, Chris Howard, Jim Hardy, Debbie Else, Petre Gologan, Adam Pickup-Gerlaugh. Front (L-R): Rob Keeler, Valentin Ihnatchyk.

COMPANY STRATEGY:

01

Customer Value

02

Exceeding Expectations

03

Employee Value

04

Promoting Leadership

Gary joined the UK team at the start of the year after 20 years with Cummings, the world leading power-generator manufacturer.

Since joining, Gary has undergone intensive systems training at our High-Tech manufacturing facility in Minsk, Belarus and has also been involved with the critical support applied to these world leading body scanners throughout the UK prisons.

His upcoming installations include Sierra Leone, Angola and Botswana.

Working for a company that has such an innovative vision, and dedicates its mission to the improvement of human life through technological advancement is humbling and rewarding. It was a big decision for me to leave my previous company and to join the ADANI Ltd team, especially during times of uncertainty, but I'm glad I did.

-Gary Bolton, Service Engineer, ADANI Ltd.

One of Gary's first responsibilities when joining the UK team, was to fully understand the Compass Smart Body Scanner and to be capable of installing, commissioning, servicing the systems globally at a moments notice.

JOB HIGHLIGHTS:

01

ADANI family ethos

02

Travel opportunities
