

QAB Systems Announces Availability of Twin Mesh (SR2) Bracket

QAB/SR2

ISE 2022- 27th 28th September- QAB Systems announces the release of the Twin Mesh Lifting bracket

Positive Customer Impact

Many customers have already benefited from deploying the 358 lifting brackets. Many companies in the UK have already committed to using QAB Systems innovative lifting, fall protection and access equipment.

The Twin Mesh (SR2) will enable customers to safely lift heavy twin mesh fence panels into place.

Twin Mesh Bracket Availability

Twin Mesh Bracket is an update to the range driven by customer feedback and is part of QAB Systems commitment to deliver the latest products for client safety.

The Twin Mesh Bracket will be available to purchase from QAB Systems after the International Security Expo 2022.

QAB Systems founded by Chris Johnstone in 2013, are innovators of access and lifting systems for security mesh products and specialists in Work at Height and Confined space solutions.
